

**RADIO ANNOUNCEMENT FOR FY2022/2023 CLIDP, PRO-POOR AND SAND DAM PUBLIC PARTICIPATION TO BE HELD ON 19<sup>TH</sup> JANUARY 2023 AT THE VILLAGE.**

County Government of Kitui wishes to inform the residents and stakeholders of Kitui County that it will be implementing Community Level Infrastructure Development Programme (CLIDP) together with Pro-poor fee support beneficiary identification and identification of sand dam sites for FY2022/2023.

Pro-poor is a flagship initiative to ensure increased access, transition and retention of learners ultimately enhancing education performance in the County.

CLIDP projects are meant to promote equitable development across all the County's 40 wards and 247 villages. All projects are in line with the 16-sector priorities on development and transformation of Kitui by the Governor, H.E Dr. Julius Makau Malombe.

The sand dam program will provide water for multipurpose use including irrigation development, domestic use and environmental greening. All these County projects should be identified and prioritized by the public through public participation barazas at the village level.

Kitui residents and stakeholders are therefore informed that, the public participation barazas for CLIDP projects' identification and prioritization together with identification of pro-poor beneficiaries and identification of sand dam sites will be held on 19<sup>th</sup> January 2023 at 9.00AM in **ALL** the 247 villages. The venue of the meeting shall be communicated by the respective Village Administrator.

Come and participate in the development of Kitui County.

Hon. S. KYALO MAITHYA, CHRA

CECM-INFRASTRUCTURE, TRANSPORT, HOUSING AND URBAN DEVELOPMENT

**CHAIRPERSON-CLIDP MANAGEMENT COMMITTEE**
