KITUI CIDP 2023 – 2027 CONCEPTUAL FRAMEWORK

NOTES ON THE KITUI CIDP 2023 - 2027 CONCEPTUAL FRAMEWORK

The CIDP 2023 – 2027 has taken in to consideration the 16 priority areas/ sectors as per H.E., the Governor’s manifesto / The Kitui Promise. These include:

1. Agriculture: Intensive extension of agricultural services; water pans machinery and support to farmers; two well maintained and managed farm tractors for each ward and regular training of farmers on modern farming and agribusiness and establishment of viable livestock trade centers in each ward.

2. Water; 60 sand dams in every ward (2,400 for the entire county); - 1 mega dam in each sub county; 2 large dams in each ward; 1 medium dam in each village and Boreholes in strategic points in each ward/Village.

3. Health: Teaching and referral hospital in Kitui and Mwingi, Level (iv) hospital in each sub county, Level (iii) hospital in each ward, Level (ii) hospital in each village, Modern maternity in each level (ii) and (iii) hospitals and an ambulance in each ward

4. Education: Construction of modern ECDE classrooms in every public primary school, collaboration with national government to improve primary and secondary schools’ infrastructure; install WI-FI in every youth polytechnic.

5. Urban Development: Re-installation and maintenance of street lights in urban centers; installation of solar security lights in each wards headquarter, small and upcoming trading centers, Establishment of refuse collection and re-cycling centers and improving water and sanitation services in each sub-county headquarter and municipalities (solid waste management, water connectivity.)

6. Roads and Construction: tarmacking and or slabbing of Kitui town- Museve- Miambani – Ndithini- Kiviu-Kamandio- Ikoo -Mwanzilu-Nzeluni- Mumbuni- Kalisasito Mwingi town road; tarmacking of main streets in ward headquarters and key towns; Slabbing, culverting of other prioritized county roads (Ndithini- Malili- Mikuyuni and branching to Mutito-Mui-Nuu), Grading and improvement of security enhancing roads , Mutha to Kona kaliti, Ukasi-Sosoma –Engamba, Kandolongwe, Kwa Kamuru (Ngalange)- Kaningo –Kora and George Adamson bridge, Kwa-Vonza- Mwakini-Kanyonyoo B2 ranch etc), grading and putting murrum 50 kms per year of county roads in each ward and acquisition and maintenance of road construction machineries for each sub county (dozers, graders, excavators, shovels, rollers, backhoes)

7. Trade and Investments: operationalization and marketing of the county’s six Economic and Investment Zones (EIZs), organize One Investor Conference within the first 18 months, reinstate and organize an agricultural and trade fair every year, ensuring safe and environmentally friendly operations at the crusher, establishing annual livestock auction markets in each sub county and construction of a storage facility in each modern market

8. Micro Small and Medium Enterprises: installation and maintenance of infrastructure to facilitate 24 hour economic activities (e.g. access roads, water and sanitation facilities, street lighting, enhance security, merchandise storage facilities, well lit merchandise loading and offloading bays, convenient bodaboda, taxi and vehicle parking facilities, etc.); facilitation and support in the acquisition of modern working equipment (e.g. fabricated kiosks, computerized

wheel alignment, hair dressing machines, shavers, carpentry and masonry tools, concrete mixers) and capacity building on entrepreneurial and business skills (innovation, production, marketing, packaging, branding, distribution, human resource and financial management, Information Communication Technologies, customer relations etc.)

9.Cooperative Societies: facilitate registration of cooperatives per sector (honey producers, tailoring and garment making, hide and skins, charcoal producers etc.); training and strengthening of cooperative societies through enforcing self-regulations in the internal operations, administrative guidelines and application of information technology (internal audits and automation of the operations) and support for and revival of dormant cooperatives through partnerships and capacity building in management, access to finance, production and marketing (honey processing, fruit processing etc.)

10.Tourism and Hospitality: Refinement and marketing of a robust and sustainable tourism circuit connecting Kitui county with coastal region and Mount Kenya region; protection, conservation and erection of entry gates for the South Kitui Game Reserve, Mwingi North game Reserve and the Mutomo Reptile Park and Provide incentives for private sector investors/businesses in the entire hotel and hospitality value chain (through moderate taxation, licensing fees, land rates)

11.Women, Youth and Persons with Disabilities: Scouting and nurturing of local talents in various fields (athletics, football, acting, music, modeling, drawing and painting among others); support and facilitate at least one self-help group in each sub-county in the formation of cooperatives in key economic sectors including: boda, taxi/probox, tailoring, livestock trading, weaving, fruit farmers, poultry farmers, food vendors, hire of events tents, chairs, tables, public address system, bee keepers and honey processors, vegetable vendors, salon's, hawkers, car wash, shoe shiners, mechanics, hotels and restaurants, bar owners, social welfare association, Support of Persons Living with Disabilities (PWDs) to register with the National Council for Persons with Disabilities (NCPWD) and with the National Treasury to enable their 5% Access to Government Procurement Opportunities (AGPO) and Reservation of 30% of the County's budgeted annual procurement opportunities for AGPO women, youth and PWDs, Consideration of youth – both men and women - for county senior level and other employment opportunities and participation of all youth, women and people living with disabilities in public participation forums.

13. Boda Boda : Establishment of division within the ministry responsible for transport headed and staffed by officers who appreciate the sector and are passionate in the promotion, empowerment and development of the persons operating within the sector, Facilitate formation of self-help groups and Sacco's to raise the welfare of boda boda operators, assisting boda boda operator's access subsidized loan facilities to help them acquire motor bikes on manageable repayment terms, Arranging training sessions as well as road safety sensitization programs, and assisting them in acquisition of motor bike licenses, facilitate acquisition of reflector jackets and safety head helmets for both the operator and the passenger, construct more

spacious boda boda sheds with cabro floor in every market center, and Grading of all roads and construction of drifts, and installation of culverts to improve movement.

14. Environment: Tree planting in county schools, river banks and county forests; supporting planting at least 5 trees in each homestead; training and sensitization on environmental conservation in collaboration with other stakeholders; implement sustainable charcoal management policy; sustainable sand harvesting management policy and formulate and implement a sustainable mineral management policy.

14. Energy: Enhance household electricity connection in collaboration with REREC, Provision of solar power to off-grid social facilities (schools, hospitals and youth polytechnics), Community solar access in partnership with private sector and NGOs, Support community access to green energy (Biogas, Solar, Wind) in partnership with National government, private sector, NGOs, CBOs and Faith Based Organizations.

15. Information and Communications: Installation of mobile telephony masts in underserved areas of county in collaboration with mobile service providers; Installation of boosters and modern technologies for improved network coverage and Facilitate access to fiber optic infrastructure and use of digital technology in government offices and private sector entities within Kitui, Mwingi, Kwa-Vonza and other key county urban centers.

16. Security: Over the next five years, the county will install security and street lighting in the county's towns, market centers and public facilities including hospitals, village polytechnics, administration offices, day care centers, collaborate with the national government in security enhancement within the location/villages, divisions/ wards, sub-counties and in border areas susceptible along the county borders, operationalize the County Policing Authority in partnership with the National Government and Install CCTV monitors in the county's two municipalities of Kitui and Mwingi in partnership with private sector/business.

On **South Easter Kenya Economic Block (SEKEB)**, the County Government of Kitui will be working closely with other SEKEB counties (Machakos and Makueni) to implement several programmes including: Development of a 5 - year Strategic Plan, Key sectoral projects i.e., Agriculture, Water, and infrastructure, Health, Security and Education. Each of the 3 counties to specialize on key areas eg under health - cancer, dialysis, etc. Particularly, the county Government of Kitui will be undertaking construction and establishment of a Renal Centre at Kitui County Referral Hospital (KCRH) to attend patients from the SEKEB region as well as other counties. On Security the County Government of Kitui has signed MOU with National Police Service represented by County Security Team. The County Government of Kitui intent to Construct eight police stations one in each of the wards bordering Tana River - Kanziku, Mutha, Endau, Voo, Nguni, Nuu, Ngomeni and Tseikuru, each at around 40M. So far 5 Police Stations have been advertised: Mutha, Voo, Katumba, Mandongoi and Twambui. The overall objective of this is to secure SEKEB region.

Further, to finance the proposed projects and programmes the County Government of Kitui will endeavour in working closely with **Development Partners**. The County has attracted a lot

of Development Partners as a result of good Leadership that embodies certain values. Going forward we expect the implementation of the proposed CIDP projects to be done in collaboration with several development partners who have expressed interest to work with the County Government of Kitui.

Finally, the above 16 priority sectors have been grouped into 6 pillars and 5 enablers as follows:

Pillar I: Food Security: The Sectors under this Pillar include: Agriculture & Environment

Pillar II: Water Access: This Pillar anchors Water and Irrigation Sector.

Pillar III: Healthcare: The Sector under this Pillar is Health and Sanitation

Pillar IV: Aggregation & Industrial Parks: This Pillar anchors Micro Small and Medium Enterprises, Trade and Investments & Cooperative Societies; Women, Youth and Persons with Disabilities

Pillar V: Appropriately nurtured & skilled human capital: This Pillar anchors Education, Training and Skills Development

Pillar VI: Planned Urban Development: The Sector grouped under this Pillar includes Information and Communication Technology.

Enablers: The CIDP 2023 – 2027 grouped the following Sectors as Enablers

- Infrastructure, Energy, ICT, Peace & Security

ABBREVIATIONS AND ACRONYMS

ACCs	Assistant County Commissioners
ADPs	Annual Development Plans
AGMs	Annual General Meetings
AGPO	Access to Government Procurement Opportunities
AMS	Agricultural Mechanization Station
ARVs	Antiretrovirals
ASAL	Arid and Semi-Arid Land
ATC	Agricultural Training Centre
BIRs	Budget Implementation Reports
BOMs	Board of Management Members
CAMER	County Annual Monitoring and Evaluation Report
CBA	Competency-Based Assessment
CBC	Competency-Based Curriculum
CBD	Central Business District
CBEF	County Budget Economic Forum
CBOs	Community Based Organizations
CBROP	County Budget Review and Outlook Paper
CCTV	Closed-Circuit Television
CDA	Community Development Agreements
CECM	County Executive Committee Member
CFSP	County Fiscal Strategy Paper
CGoK	County Government of Kitui
CHMT	County Health Management Team
CHVs	Community Health Volunteers
CIDP	County Integrated Development Plan
CIMES	County Integrated Monitoring and Evaluation Systems
CLIDP	Community Level Infrastructure Development Projects
CMMB	Catholic Medical Mission Board
COVID-19	Corona Virus Disease
CRAL	Climate Resilient Agricultural Livelihood Window
DCCs	Deputy County Commissioners
DPs	Development Partners
ECDE	Early Childhood Development Education
EDMS	Electronic Documents Management System
EIZs	Economic and Investment Zones
EIZs	Economic and Investment Zones
ELRP	Emergency Locust Response Programme
FAO	Food and Agriculture Organization
GDP	Gross Domestic Product
GIS	Geographic Information System
GoK	Government of Kenya

H.E	His Excellency
HDI	Human Development Index
HEI	HIV Exposed Infants
HIV/AIDS	Human Immunodeficiency Virus/Acquired Immunodeficiency Syndrome
HMIS	Health Management Information System
HMT	Health Management Team
ICT	Information Communication Technology
ICT	Information Communication Technology
IGRTC	Intergovernmental Relations Technical Committee
IHMIS	Integration of Health Management and Information System
KARP	Kenya Aids Response Programme
KCEP - CRAL	Kenya Cereal Enhancement Program - Climate Resilient Agricultural Livelihood Window
KCPSB	Kitui County Public Service Board
KCRH	Kitui County Referral Hospital
KDHS	Kenya Demographic Health Survey
KENHA	Kenya National Highways Authority
KeRRA	Kenya Rural Roads Authority
KESTA	Kitui Economic and Social Transformation Agenda
KHIS	Kenya Health Information System

KPI	Key Performance Indicators
KRB	Kenya Roads Board
Kshs	Kenya Shillings
KTB	Kenya Tourism Board
KUSP	Kenya Urban Support Programme
LIMS	Land Information Management System
M&E	Monitoring and Evaluation
M.O.U	Memorandum of Understanding
MICE	Meetings, Incentives, Conferences and Exhibitions
MSMEs	Micro Small and Medium Enterprises
MT	Metric Tonnes
MTCT	Ministry of Trade, Cooperatives and
MTP	Mid Term Plan
NARIGP	National Agricultural and Rural Inclusive Growth Project
NCDs	Non- Communicable Diseases
NCPWD	National Council for Persons with Disabilities
NEMA	National Environmental Management Authority
NGOs	Non-Governmental Organizations
NIMES	National Integrated Monitoring and Evaluation Systems

NTSA	National Transport and Safety Authority
PHOs	Public Health Officers
PLHIV	People Living With HIV/ AIDS
PPEs	Personal Protective Equipments
PPP	Purchasing Power Parity
PPP	Public Private Partnerships
PrEP	Pre-Exposure Prophylaxis
PWDs	Persons Living with Disability
REREC	Rural Electrification and Renewable Energy Corporation
SACCOs	Savings and Credit Cooperative Organizations
SCHMT	Sub County Health Management Team
SCWO'S	Sub County Works Officers
SDGs	Sustainable Development Goals
SEKEB	South Eastern Kenya Economic Bloc
SGBV	Sexual and Gender Based Violence
SIVAP	Small - Scale Irrigation and Value Addition Project
UHC	Universal Health Coverage
UNAID	United Nations Programme on HIV / AIDS
VIPs	Vocational Training Centres
VTCs	Vocational Training Centres
VTCs	Vocational Training Centres
WSPs	Water Subsidy Providers

GLOSSARY OF COMMONLY USED TERMS

1. **Monitoring:** Monitoring is the process of collecting, analyzing and reporting data on a project or programme's inputs, activities, outputs, outcomes and impacts, as well as external factors to track whether actual investment programme results are being achieved. These data, when analyzed, pinpoint progress or constraints as early as possible, allowing managers and project implementers to adjust project or programme activities as needed. Monitoring aims to provide managers, decision makers and other stakeholders with regular feedback on progress in the implementation of activities specified in the development plans.
2. **Evaluation:** Evaluation is a systematic and objective assessment of an ongoing or completed project, programme or policy, its design, implementation and results. An evaluation determines the relevance and fulfilment of objectives, efficiency, effectiveness, impact and sustainability. Evaluation is linked to monitoring. Monitoring provides the basis for evaluation, which involves answering two questions: "Has the project or programme activity met its objectives?" and "What accounts for its level of performance?" Evaluation tells managers whether project/programme activities are moving toward or away from project/programme objective or management goals, and why. It provides lessons learnt and recommendations for future improvements.
3. **Indicators:** An indicator is a measure that can be used to monitor or evaluate an intervention. Indicators can be quantitative (derived from measurements associated with the intervention) or qualitative (entailing verbal feedback from beneficiaries).
4. **Performance vs. Impact Indicators:** Project or programme monitoring and evaluation involves two kinds of indicators: implementation performance indicators (project/programme inputs and outputs) and project impact indicators (achievement of objectives in relation to socio-economic development). Implementation performance indicators measure the progress in securing project inputs and delivering project outputs against set targets, while project impact indicators measure the consequence (the "So what") of implementation.
5. As will be observed in a subsequent section of this document, M&E revolves around a number of other key elements:
 - **Inputs:** Inputs are all the resources that contribute to the production of service delivery outputs. Inputs are "what we use to do the work". They include finances, personnel and equipment.
 - **Activities:** These are the processes or steps one takes to reach the projects or programmes objective. They are written in the sequence or order in which they will be implemented. Each activity completed brings one closer to achieving the project objective.
 - **Outputs:** These are the final products, goods or services produced for delivery. Outputs may be defined as "what we produce or deliver".
 - **Outcomes:** The medium-term results for specific beneficiaries which are the consequence of achieving specific outputs. Outcomes should relate clearly to an institution's strategic goals and objectives as set out in its plans. Outcomes are "what we wish to achieve". Outcomes are often further categorised into immediate/direct outcomes and intermediate outcomes.
 - **Impacts:** Impacts are about "how we have actually influenced communities and target groups." The results or consequences of achieving specific outcomes, such as reducing poverty or creating jobs.

- **Results** are the outputs, outcomes or impacts, either intended or unintended, positive or negative of a development intervention. The County Government only encourages results that support sustainable improvement in the country's outcomes – bringing real positive changes in people's lives.
- **Programme:** A grouping of similar projects and/or services performed by a Ministry or Department to achieve a specific objective; the Programmes must be mapped to strategic objectives.
- **Project:** A project is a set of co-ordinated activities implemented to meet specific objectives within defined time, cost and performance parameters. Projects aimed at achieving a common goal form a programme.
- 6. **Flagship Projects:** These are projects with high impact in terms of employment creation, increasing County competitiveness, revenue generation, etc. They may be derived from the Kenya Vision 2030 (and MTP IV) or the *Kitui Promise*.
- 7. **Demographic Dividend:** The demographic dividend is the accelerated economic growth that may result from a decline in a country's mortality and fertility and the subsequent change in the age structure of the population. It is evident in Kenya that demographic transition is taking place at both National and County levels, creating a demographic window of opportunity to harness the demographic dividend.

FOREWORD

The Kitui County Integrated Development Plan (CIDP) 2023-2027 encapsulates the shared and collective developmental aspirations of the citizens of Kitui County. On election and assumption of office as Governor, I pledged to diligently work towards my vision of transforming our county into a prosperous county with vibrant rural and urban economies whose people enjoy a high quality of life. This aspiration will be delivered through an elaborate 16-Point Agenda as spelt out in my election Manifesto – *The Kitui Promise*.

The 16-Point Agenda is summarized by six pillars in the Kitui CIDP which include: food security, water access, healthcare, aggregation and industrial parks, appropriately nurtured & skilled human capital and planned urban development. We have collectively assessed our needs through elaborate multi-stakeholder consultative forums to arrive at consensus on priority areas on which we shall focus public investment on in the next five years.

Residents of each of the 40 wards spread across the 8 sub-counties have highlighted specific interventions that will guide our resource allocation and development model. The Kitui CIDP for the 2023 – 2027 period is, therefore, a compendium of aspirations reflective of the diversity of interests characterizing this great County.

The CIDP stipulates how the scarce resources will be allocated to priority projects and programmes, as determined by county stakeholders, and linked to the Kenya Vision 2030, National Medium-Term Plan (MTP) IV, the African Union (AU) Agenda 2063, Sustainable Development Goals (SDGs), the Governor’s 2022-Election Manifesto and other planning documents.

To achieve our development Agenda, we shall rely on various building blocks which include qualified and competent staff who are sufficiently empowered through strategic and continuous capacity building as well as engagement and retention of *visionary leadership and governance*. We shall endeavor to strive for excellence through proper planning and timely implementation of projects and programmes.

I am persuaded that due to the many challenges and budget constraints experienced in the past decade, county public funds alone will not be sufficient to realize the aspirations spelled out in this CIDP. We will pro-actively seek collaboration and partnership with the National Government ministries, departments and agencies (MDAs).

We will also strive to continuously create an enabling environment for inclusive and sustainable socio-economic development that allows the participation and contribution of all stakeholders in delivering *the Kitui Promise* and the positive transformation of the standards of living and livelihoods of the people of our great county. Such stakeholders include development partners, private sector institutions, non-governmental organizations (NGOs), community-based organizations (CBOs), faith-based organizations (FBOs), academia, county leaders and citizens.

Together with my team, we are committed to providing effective leadership, strategic vision and direction. We will endeavour to create an enabling environment for business, investments and wealth creation and strive to re-engineer our people's mindsets in order for them to appreciate and work towards unlocking the huge economic potential we individually and collectively possess.

Finally, it is important to emphasize that the successful implementation of this CIDP requires the dedication and commitment of all stakeholders. Thus, whereas it is the primary duty of the County Government of Kitui to coordinate the implementation of this CIDP, participation and cooperation from all stakeholders will be pivotal in its realization.

I am therefore, confident that if we all join hands and work as a team, guided by the *National Values and Principles of Governance* spelled out in the Constitution of Kenya 2010, the county will realize notable sustainable socio-economic development for improved livelihoods and a high quality of life for all during the plan period and beyond.

H.E. Dr. Julius Makau Malombe, EGH
Governor
Kitui County

ACKNOWLEDGEMENT

The Constitution of Kenya 2010 and its attendant legislations on devolution identify the County Integrated Development Plan (CIDP) as a key document in ensuring effective coordination and accountability in the delivery of quality public services. The Public Finance and Management Act 2012 vests the mandate of developing a CIDP on the Department of Finance and Economic Planning which is as well entrusted with the responsibility of managing County resources earmarked for development programs and projects

In view of the foregoing, the department of economic planning and budgeting coordinated the process of developing this third CIDP (2023-2027). Public Participation fora were organized and held in all of the County's 40 wards where County residents and stakeholders deliberated on the programmes, they wanted the County Government to implement in the next five years. The input of County Assembly Members, the Civil Society, the Private Sector, Youth, Women and PWDs was also sought.

The journey to develop this CIDP was particularly made possible by the guidance and leadership of our Governor, H.E. Dr. Julius M. Malombe and the Deputy Governor, H.E. Augustus Kanani as well as the contribution of colleague Members of the County Executive Committee. I profoundly compliment the Department of Economic Planning & Budgeting, led by Chief Officer, Patrick Munuve, Director Paul Kimwele, Assistant Directors Victor Mwangi, Alex Muthyoi and Solomon Musembi and all County economists and statisticians – Daniel Mbathi, Bonface Muli, Faith Muna, Nicholas Koome, Charles Mulatia, Geoffrey Gisaina, Linda Musee, Mary Muthui, Felistus Munyao, Gabriel Mitau, Dickens Mutunga, Onesmus Kaki, Joy James and Doris Samuel, for the monumental coordination role they played in the development of this CIDP. I very much appreciate their commitment to continue to engage the stakeholders and partners in all aspects of development planning and budgeting so as to deepen Public Participation and inclusivity in the affairs of the people of Kitui County.

Finally, I express my sincere gratitude to the team from Agile Consulting - Mr. Ben Mwangela (Team Leader), Dr. Isaac Malonza, Dr. Nzomo Mwita, and Thomas Were. Their exemplary technical guidance and advisory support have played a crucial role in shaping the County Integrated Development Plan.

Peter Mwikya Kilonzo
County Executive Committee Member
Finance, Economic Planning & Revenue Management

EXECUTIVE SUMMARY

Article 220 of the Constitution of Kenya, Section 126 of the Public Finance Management Act, 2012, and Section 108 of the County Governments Act, 2012 mandate county governments to formulate a comprehensive 5-year County Integrated Development Plan (CIDP) alongside Annual County Budgets to effectively execute development initiatives. Additionally, as per Section 104 (1) of the County Government Act, 2012, the County Government must strategize and plan for the county, ensuring that no public funds are allocated without an approved planning framework developed by the County Executive Committee and endorsed by the County Assembly.

The Kitui CIDP 2023-2027 embodies the theme "Accelerating the Kitui Economic and Social Transformation Agenda (KESTA)" and was formulated through an inclusive and participatory process, effectively integrating various perspectives from the local populace. This framework facilitates a cohesive and coordinated approach to address the crucial developmental needs of Kitui's residents.

Under the Governor's 16-point development agenda, the CIDP aligns with six key pillars, namely Food Security, Water Access, Healthcare, Aggregation & Industrial Parks, Human Capital Nurturing & Skill Development, Planned Urban Development, and the Enablers.

Chapter One provides an extensive overview of the County's resource endowments, primary economic activities, demographic trends, and recent socio-economic performance. Major development needs and constraints are also meticulously outlined.

Chapter Two offers a comprehensive performance review of the previous CIDP, along with an analysis of County Revenue Sources, Budget Expenditure, Sector Performance, Challenges, Emerging Issues, and Lessons Learned.

Chapter Three delves into the Spatial Development Framework, while **Chapter Four** elucidates the County's critical development needs, priorities, strategies, and programs, including the resource requirements and key performance indicators for the period 2018-2022. This chapter also highlights the flagship programs and projects dedicated to fulfilling the Governor's manifesto.

Chapter Five outlines the implementation framework for the CIDP, defining the roles of key stakeholders, such as the County Executive and County Assembly. The Office of the Governor takes the lead in providing overall leadership and policy guidance for implementation, while the County Assembly plays a crucial role in enacting enabling legislation and overseeing public financial management to ensure accountability, participation, and transparency. The National Government and development partners are expected to provide support for institutional capacity development in the County.

Furthermore, Chapter Five addresses the resource mobilization framework, encompassing revenue raising, asset management, financial management, debt management, capital financing, and enhanced accountability. The total estimated cost of successfully implementing CIDP 2023-2028 amounts to Ksh. 190.057 billion, with projected funds of Ksh. 75.1 billion anticipated from equitable share, local collection, and conditional allocations. A financing gap

of Ksh. 114.975 billion necessitates various measures, such as establishing a public-private partnership framework, mapping natural resources, collaborating with development partners, strengthening cooperative and society institutional structures, and ensuring efficient and accessible transaction processing.

Chapter Six details the Monitoring and Evaluation (M&E) framework, emphasizing its integration into the County Performance System. Regular reporting is an essential aspect of this system. A Results Matrix, summarizing program outcome indicators and targets, facilitates progress assessment.

A distinctive feature of the Kitui CIDP is its Annex, which includes project proposals at the Ward level. These proposals were identified and selected through participatory evaluations involving Village representatives during public forums held across the County.

CHAPTER ONE: COUNTY OVERVIEW

1.1 Background

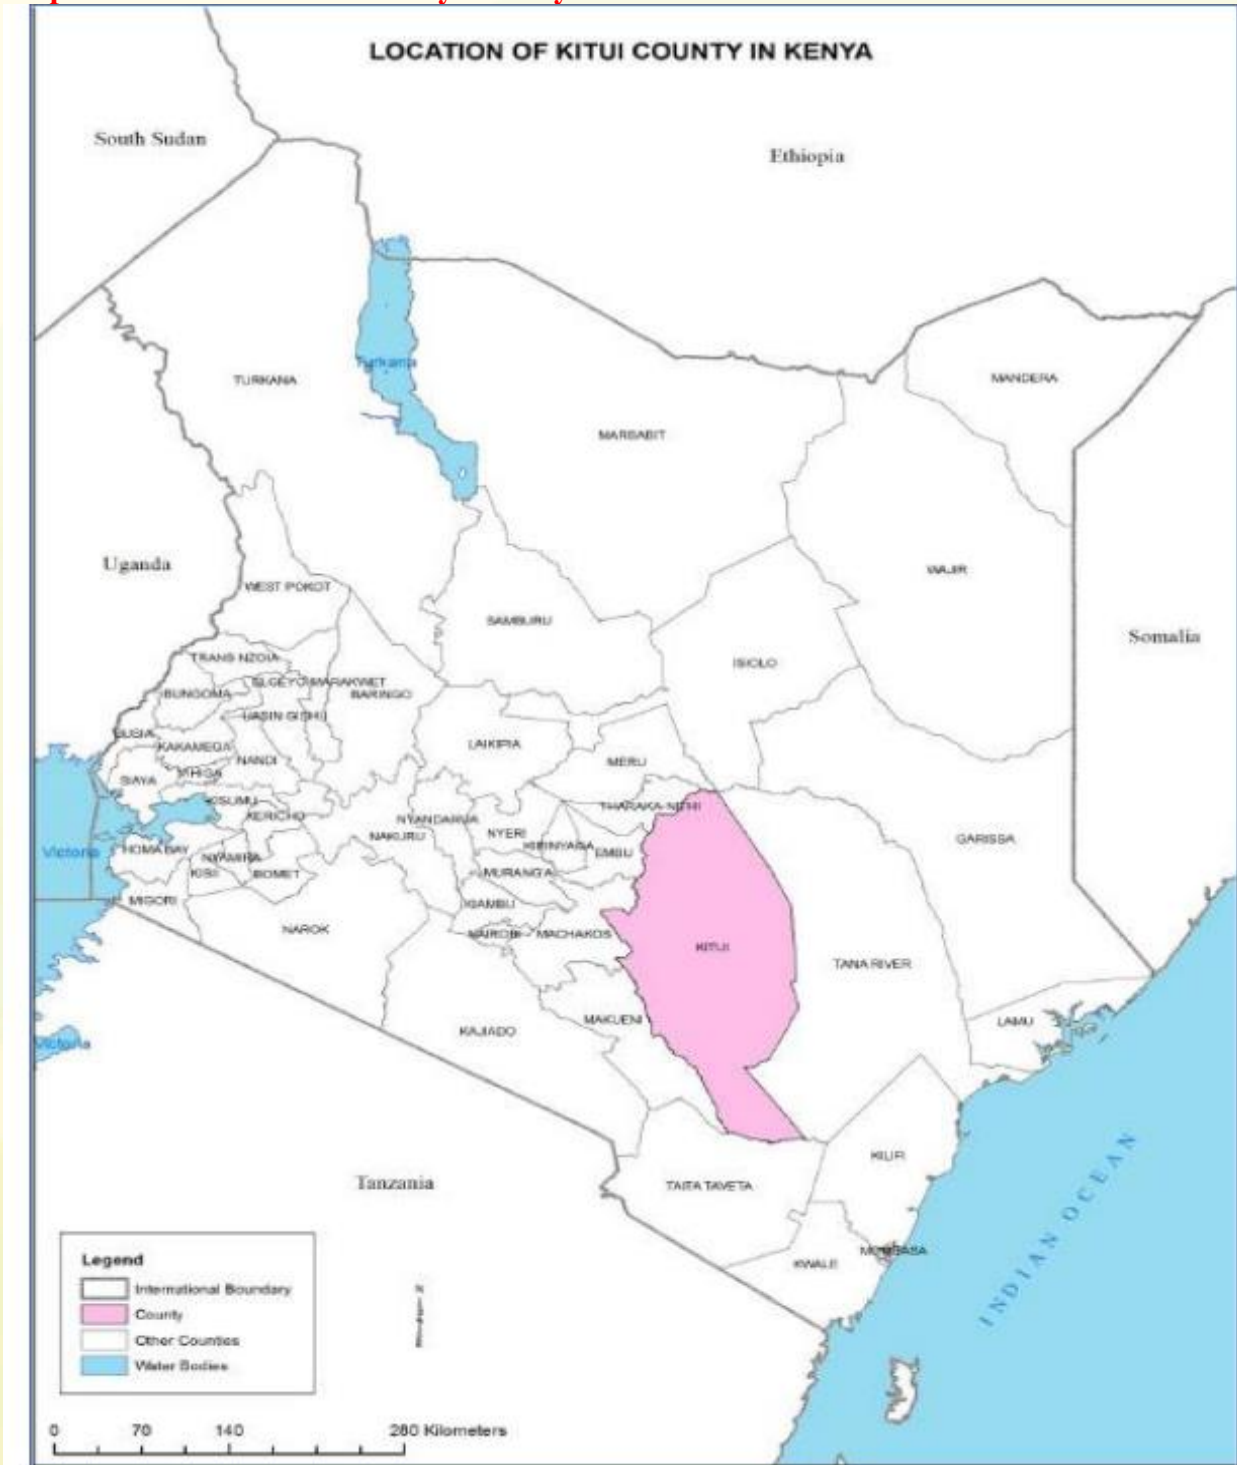

Kitui County is one of the three Kenyan Counties inhabited by the majority Akamba community. The Akamba people were historically long-distance traders and this trade inclination has made them highly receptive and hospitable to visitors. With its headquarters at Kitui town, the County is resource rich with commercially viable coal reserves in the Mui Basin. Other mineral resources include limestone, iron ore and sand. Forty-six (46) percent of the Tsavo East National Park is in Kitui County and has a great heritage with great untapped tourism potential. Proximity to Nairobi and the Standard Gauge Railway offers great opportunities for economic transformation. Permanent rivers, namely, Tana and Athi flow through the County.

The County recorded in the 2019 Population and Housing Census a population of 1,136,187 persons and this is projected to 1,210,035 in 2022. Despite the great potential, Kitui County is among the Arid and Semi-Arid (ASAL) counties characterized by relatively high levels of poverty. The level of absolute poverty is estimated at 47.5 percent compared to the national average of 32.4 percent in 2021. About 522,000 persons or 3.2 percent of the Kenyan poor live in the County. Food poverty is estimated at 39.4 percent compared to the national average of 32 percent. About fifty percent of the population does not have access to clean water and 57.6 percent of households spend thirty or more minutes to fetch drinking water. Kitui County is a member of the South Eastern Kenya Economic Bloc (SEKEB). It also forms part of the proposed Vision 2030 Metropolitan region of Kitui-Mwingi-Meru.

1.2 Position and Size

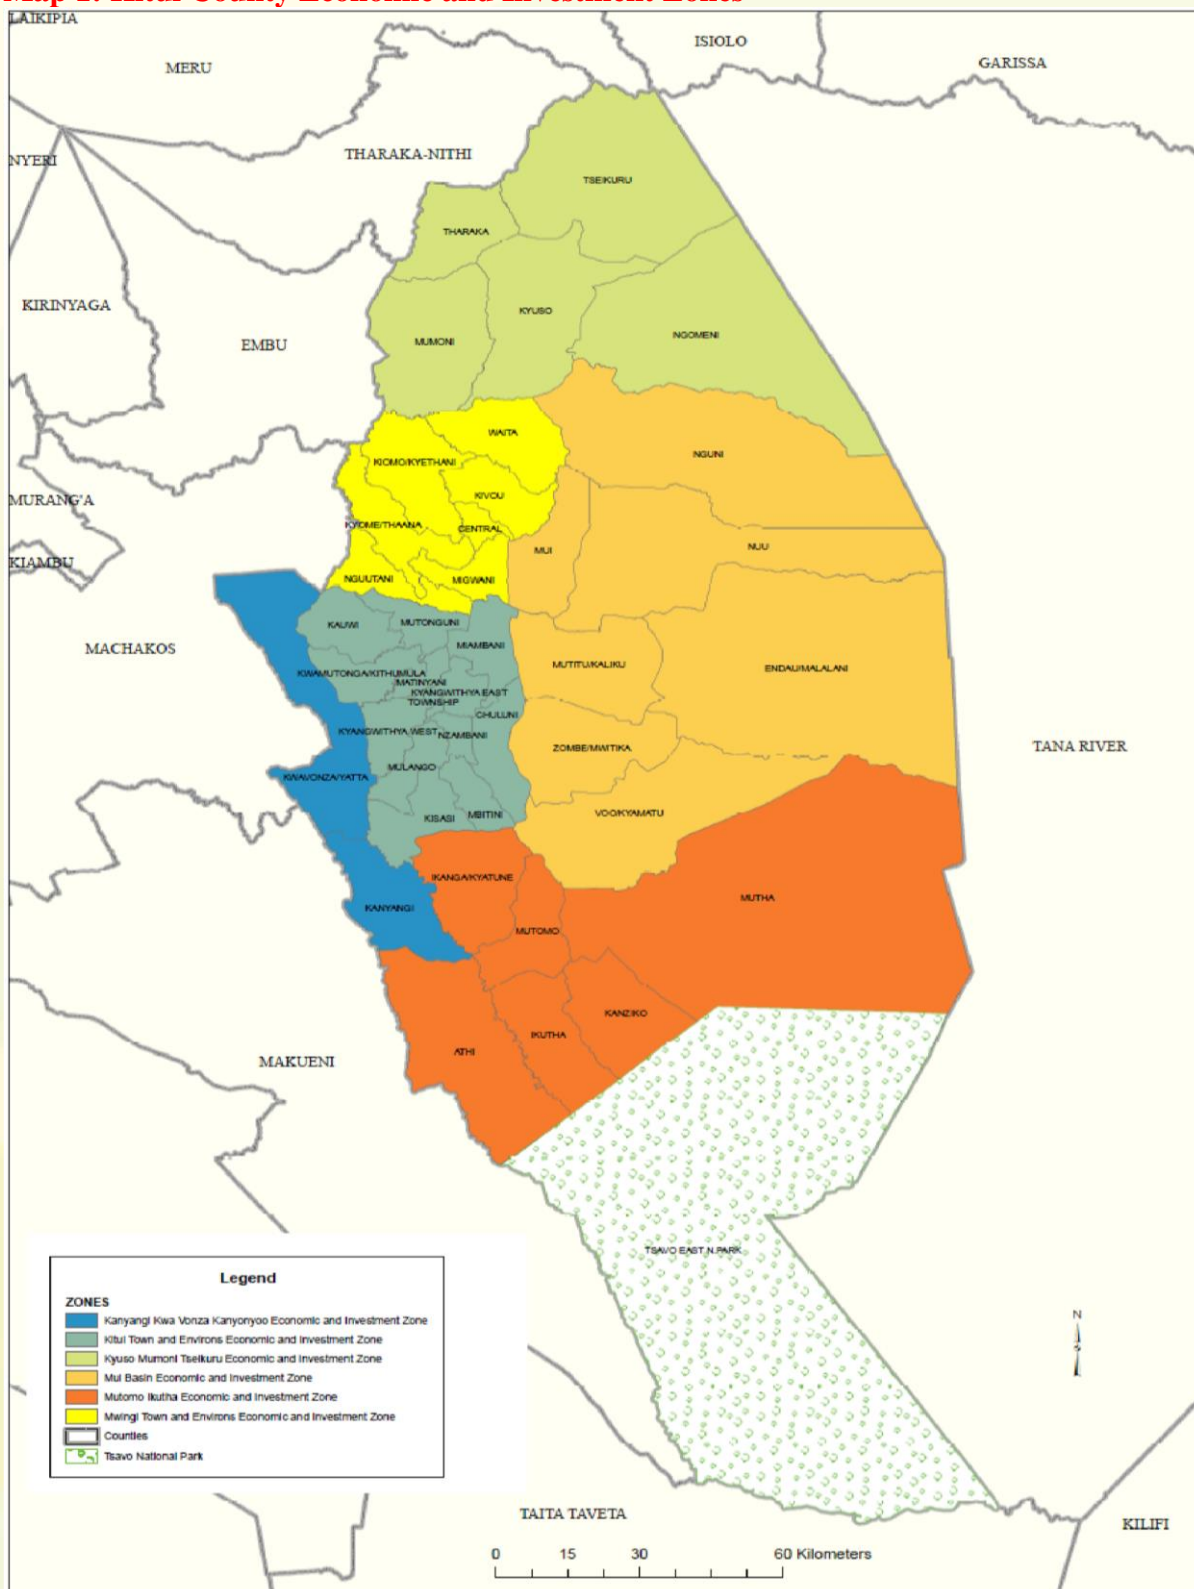

Kitui County is about 160 kilometres from Nairobi City on the eastern part of Kenya. The county is the sixth largest in Kenya covering an area of approximately 30,496.4 KM². It shares its borders with seven other counties; namely, Machakos and Makueni counties to the west, Tana River County to the east and south-east, Taita Taveta County to the south, Embu to the north-west, and Tharaka-Nithi and Meru counties to the north. It is located between latitudes 0°10 South and 3°0 South and longitudes 37°50 East and 39°0 East. Figure 1 displays the geographical position of Kitu County in Kenya.

1.3 Physiographic and Natural Conditions

1.3.1 Physical and Topographic Features

Kitui County, located in eastern Kenya, has a diverse range of physical and topographic features. The county's landscape is dominated by a semi-arid and arid environment, with rugged terrain, rocky hills, and vast plains. The county covers an area of approximately 30,496 square kilometres, making it one of the largest counties in Kenya.

The county is located on the eastern side of the East African Rift Valley, with altitudes ranging from 200 meters to 2,100 meters above sea level. The county is bordered by Tana River County to the east, Machakos County to the west, Taita Taveta County to the south, and Embu and Tharaka Nithi Counties to the north.

The county's topography is defined by the hills and mountains that are spread throughout the region. Some of the notable hills and mountains in the county include Ikoo Valley and Kanyonyoo Hills. This hilly mountainous topography is typically composed of rocky formations and steep cliffs, making them unsuitable for agricultural activities. Nevertheless, they provide a natural habitat for a wide range of flora and fauna, which is vital for the region's biodiversity.

The county's plains and plateaus are mainly located in the central and northern parts of the county. The plains are characterized by a vast expanse of flat lands, with scattered shrubs and grasses. The plateau areas, such as the Yatta Plateau, are characterized by rugged terrain, rocky outcrops, and deep gorges. The plains and plateaus are suitable for rain-fed agriculture, with most of the county's agricultural activities taking place in these areas.

The county's rivers and streams are seasonal, with most of them drying up during the dry season. The main rivers in the county include Athi, Tiva, and Thika. The rivers and streams are important sources of water for the communities in the county, supporting irrigation and domestic use.

The county's vegetation is mainly composed of thorny bushes, grasses, and acacia trees. This vegetation cover has been under threat due to human activities such as overgrazing, deforestation, and charcoal burning. Consequently, there have been efforts to preserve and protect the vegetation cover in the county through conservation initiatives.

1.3.2 Climatic Conditions

Kitui County is a region in Kenya that is predominantly characterized by arid and semi-arid climatic conditions. It is situated in the eastern part of the country and receives low and unreliable rainfall throughout the year. Most areas in the county receive an average of 200 to 600 mm of rainfall annually, which is insufficient to support agriculture and other human activities.

Table 1: Mean Annual Rainfall in Millimetres (mm)

Year	2015	2016	2017	2018	2019	2020
Average Annual Rainfall(mm)	319	229	304	432	378	357

Source: Kenya Metereological Department, Kitui - 2022

The rainfall patterns in the county are characterized by two rainy seasons, the short rains from October to December and the long rains from March to May. However, the rainfall is highly unpredictable, and the county experiences frequent droughts and floods that affect the region's socio-economic activities. The highland areas namely, Migwani, Mumoni, Kitui Central, Mui and Mutitu Hills exhibit a sub – humid climate.

The high temperatures in Kitui County contribute to the arid conditions. It experiences high temperatures throughout the year, with the average temperature ranging between 25 to 30 degrees Celsius with the lowest average of 14°C and highest average of 32°C. These hot and dry conditions make it difficult for crops and vegetation to thrive, thus contributing to limited agricultural productivity in the region.

Table 2: Mean Annual temperatures in Degrees Celsius

	Unit	2016	2017	2018	2019	2020	Average
Temperature (annual average Lowest)	°C	17.9	17.9	17.3	16.3	17.4	17.36
Temperature (annual average highest)	°C	29.7	30.9	28.8	31.9	29.8	30.04
Temperature (annual average)	°C	23.8	23.95	23.05	24.23	23.6	23.78

Source: Kenya Metereological Department, Kitui - 2022

Despite the challenging climatic conditions, the County Government of Kitui has implemented various measures to mitigate the impacts of climate change. These include the promotion of sustainable agriculture practices such as agroforestry, conservation agriculture, and rainwater harvesting. The county government has also invested in water infrastructure, including boreholes, dams, and water pans, to improve the water supply to the residents.

1.3.3 Ecological Conditions

The County has seven agro-ecological zones. These are: Upper-Midland 3-4; Upper-Midland 4; Lower-Midland 3; Lower-Midland 4; Lower-Midland 5; Inner Lowland 5; and Inner Lowland 6.

The county is predominantly semi-arid, characterized by low and erratic rainfall, high temperatures, and high evapotranspiration rates. These conditions have resulted in the dominance of thorny shrubs and acacia trees, as well as grasslands and scattered bushland.

The county is also home to several rivers, including the Tana River and its tributaries, which provide important sources of water for both human consumption and irrigation. However, water scarcity is a major challenge in the county, particularly during prolonged dry spells, which can lead to droughts and food insecurity.

The unique ecological conditions of Kitui County have also influenced the types of economic activities that are viable in the region. Livestock rearing, particularly of goats, sheep, and camels, is a major source of livelihood for many residents, as is rain-fed agriculture. However, the limited availability of water and

fertile land means that these activities are often characterized by low productivity and high vulnerability to climatic shocks.

1.4 Administrative and Political Units

1.4.1 Administrative Units

Kitui County is divided into eight sub-counties, each with its own unique characteristics. These sub-counties are Kitui Central, Kitui West, Kitui East, Kitui South, Kitui Rural, Mwingi North, Mwingi Central, and Mwingi West. In total, there are forty wards within the county which are the county’s planning unit and are responsible for ensuring that services are delivered effectively to the people at the grass root. To ensure that services reach every corner of the county, the government further established 247 villages through the Kitui County Villages Act of 2015. These villages act as the smallest administrative units.

Each sub-county is administered by a Sub-County Administrator who is responsible for the overall management of the sub-county's affairs. Similarly, each ward is headed by a Ward Administrator who oversees the delivery of services at the ward level.

The county also has representation from the national government, which is headed by the County Commissioner. The County Commissioner serves as the head of the National Government's administrative wing within the county. The Commissioner is supported by Deputy County Commissioners (DCCs), Assistant County Commissioners (ACCs), chiefs, assistant chiefs, and headmen at the division, location, sub-location, and village levels, respectively. These officials work together to ensure that the government's programs and policies are implemented effectively, and that peace and security are maintained throughout the county.

Table 3: Area (Km²) by Sub-county

Sub- County	No. of Division	No. of Locations	No. of Sub-Locations	Land Area (km ²)
Kitui South	6	15	60	11,507.00
Kitui Central	3	19	43	665.1
Kitui East	6	18	50	5,957.00
Kitui West	6	25	54	654.5
Kitui Rural	3	19	37	1,639.40
Mwingi Central	7	28	65	4,109.00
Mwingi West	3	15	36	1,090.70
Mwingi North	10	33	82	4,807.30
Total	44	172	427	30,430.00

Source: KNBS, 2022

In the administrative structure of counties, the village represents the smallest administrative unit, responsible for the coordination and management of county affairs at the grassroots level. A village administrator is appointed to oversee the management of affairs within the village.

The number of wards within a county varies, with Mwingi Central, Kitui East, and Kitui South sub-counties/constituencies having the highest number of wards, six, while Mwingi West, Mwingi North,

Kitui West, and Kitui Rural have the lowest number, four. This variation in the number of wards is influenced by a variety of factors, such as population density, the size of the geographic area, and the distribution of resources.

Furthermore, the number of villages within a county also varies, Kitui West having the lowest number, 23 and Kitui South having the highest, 41, as shown in Table 4. This disparity in the number of villages is also affected by the same factors as wards.

The appointment of a village administrator to oversee affairs at the village level is critical in ensuring effective service delivery and governance. The administrator works closely with other county officials, including ward administrators and sub-county administrators, to ensure that government programs and policies are implemented effectively.

Table 4: Administrative Units (Sub County, wards and villages)

Sub-County / Constituency	No. of Wards	List of Wards	No. of Villages
Kitui Central	5	Miambani, Kitui Township, Kyangwithya West, Mulango, Kyangwithya East	30
Kitui West	4	Mutonguni, Kauwi, Matinyani, Kwa Mutonga/Kithumula	23
Kitui East	6	Zombe/Mwitika, Nzambani, Mutitu/Kaliku, Chuluni, Voo/Kyamatu, Endau/Malalani	33

1.4.2 Political Units

According to the table 5 below, Mwingi North sub-county has five wards with a total of 68,829 registered voters. Ngomeni ward has the lowest number of registered voters with 9,131 while Kyuso ward has the highest with 19,921. Mwingi West sub-county has four wards with a total of 57,138 registered voters. Kyome/Thaana ward has the highest number of registered voters with 14,979 while Kiomo/Kyethani ward has the lowest with 12,360.

Mwingi Central sub-county has six wards with a total of 74,231 registered voters. Central ward has the highest number of registered voters with 14,525 while Waita ward has the lowest with 10,472. Kitui West sub-county has four wards with a total of 59,047 registered voters. Mutonguni ward has the highest number of registered voters with 17,979 while Kwa Mutonga/Kithumula ward has the lowest with 11,022. Kitui Rural sub-county has four wards with a total of 55,000 registered voters. Kwavonza/Yatta ward has the highest number of registered voters with 18,020 while Kanyangi ward has the lowest with 11,092.

Kitui Central sub-county has five wards with a total of 77,764 registered voters. Township ward has the highest number of registered voters with 19,538 while Miambani ward has the lowest with 11,759. Kitui East sub-county has six wards with a total of 65,377 registered voters. Zombe/Mwitika ward has the highest number of registered voters with 13,152 while Endau/Malalani ward has the lowest with 7,897. Lastly, Kitui South sub-county has six wards with a total of 75,372 registered voters. Athi ward has the highest number of registered voters with 15,843 while Kanziko ward has the lowest with 8,403. The total number of registered voters in Kitui County is 532,758.

1.5 Demographic Features

1.5.1 Population Size and Composition

According to the 2019 population and household census report, the population of Kitui County was 1,136,187. It was projected that it would grow to 1,210,035 in 2022 and 1,343,998 in 2025. Kitui South sub-county has the highest population of 180,679, consisting of 87,350 males and 93,322 females, while Kitui west has the lowest population of 113,862 consisting of 55,004 males and 58,856 females. The overall population of the county is projected to increase to 192,421, 204,933, and 213,724 in 2022, 2025, and 2027, respectively. The population growth is a significant indicator of the county's development, and

it presents opportunities and challenges to the county government, such as the provision of adequate resources and services to its residents.

1.5.2 Population Density and Distribution

According to data from 2019, the population density in Kitui County was recorded at 37 individuals per square kilometre, which is significantly lower than the national average of 92 individuals per square kilometre. However, it is projected that this figure will increase to 44 individuals per square kilometre by the year 2027. The distribution of settlements in the region is uneven and is influenced by a range of factors including land potential, livelihood zones, infrastructure access, land use systems, and the availability of social amenities.

Kitui Central was found to be the area with the highest population density in the county, with a figure of 224 individuals per square kilometre in 2019. It was followed by Mwingi West, which had a population density of 106 individuals per square kilometre in the same year. Conversely, Kitui South had the lowest population density of 16 individuals per square kilometre in the same year. Tsavo East National Park lies in Kitui South and this explains the low population density.

Table 6: Population distribution and density by Sub-County

Sub-County	Census 2019			2022 (Projection)			2025 (Projection)			2027 (Projection)		
	Land Area	Population	Density per Sq. km	Land Area	Population	Density per Sq. km	Land Area	Population	Density per Sq. km	Land Area	Population	Density per Sq. km

Source: KNBS, 2022

1.5.3 Population Size by Age and Sex

In 2019, the highest population in Kitui County was of children aged 10-14 years old, with 173,446 individuals, comprising of 87,724 males and 85,722 females. It is expected that this population will continue to grow in the coming years, with projected numbers of 184,725, 196,737, and 205,176 in 2022, 2025, and 2027, respectively. The lowest population in the county was of individuals aged 80 years and above, with only 19,165 people in 2019. However, this number is projected to increase to 20,411 by 2022. Table 8 provides a summary of the county's population by age and sex in 2019, 2022, as well as the projected growth for 2025 and 2027.

Table 8: Population Projections by Age and Sex

Age Cohort	2020 (Census Projection)				2025 (Projection)				2030 (Projection)				2035 (Projection)

1.5.4 Population Projection by Broad Age Groups

Information on population of selected age groups is vital in any development process. This section discusses the population structure and projections of selected groups namely the Under 4-year, primary school going (5-14), secondary school going (15-19), female in their reproductive age 15-49 years of age, youth population (20-29), labour force (15-64) and the aged (65+) as they are key points of reference in policy formulation. Table 9 below provides a summary of the projected population by broad age group to the year 2025 and 2027.

Table 9: Population Projection by Broad Age Groups

Age Group	2020 (Projection)			2022 (Projection)			2025 (Projection)			2027 (Projection)		
	Male	Female	Total	Male	Female	Total	Male	Female	Total	Male	Female	Total
Pre-School (0-4)	75,302	75,038	150,340	78,532	78,257	156,789	83,639	83,346	166,984	87,226	86,921	174,147
Primary school (6-13)	271,559	283,196	554,768	283,207	295,344	578,551	301,623	314,549	616,172	314,561	328,041	642,603
Secondary school (13-19)	94,079	94,608	188,690	98,114	98,666	196,781	104,495	105,082	209,577	108,977	109,590	218,566
Women of Reproductive Age (15-49)	294,790	311,871	606,661	307,435	325,249	632,63	327,426	346,398	673,825	341,471	361,257	702,728
Economically Active population (15-64)	331,796	350,117	620,269	312,500	334,375	646,875	332,821	356,118	688,939	347,097	371,394	718,491
Aged (65+)	34,670	37,097	71,767	36,924	39,509	76,434	39,325	42,078	81,403	41,012	43,883	84,895

Source: KNBS, 2022

Pre-school (0 -4 years): In 2019, the county had a total of 86,386 children between the ages of 3-5, consisting of 44,114 males and 42,268 females, which accounted for 8% of the total population. According to projections, this number is expected to rise to 91,999, 97,982, and 102,184 by 2022, 2025, and 2027, respectively. Therefore, there is a need for increased investment in pre-primary education centres to accommodate the expected population growth.

Primary School Age (6-13 years): In 2019, the county had 554,768 individuals, 271,559 of whom were males and 283,196 were females, of primary school-going age, which accounted for 49% of the total population. The projections suggest that these numbers will increase to 590,829 by 2022, 629,249 by 2025, and 656,240 by 2027. Effective management of the anticipated rise in school-going age children and enrolment, particularly under the guiding policy of Universal Primary Education, will necessitate enhanced investments in schools' learning infrastructure and support for vulnerable groups in society.

Secondary School Age (14-17 years): In 2019, the county had a population of 188,690 persons, which consisted of 94,079 males and 94,608 females in the age group of 13-19 years, commonly known as secondary school-going age. This population accounted for 9.4% of the total population. The population of secondary school-going age is expected to increase to 590,829, 629,249, and 656,240 in 2022, 2025, and 2027, respectively. To effectively manage this steady increase, there is a need to expand the learning infrastructure, especially for the implementation of the Subsidized Day Secondary Education policy.

Female of Reproductive Age (15-49 years): The childbearing age group consisted of 1,879 persons. The projected growth for this population is expected to reach 2,001, 2,131, and 2,223 in 2022, 2025, and 2027, respectively. This specific demographic is critical in predicting the County's population growth and organizing access to reproductive health services.

Economically Active Age group (15-64 years): In 2019, the total number of persons in the age category of interest was 620,269, which comprised 299,647 males and 320,622 females. This population accounted for 55% of the total population of the County. The projections indicate that this population will increase to 660,603, 703,560, and 733,739 in 2022, 2025, and 2027, respectively. Therefore, the County needs to implement programs that can generate employment and other income-generating opportunities for this increasing population to reduce the high levels of unemployment and its adverse effects.

Aged Population (65+): In 2019, there were 71,767 individuals in the specified age group, consisting of 29,966 males and 41,801 females, which accounted for 6 percent of the total population in the county. According to projections, this population is expected to increase to 76,434, 81,404, and 84,896 in 2023, 2025, and 2027, respectively. This increase in the elderly population emphasizes the need for enhanced programs that provide support in areas such as housing, healthcare, and food security.

1.6 URBAN DISTRIBUTION

The two-key urban centres in Kitui County are Kitui and Mwingi municipality. The level of urbanization stood at 12.98 percent and is predicted to reach 15.35 percent by 2027. The rapid rate of urbanization has clear implications for the need for urban planning.

Table 10: Population Projections by Urban Area

Urban Centres	Census 2019			2022 (Projection)			2025 (Projection)			2027 (Projection)		
	Male	Female	Total	Male	Female	Total	Male	Female	Total	Male	Female	Total
Kitui Municipality	43,918	44,884	88,802	46,774	47,803	94,577	49,815	50,911	100,727	51,952	53,095	105,047

1.6.1 Population of Persons with Disabilities

In 2019, the number of individuals living with disabilities in Kitui County was recorded at 40,110. Of this total, 17,261 were males while 22,849 were females. The disabilities experienced by these individuals were diverse, ranging from hearing and speech impairments to visual, mental, physical, self-care, and albinism.

Mwingi Central and Kitui South sub-counties had the highest numbers of individuals living with disabilities in the region. While the specific reasons for this concentration of individuals with disabilities in these areas are not clear, it may be due to a range of factors such as limited

access to healthcare services, insufficient educational opportunities, and inadequate employment prospects. This is as summarized in Table 11.

Table 11: Population of persons with Disabilities in 2019 by Gender and disability type and sub-county

Disability type	Gender	Kitui East	Kitui West	Kitui Central	Kitui South	Kitui Rural	Mwingi North	Mwingi Central	Mwingi West	County Total

1.6.2 Demographic Dividend Potential

According to the data from 2019 population census, the population of Kitui County was 1,136,187. This figure is expected to grow to 1,344,037 by 2027. The county's fertility rate is projected to increase in the coming years and is anticipated to stand at 3.8 children per woman by 2027. As a result of this, the proportion of children aged below 15 years is expected to increase from 39.09% in 2019 to 46.24% by 2027. This increase in the proportion of children will result in a corresponding increase in the proportion of the population in the working ages (15-64 years) from 59.5% in 2023 to 64.68% by 2027.

Over the same period, the proportion of people aged 65 and above will increase from 6.78% in 2023 to 7.37% in 2027, as more individuals transition to this age group.

Table 12: Demographic Dividend potential

Category	2019	2023	2024	2025	2026	2027
Population Size	1,136,187	1,235,750	1,261,975	1,288,757	1,316,107	1,344,037

1.7 HUMAN DEVELOPMENT INDEX (HDI)

The Human Development Index (HDI) is a composite statistic of life expectancy, education, and income indices used to rank countries into four tiers of human development. It was developed on the basis that a simple composite measure of human development was needed in order to convince the public, academics, and policy-makers that they can and should evaluate development not only by economic advances but also improvements in human well-being. The HDI is measured using the life expectancy at birth, adult literacy rate and the combined enrolment rate at primary, secondary and tertiary levels, and GDP per capita measured in purchasing power parity (PPP) US dollars which is then used to make instructive comparisons of the experiences within and between different countries. The county has an overall Human Development Index of 0.480 compared to the national level of 0.520 as of 2019.

CHAPTER TWO

PERFORMANCE REVIEW OF THE PREVIOUS CIDP PERIOD

2.1 OVERVIEW

This chapter presents a comprehensive review of the previous County Integrated Development Plan (CIDP) that was implemented between 2018 and 2022. It not only evaluates the achievements of the plan but also examines the county's expenditure by sector and subsector, comparing the budgeted versus actual figures. Furthermore, the chapter offers an in-depth analysis of the major challenges encountered during the implementation of the plan.

The review of the CIDP 2018-22 provides a critical analysis of the plan's objectives, targets, and goals, highlighting the areas that were achieved and the ones that were not. It is essential to evaluate the previous plan's implementation to identify the strengths and weaknesses that need to be addressed in the current CIDP. The expenditure analysis by sector and subsector provides a detailed breakdown of the county's spending patterns, which is crucial in informing the allocation of resources in the current plan. I

Kitui County Investments: The County Government of Kitui implemented several investment projects during the previous plan period (2018 – 2022). These include The Kitui County Textile Centre (KICOTEC), the ballast crusher at Kwa Kilui in Yatta/Kwa Vonza ward, Kitui Food Industry (for making tomato paste, tomato sauce. etc), The Kitui Pharma Industry (launched to make sanitizers, antiseptics, hand washing soap, formalin, and methylated spirits, etc), Kitui Youth Industry in Manyenyoni (launched to produce cabros, interlocking bricks, culverts etc) and Livestock Transportation Trucks, Empowerment Fund.

The investments failed due to the following reasons:

- Poor and inept management for county entities
- Lack of feasibility studies before the investments were started
- Poor Performance for instance according to Auditor General's report on KICOTEC last year the entity made a loss to a tune of Kshs 90M+.

Worth noting is the fact that Governments all over the world are not supposed to compete with their people but should provide a conducive environment for business. In addition, looking at other Government investments in other counties like KICOMI, RIVATEX, Thika Mills, etc.,

failed. Going forward, the county is expected to look into the viability of all these investments, rethink, appraise and restructure their mode of operations to ensure sustainability.

Additionally, the comparison of budgeted versus actual expenditure provides insights into the county's financial management, highlighting areas that require improvement. The analysis of the challenges encountered during the previous plan's implementation is critical in identifying the factors that hindered the achievement of certain objectives. Addressing these challenges is necessary to ensure that the current plan is implemented effectively and efficiently, leading to the realization of the set goals and targets.

2.2 ANALYSIS OF THE COUNTY REVENUE SOURCES

During the implementation period, the total actual revenue received by the County over the last five years was Ksh.55.8 billion, which was 95% of the total projected revenue of Ksh.59 billion. Within the first year 2017/2018, the county received 97% of the planned projected amounts while year 4 registered the lowest achievement of 92% against the planned Kshs.12.5 billion.

The revenue sources for the County were analysed and it was found that the majority of the revenue came from intergovernmental transfers (equitable share). Grants and own source revenue were the other sources. Equitable share contributed 77% of the total projected revenue for the County, amounting to Ksh. 45.4 billion, out of which Ksh. 44.6 billion was received, accounting for 98% of the projected amount. Conditional grants from the National Government and development donors were projected to contribute Ksh. 5.6 billion, out of which Ksh. 3.8 billion was received, accounting for 69% of the total projected amount. The County had projected own source revenue of Ksh. 3.4 billion, but only Ksh. 1.9 billion was realized, accounting for only 55% of the projected amount. Table 13 provides a detailed analysis of the revenue sources over the five years of implementation.

Table 13: Analysis of County Revenue Sources

Revenue Sources	Year	a) Equitable Share	b) Conditional grants (GoK)	c) Conditional grants (Development Partners)	Total Conditional grants (GoK & Development Partners)	d) Own Source Revenue	e) Other Sources (Revote)	Total
Revenue Projection (Ksh.)	2017/18	8,652,300,000	399,712,692	344,841,672	744,554,364	528,413,076	1,318,085,375	11,243,352,815

2.3 COUNTY BUDGET EXPENDITURE ANALYSIS

Over the last five years, expenditure analysis indicates that most of the spending entities have been able to utilize the funds allocated to them effectively. In total, Ksh. 50.1 billion was absorbed by the county, which translates to 84.9% of the total projected amount. This is an impressive achievement considering the challenges that the county faced, such as delays in disbursement of funds and the impact of the COVID-19 pandemic.

The Department for Public Service Management and Administration had the highest absorption rate of 95.2%, followed closely by the Ministry of Health and Sanitation with a rate of 92%. However, the Lands and Physical Planning department had the lowest absorption rate of 49.5%. This was mainly due to the fact that the department was created in the last year of implementation of the plan, which posed a challenge in terms of absorbing the funds as a separate entity. The analysis is summarized in table 12 below.

Table 14: County Expenditure Analysis

County Ministry	Actual Allocation* (Ksh.)	Actual Expenditure (Ksh.)	Variance (between Actual Expenditure & actual allocation)	Absorption rate (%)	Remarks
Office of the Governor	7,520,403,441	6,143,055,880	-1,377,347,561	81.7	The absorption was affected by the effects of COVID 19 pandemic, slow disbursement of funds that hampered project implementation
Ministry of Public Service Management and Administration	2,170,110,325	2,065,100,601	-105,009,724	95.2	Absorption was fairly good
Ministry of Agriculture, Water & Livestock Development	7,885,875,964	6,393,303,454	-1,492,572,510	81.1	Delays in donor funding affected the ministry's expenditure
Ministry of Basic Education, ICT & Youth Development	3,756,953,810	3,004,892,637	-752,061,173	80	The absorption was affected by the effects of COVID 19 pandemic,
Ministry of Lands, Infrastructure, Housing & Urban Development	4,945,272,430	4,433,822,317	-511,450,113	89.7	The absorption was affected by the effects of COVID 19 pandemic
Ministry of Health & Sanitation	17,078,539,647	15,706,685,881	-1,371,853,766	92	Absorption was fairly good
Ministry of Trade, Cooperatives & Investment	2,667,058,777	2,013,625,745	-653,433,032	75.5	The absorption was affected by the effects of COVID 19 pandemic.
Ministry of Environment & Natural Resources	1,213,054,795	992,357,528	-220,697,267	81.8	The absorption was affected by the effects of COVID 19 pandemic
Ministry of Tourism, Sports & Culture	1,136,460,022	909,056,897	-227,403,125	80	The absorption was affected by the effects of COVID 19 pandemic.
The Ministry of Finance, Economic Planning & Revenue Management,	2,774,856,453	2,323,051,748	-451,804,705	83.7	The absorption was affected by the effects of COVID 19 pandemic coupled with delay in donor funding
County Public Service Board	245,109,283	208,479,188	-36,630,095	85.1	The absorption was affected by the effects of COVID 19 pandemic.
County Assembly Service Board	4,916,166,194	4,030,855,157	-885,311,037	82	
Kitui Municipality	1,886,747,337	1,327,336,327	-559,411,010	70.4	slow disbursement of funds that hampered project implementation
Mwingi Town Administration	566,919,448	431,293,833	-135,625,615	76.1	slow disbursement of funds that hampered project implementation
Livestock, Apiculture and Fisheries Development	127,852,832	92,823,742	-35,029,090	72.6	The Ministry was established in the last year of the plan, hence approval and defining the Vote and vote lines in the IFMIS affecting its expenditure
Lands and physical Planning	144,446,650	71,483,217	-72,963,433	49.5	The Ministry was established in the last year of the plan, hence approval and defining the Vote and vote lines in the IFMIS affecting its expenditure
Total	59,035,827,408	50,147,224,152	-8,888,603,256	84.9	Generally, the absorption was impressive despite delays in disbursement of funds and the impact of COVID 19 pandemic

2.4 SECTOR PERFORMANCE

2.4.1 Office of the Governor

The main achievements included:

Increase in Bursary funds: In 2018, the number of students who benefited from bursaries due to their financial need was 59,300. At the completion of the plan period, the number of supported students rose by 33,000, reaching 92,300 out of the targeted 111,000. This success can be attributed to the implementation of pro-poor programs initiated by the county government.

Equipping Village Polytechnics: The County was able to equip 6,000 village polytechnics during the planned period, exceeding their target of 3,000. This achievement was attributed to the increased demand and uptake of vocational skills by the residents and youth, who sought to acquire basic skills under the CLIDP program.

Additional Classrooms: To improve the learning environment for Early Childhood Development Education (ECDE) learners, the County initiated the construction of 36 new classrooms through the pro-poor program, which was part of the County Integrated Development Plan (CLIDP).

Dams' construction: The County embarked on a massive dam construction project and successfully constructed 88,000 earth dams in all 40 wards, exceeding the initial target of 6,500. This achievement was attributed to the County's commitment to prioritize water and food security as a crucial pillar of the County's development agenda, as outlined in the CLIDP programs.

Table 15: Sector Performance – Office of the Governor

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
1	No. of needy students assisted through Pro-Poor Support Programme	59,300	59,000	33,000	The anticipated budget for achievement of this indicator was reduced due to budgetary constraints.
2	No. of projects implemented through Pro-Poor Support Programme	4		120	The infrastructural tier of Pro-Poor Support Programme was implemented through the line ministry receiving proposals from needy learning facilities. The selected learning institutions were issued cheques of approximately KES 100,000 each to support in construction of the requested infrastructure.
3	No. of reports generated related to Pro-Poor Support Programme	8	2	5	In each of the five years of implementation of the programme a report was done
4	Number of ECDE classes constructed under CLIDP	459	80	36	Additional classrooms were constructed due to the rising numbers of learners. Construction of classes under the pro-poor programme was also undertaken under CLIDP.
5	Number of earth dams constructed under CLIDP	38	20	88	The over performance is due to emphasis on water and food security as a pillar of the county agenda.
6	Number of sand dams constructed under CLIDP	10	10	1,500	The department was able to construct more sand dams because of efficiency in CLIDP implementation
7	Number of polytechnics equipped under CLIDP	25	6,000	6,000	There was an increased uptake of the vocational skills from the residents/ youths to acquire basic skills
8	No. of roads graded under CLIDP	47	2	1200	With the county Government using its own road graders the target was overachieved
9	No. of public amenities fenced under CLIDP	53	15	80	The target was achieved
10	No. of public toilets constructed	184	50	283	The target was achieved
11	No. of water piping projects done under CLIDP	16	2	27	The target was achieved
12	No. of power connections under CLIDP	15	3	23	The target was achieved
13	No. of boreholes and shallow wells under CLIDP	20	10	260	The county government was more focused on drilling of boreholes hence high achievement
14	No. of water tanks installed under CLIDP	73	50	180	More focus on was on water inventions during the implementation of the CIDP
15	No. of water kiosks constructed under CLIDP	37	10	36	The target was achieved
16	No. of culverts done under CLIDP	22	5	17	The target was achieved
17	No. of health centres renovated and equipped under CLIDP	9	3	150	The target was achieved
18	No. of cattle dips constructed under CLIDP	9	2	0	This was not prioritized during any of the public participation of CLIDP projects
19	No. of lifts in Governor's Administration Block	0	1	0	This was not implemented due to budget constraints
20	% of offices furnished in Governor's Administration Block	0		8	The target was achieved
21	% of offices decorated in Governor's Administration Block	0		200	The target was achieved
22	No. programmes/projects implemented in line with Governor's Manifesto	2	400	400	The target was achieved
23	No. of monitoring and evaluation reports generated in line with Governor's Manifesto		2	5	In each of the financial year during the CIDP period a report was done

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
24	No. of legislative documents developed in Disaster Management and response preparedness			0	A draft document is in place
25	No. of response preparedness programs done		1	0	Since the disaster policy was not in place the implementation of achievement of this indicator was not possible
26	Number of officers trained Disaster Management and response preparedness	0	25	3	Lack of policy resulted to low turnout on the indicator
27	Number of employees counselled on HIV/AIDS	200	400	10	Increased awareness and interventions on HIV/AIDS have reduced transmission rates which accounts to reduced number of persons counselled.
28	Number of county residents and staff trained on HIV/AIDS	1	250	0	The ministry of health took lead in these interventions but not targeting only employees
29	No. of Magazines published	0	2	1	Budget constraints resulted to failure to attain the target
30	No. of Newsletters published	0	12	0	Budget constraints could not provide for attainment of this indicator
31	No. of documentaries published	0	3	25	The county government was more focused in implementation to attain this indicator
32	% of the policy programmes and recommendations done on County Branding, publicity and advocacy programmes	0	10	0	Budget constraints resulted to failure to attain the target
33	No. of Ha purchased for construction of Governor's Residence	10	0	0	Budget constraints resulted to failure to attain the target
34	% of works done in Governor's residence	0	0	0	Budget constraints resulted to failure to attain the target
35	% of the house furnished	0	50%	0	Budget constraints resulted to failure to attain the target
36	% of timely Governor's communication dissemination		100	95%	The achievement is satisfactory
37	No. of documentation systems established			1	A records centre was established under the office of the Governor
38	% of cabinet resolutions implemented		100	80	The achievement is satisfactory
39	Number of cases reported (gifts and declaration of conflict of interest)				No case was reported or recorded
40	Number of customers served, and issues resolved				No case was reported or recorded
41	Number of offences reported and recorded	334	20	87	The enforcement unit was effective in attainment of this target
42	Number of complaints registered			0	No case was reported or recorded
43	Number of suggestion boxes installed	54		0	No additional suggestion boxes were installed due to budget constraints
44	Number of customer needs resolved	3500	5200	7250	The customer relation department was effective in over achievement of this target
45	% of programmes/projects implemented in the strategic plan	20	20	0	The strategic plan for the department was not completed hence not possible to attain the indicator
46	Number of motor vehicles bought	25		2	Budget constraints significantly reduced the target
47	% of fleet management system done	0		0	Budget constraints
48	Number of reports generated on research and feasibility studies		2	0	Budget constraints
49	Number of staff trained on performance management systems		60	20	Only the senior management officers were
50	Number of staff on performance contracting			0	performance contracting was not embraced by the county government
51	No. of staff on performance appraisal systems			0	performance contracting was not embraced by the county government

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
52	No. of staff recruited		5	1,120	The department was able to increase its staff to enhance service delivery
53	No. of staff trained		500	120	Budget constraints resulted the failure to attain the set target
54	% of workforce details automated			0	Budget constraints
55	Number of HRM officers trained on Automation of Human Resource Registry			3	Only three offices were trained on Automation of Human Resource Registry
56	No. of staff trained on their respective area of duty		20	20	The target was achieved with use of in-house training model.
57	No. of staff on welfare schemes			2	The staff welfare was formed by staff without involvement of the county government
58	Percentage of staff with adequate working tools			60	Most of the staff have adequate working tools but more is needed
59	% of programme /projects implemented Departmental service charter in place	0		0	Budget constraints resulted to not having this indicator unrealized
60	No. of Policies developed on Control of Alcohol, Drugs and Substance Abuse			1	At Draft policy is in place
61	% of the programmes implemented		25%	0	Since there was no approved policy on Control of Alcohol, Drugs and Substance Abuse, there was no intervention done
62	No. of policies developed and approved by the Cabinet	17		10	This was a success with by the cabinet
63	No. of bills			7	This was a success with by the cabinet
64	No. of senior county officers trained on policy formulation	25		5	Successfully five officers were trained.
65	No. of public participation forums		2	5	There is public participation done each year on prioritization of CLIDP projects.
66	Policy document done on cross-cutting issues	0		0	Budget constraints
67	% of the programmes implemented on crosscutting issues	0	20	0	Budget constraints
68	No. of committees established for enhancing healthy working environment	0		0	Budget constraints
69	% of the programs/projects enhancing healthy working environment		1	1	Budget constraints
70	Policy document on PLWDs	0		0	Budget constraints
71	% of the programmes implemented on PLWDs	0	20	0	Budget constraints

Source: Office of the Governor

2.4.2 Office of the Deputy Governor

According to the CIDP II (County Integrated Development Plan II) for Kitui County in Kenya, which covers the period 2017-2022, there were several key indicators to measure the progress of tourism development in the region.

- **Number of tourist attraction sites developed:** The baseline for this indicator was set at 3, with a target to develop an additional attraction site. The achievement to-date is the ongoing development of the majority of targeted and mapped potential sites.
- **Increase the number of tourists visiting various tourist attraction sites:** The baseline for this indicator was set at 1500, with a target to increase the number to 26809. The actual achievement to-date is a positive variance in visitation, which has been triggered by the influx of local tourists into the Kalundu Eco Park. However, urgent plans are needed to make the park fully operational.
- **Number of promotional events held:** The baseline for this indicator was set at 6, with a target to hold six promotional events. The actual achievement to-date is 6, which includes the successful conduct of Miss Kitui 2017, World Wildlife Day in 2018 and 2019, the Kalundu Ecopark Launch, the Kitui County Expo in 2020, and the George Adamson Experience in 2019.
- **Number of Kitui tourism web portals developed:** The baseline for this indicator was set at 1, with a target to develop an additional web portal. The actual achievement to-date is one tourism web portal that has been developed, which can be accessed at www.kitui.tourism.go.ke.

Table 16: Sector Performance – Office of the Deputy Governor

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
1.	No. of tourist attraction sites developed		3	1	The attraction sites development in Kitui is ongoing for the majority of targeted/mapped potential sites.
2.	No. of ecotourism groups empowered with skills in Tourism product development and management		3	2	Budgetary constraints making it hard to give meaningful support to these groups
3.	Number of parks and animal orphanages established		2	2	The projects are not fully operationalized because of inadequate funding. The implementation is being done in phases, attaining a certain implementation percentage per year based on budget allocation
4.	Number of conservancies established		2	1	Reference is made to the Kanyonyoo wildlife conservancy done in conjunction with Yatta B2 ranching society, but it's under threat from armed squatters
5.	Increase the Number of tourists' visiting various tourist attraction sites		1500	26809	The positive variance in visitation is triggered by the influx of local tourists into the Kalundu Eco park. Plans to make it fully operational are urgently needed.
6.	Number of promotional events held		6	6	The department managed to conduct, Miss Kitui 2017, World Wildlife Day 2018 and 2019,

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
					Kalundu Ecopark Launch, Kitui County Expo 2020, and George Adamson Experience 2019.
7.	Number of Kitui tourism web portals developed		1	1	A Kitui tourism webportal was developed to act as platform for online tourism promotion (see. www.kitui.tourism.go.ke)

Source: Office of the Deputy Governor

2.4.3 Water and Irrigation

The Water Resource Development program aimed to increase access to safe water for domestic use, irrigation, and livestock use through various sub-programs. The Boreholes drilling and equipping sub-program targeted to drill and equip 90 boreholes. However, only 39 boreholes were drilled and equipped due to delays in procurement of contractors and insufficient funds. The Time taken to reach water points from homes was planned to be reduced to 20 minutes, but it took 45 minutes. The target was not fully achieved.

The Rehabilitation of boreholes through installation of green energy, electricity connection, and purchase of standby generators sub-program aimed to rehabilitate 360 boreholes, but only 46 were rehabilitated due to delays caused by Kenya Power in power connection.

The Mega Dams sub-program aimed to construct 5 dams, but only 2 dams were constructed due to insufficient funds to construct the second dam. Similarly, the Construction of medium dams (1 per ward) sub-program aimed to construct 40 medium earth dams but only 11 were constructed due to unavailability of water catchment areas and community land issues. The Construction and extension of water pipelines sub-program targeted to extend 50 pipelines, but 72 were extended. However, the project did not meet the target due to the high pumping cost involved in areas where gravity cannot be used in water distribution. The distance to the nearest water point was planned to be 3 km, but only 5 km was achieved due to additional water sources.

The Construction/desilting of small earth dams/pans & rock catchments sub-program aimed to construct 80 earth dams/pans/rock catchments, but only 46 were constructed due to lack of resources and skills in rock catchments and desilting of the earth dams. The % of households with access to safe, clean water was planned to be 60%, but only 42% achieved due to low quality borehole water, pollution in rivers, and earth dams compromising the cleanliness of water. The Construction of sand dams/subsurface dams sub-program aimed to construct 160 sand dams, but only 145 were constructed due to insufficient funds. Similarly, the distance to the nearest water point was planned to be 3 km, but only 5 km was achieved due to additional water sources.

The Water Supplies maintenance, repairs & rehabilitation sub-program targeted to repair/rehabilitate 100 water supplies, but 106 were repaired/rehabilitated. The high number of repairs was attributed to roads maintenance effect on pipelines and rainfall. However, only

35% achieved sustainable water for schemes due to insufficient water resources to support the schemes.

The Subsidies for WSPs sub-program aims to enhance continuous access to safe water supplies in Kitui & Mwingi towns by supporting 2 WSPs. The % of households with access to safe, clean water was planned to be 80%, but only 42% achieved due to rapid urbanization in Kitui and Mwingi towns.

The Construction of River-Athi-Kanyangi-Mutomom-Kanziko & Kiomo-Kyethani water supplies sub-program aimed to reduce the distance to the nearest water point to 3 km. However, only 5 km was achieved, and the project is ongoing in 4 areas i.e. Kanyongonyo, Kiseuni, Mwaani, and Kamutei.

The Procurement of SCWO'S vehicles sub-program aimed to ease movement of staff to workstations & project sites by buying 9 vehicles. However, the project was not implemented due to insufficient funds.

Lastly, The Feasibility Studies project produced 261 designs, exceeding the end-term target of 250. However, the project experienced a slowdown due to slow uptake of projects, which may have impacted the efficiency of the project. Overall, the project has been successful in producing accurate designs for water projects.

Table 17: Sector Performance – Water and Irrigation

Sub Programme	Outcome/ Key Output	Key performance Indicator	End-Term Target	Achievement	Variance	Remarks
Programme Name: Water Resource Development						
Boreholes drilling and equipping	Increased access to safe water for domestic use, irrigation and for livestock use	No. of boreholes drilled & equipped	90	39	-51	There was delay in procurement of contractors and insufficient funds to fund the remaining number of boreholes
		Time taken to reach water points from homes (minutes)	20	45	25	The time Planned was reduced from 60 to 45 Min due to the increased number of water points but Target of 20 Min was not achieved.
Rehabilitation of boreholes through installation of green energy, electricity connection and purchase of standby generators	Increased access to safe water for domestic use, irrigation and for livestock use	No. of boreholes rehabilitated	360	46	-314	The electricity connection involved Kenya power hence caused the delay in power connection.
Mega Dams – 5 dams	Increased access to safe water for domestic use, irrigation and for livestock use	Number of Mega Dams constructed	2	1	-1	Insufficient funds to construct the Second dam.
Construction of medium dams (1 per ward)	Increased access to safe water for domestic use, irrigation and for livestock use	Number of Medium earth Dams constructed	40	11	-29	The project slowed down due to unavailability of water catchment areas and community land issues.

Sub Programme	Outcome/ Key Output	Key performance Indicator	End-Term Target	Achievement	Variance	Remarks
Construction and extension of water pipelines	Increased access to safe water for domestic use, irrigation and for livestock use	No. of pipeline extensions done	50	72	22	The project did not meet the target due high pumping cost involved in areas where gravity cannot be used in water distribution.
		Distance to the nearest water point	3	5	-2	The projected distance was 3 km from 9 km. but only 5 km was achieved due to additional water sources
Construction/desilting of small earth dams/pans & rock catchments	Increased access to safe water for domestic use, irrigation and for livestock use	No. of earth dams/pans/rock catchments constructed	80	46	-34	The project was affected by lack of resources and skills in rock catchments and desilting of the earth dams
		% of households with access to safe, clean water	60	42	-18	Low quality borehole water, pollution in rivers and Earth dams compromised the cleanliness of water
Construction of sand dams/sub surface dams	Increased access to water for multiple uses	No. of sand dams constructed	160	145	-15	The project slowed down due to insufficient funds
		Distance to the nearest water point (km)	3	5	-2	The projected distance was 3km from 9 km. but only 5 km was achieved due to additional water sources
Water Supplies maintenance, repairs & rehabilitation	Increased access to safe water for domestic use, irrigation and for livestock use	No. of water supplies repaired/rehabilitated	100	106	6	The high number of repairs where attributed by roads maintenance effect to pipelines and rainfalls
		% of sustainable water for schemes	70	35	-35	Insufficient water resources to support the schemes
Subsidies for WSPs	Enhanced continuous access to safe water supplies in Kitui & Mwingi towns	No. of WSPs supported	2	2	0	There was sufficient budget allocation for the two WSPs (Kitui and Mwingi)
		% of households with access to safe, clean water	80	42	-38	There is rapid urbanization in Kitui and Mwingi towns.
Construction of River-Athi-Kanyangi-Mutomo-Kanziko & Kiomo-Kyethani water supplies	Increased access to safe water for domestic use, irrigation and for livestock use	Distance (km) to the nearest water point	3	5	-2	The project is ongoing in 4 areas i.e. Kanyongonyo, Kiseuni, Mwaani, and Kamutei.
Procurement of SCWO'S vehicles	Ease movement of staff to work stations & project sites	No. of vehicles bought	9	1	-8	The project was not implemented due to insufficient funds
Feasibility Studies	Accurate designs of all water projects	No. of designs produced	250	261	11	The project slowed down due to slow uptake of projects
Supply & installation of water storage tanks (10m3)	Increased water harvesting & storage	No. of tanks supplied and installed	2,400	1728	-672	The project target was not achieved due to insufficient funds.

Source: County Ministry of Water and Irrigation, 2023

2.4.4 Education, Training and Skills Development

The county government has made significant progress in improving the education sector, particularly in early childhood development education (ECDE). The government has surpassed the target of constructing 200 ECDE classrooms by constructing and equipping a total of 216 classrooms. This was made possible through prudent use of savings accrued from Bill of Materials (BOM) quotations, which enabled the government to construct additional classrooms. This achievement has significantly improved access to quality education for children in the county.

In addition, the government has also made remarkable progress in improving the teacher-pupil ratio in ECDE centres. The baseline for this indicator was 1:33, and the target was 1:24. The county government has made significant strides in achieving this target, achieving a ratio of 1:28. This is a significant improvement that has positively impacted the quality of education in the county.

Moreover, the government has made impressive progress in improving the capacity of ECDE teachers by conducting capacity-building workshops on Competency-Based Curriculum (CBC) and Competency-Based Assessment (CBA). The government has exceeded the target of 2,000 teachers applying recommended teaching styles, with 2,401 teachers having applied these styles. This has led to an improvement in the quality of education offered to children in ECDE centres.

In the Polytechnics/Vocational Training centre and homecraft centres subsector, the county government has achieved the nomination of 53 Board of Management Members (BOMs), surpassing the target of 52. The government has also upgraded the infrastructure of 23 out of the targeted 53 Vocational Training Centres (VTCs) through the construction of workshops, renovation of buildings, pit latrines, and chain-link fencing and gates. Additionally, the government has disbursed capitation funds to all trainees in the 53 VTCs, meeting the target of 53.

Furthermore, the government has ensured that eligible trainees' trade fees were paid in full during the 2017/2018 financial year, demonstrating its commitment to ensuring access to vocational education. The government has also achieved the target of conducting eight deworming sessions, thanks to the support services provided by the Ministry of Health.

Table 18: Sector Performance - Education, Training and Skills Development

S/No	Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to date	Comments
1	Construction and equipping of over 200 ECDE Classrooms	450	200	216	This achievement is attributed to savings accrued from BoQ quotations which led to increase in the number of classrooms constructed
2	Recruitment of ECDE teachers	2,162	2,000	240	Low budgetary allocation
3	Develop Policy on collaboration with National Government on Education functions not devolved	0	1	0	Lack of technical support
4	Implement identified collaborative projects to support education functions in the County	0	25	0	No budgetary allocation
5	Increased access to quality education				
(a)	Teacher: pupil ratio in ECDE centres	01:33	01:24	01:28	Low budgetary allocation
	Text book: Pupil ratio	01:43	01:10	0	
	No. of Childcare facilities providing services	0	0	0	No budgetary allocation
5	Improved health and sanitation in ECDE Centres.				
	No. of ECDE centres using clean water	0	500	66	Low budgetary allocation
6	Improved capacity of ECDE Teachers and BOMs				
	Number of teachers applying recommended teaching styles	0	2,000	2,401	Capacity building workshops for teachers conducted on CBC and CBA
	No. of BOMs constituted	0	1,600	0	No budgetary allocation
7	Improved curriculum implementation				
(b)	Number of monitoring visits undertaken	0	15	1	Low budgetary allocation
	Number of co-curriculum activities supported	0	10	8	disruption of school calendar due to Covid-19
8	Number of deworming sessions conducted	0	8	8	Provision of support services by the ministry of health
9	No. of toilet facilities per year	10	200	51	Low budgetary allocation
	Polytechnics/Vocational Training centre and homecraft centres				
S/NO	*Indicator as per the CIDP 11N(2017/2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
1	Nomination of board of governors for effective management of VTCs	49	52	53	This achievement is attributed to nomination of 53 BOMs which expired within three years and were never constituted again
2	No. of VTCs infrastructure upgraded	53	53	23 VTCs	This achievement is attributed to construction of Workshops, renovation of buildings, pit latrines and chain-link fencing and gate in various VTCs
3	Disbursement of Capitation funds	53	53	53	Trainees in all the 53 VTCs received capitation in three FYs (2017/2018,2018/2019 & 2019/2020)
4	Trade fees paid	53	53	53	Legible trainees trade fees paid for during the FY 2017/2018

2.4.5 Roads, Public Works and Transport

The County Integrated Development Plan II (CIDP II) under Roads, Public Works and Transport outlines several indicators that measure the county's progress towards its development goals from 2017-2022. Here are some key achievements to date

- The county had a target of grading 6,000 km of roads by 2022, with a baseline of 5200 km in 2017. However, the county has exceeded this target by grading 13,000 km of roads due to increased allocation of machinery from MTF and improved efficiency.

- The county had a target of constructing 4,000 gabions and heavy grading structures by 2022, with a baseline of 0 in 2017. However, the county has exceeded this target by constructing 5,400 structures, thanks to adequate funds.
- The county aimed to construct 6,080 m of drifts by 2022, starting with a baseline of 3,560 m in 2017. However, the county has constructed 7,000 m of drifts, thanks to adequate funds.
- The county aimed to make 5 towns dustless by 2022, starting with a baseline of 0 in 2017. However, only 4.5 towns have been made dustless to date due to inadequate funds.

Table 19: Sector Performance – Roads, Public Works and Transport

S/No	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
1.	No. of km gravelled	50	320	120	Inadequate funds and also KRB RMLF not issued for FY 2021/2022
2.	No. of km graded	5200	6,000	13,000	More allocation of machinery from MTF and improved efficiency
3.	No. of km upgraded to bitumen standard	5	25	1.5	Inadequate funds and also KRB RMLF not issued for FY 2021/2022
4.	No. of Gabions and Heavy grading	0	4000	5400	Adequate funds
5.	No. M length of drifts constructed.	3,560	6,080	7,000	Adequate funds
6.	No. of box culverts constructed	4	40	4	Inadequate funds and also KRB RMLF not issued for FY 2021/2022
7.	No. of bridges constructed	2	10	1	Insufficient funds
8.	No. of M Length culverts constructed	150	11,200	5000	Inadequate funds and also KRB RMLF not issued for FY 2021/2022
9.	No. of drains rehabilitated	4	6,000	5800	Insufficient funds
10	No. of Dustless Towns	0	5	4.5	Inadequate funds
11	No. of persons with access to housing	30%	160%	0%	The proposed houses at Manyenyoni & Kalawa sites are at ground breaking stage. No houses completed
12	No. of policy for mortgage scheme formulated	20%	140%	0%	No funds availed for the policy
13	No. of houses renovated	20%	140%	25%	2 No. houses renovated. Insufficient funds
14	Acreage of land acquired for hazardous material disposal	20%	2	0	No land acquired. Insufficient funds
15	No. of policies implemented	5	23	1	1 No. policy formulated -Affordable housing policy
16	Waste management system in use	1	2	0	Insufficient funds
17	No. of Disaster strategy plans developed	1	1	0	Insufficient funds
18	No. of street lights installed in markets	100	700	0	Insufficient funds
19	No. Of offices constructed	2	14	0	Insufficient funds

Source: County Ministry of Roads, Public Works and Transport, 2023

2.4.6 Health and Sanitation

Under the sub-programme of HIV/AIDS prevention and control, the target for the number of eligible HIV clients using ARVs was exceeded, with 24,493 clients using ARVs compared to the target of 18,750. The percentage of pregnant women counselled and tested for HIV/syphilis during ANC was only 70.2% compared to the target of 98%, due to an erratic supply of supplies. However, the percentage of HIV+ pregnant mothers receiving preventive ARVs and syphilis treatment was exceeded, with 99.5% of mothers receiving treatment compared to the

target of 98%. The percentage of HIV-exposed infants (HEI) turning HIV positive was higher than the target, with 10.8% turning positive compared to the target of 5.2%.

Under malaria control, the number of health facilities receiving malaria drugs was exceeded, with 307 facilities receiving drugs compared to the target of 260.

Under immunization and vaccines, the percentage coverage of fully immunized children <1 year was 78.5% compared to the target of 85%, with coverage being affected by the COVID-19 pandemic. The number of immunizing health facilities was exceeded, with 300 facilities providing immunization services compared to the target of 260.

Under reproductive health, maternal, neonatal, child, adolescent health (RM), the percentage of women with unmet needs for family planning was 56%, which is slightly better than the baseline of 55.1%. The percentage of deliveries conducted by skilled attendants exceeded the target, with 65.2% of deliveries being conducted by skilled attendants compared to the target of 50%. The number of maternity units/ wards operational was exceeded, with 70 units being operational compared to the target of 14.

Under nutrition, the number of children classified as overweight showed a significant increase, surpassing the target of 900 and reaching 4,275. This rise was attributed to a lack of knowledge regarding proper nutritional practices. Addressing this knowledge gap could be a key strategy in tackling childhood overweight and promoting healthier lifestyles.

Encouragingly, the percentage of infants under 6 months who were exclusively breastfed increased from 70% to 80%, surpassing the set target and reaching 81.5%. This achievement highlights the success of efforts to promote and support exclusive breastfeeding practices among mothers.

Regarding maternal health, the percentage of pregnant women receiving Iron Folate for at least 90 days showed remarkable progress. The target of 68% was surpassed, and the achieved figure reached 81.5%. This improvement signifies the effectiveness of interventions aimed at addressing iron deficiency and promoting healthy pregnancies.

The percentage of children aged 6 to 59 months receiving Vitamin A supplements twice a year witnessed substantial progress, exceeding the target of 70% and reaching 90%. This achievement indicates the successful implementation of vitamin A supplementation programs, which are vital for children's growth and development.

The County has made strides in improving health promotion and behavioural changes related to health issues. A total of 36 radio talk shows were held on the control of non-communicable diseases, resulting in improved health seeking behaviour. Additionally, 2,470 Community Health Volunteers (CHVs) were trained on non-communicable diseases control and prevention, although the target was deemed too high given that the County had never had such a number of CHVs before.

Health promotion messages reached a total of 259,236 households through media platforms and household visits by CHVs. In terms of community health services, the County established

247 functional community units, but only 41 were fully functional and equipped with support from CMMB. As a result, 279,969 persons were referred to health facilities by CHVs, but the baselines and targets were considered too high due to the CHS structure not being well-established.

On the issue of clean water and sanitation, the County saw improvements in household access to safe water, with 65% of households having access compared to the previous 30%. This was attributed to the supplies of water treatment chemicals provided by CHVs. Moreover, 100% of households had access to a sanitary facility, thanks to market-based sanitation marketing supported by CHVs and PHOs. The number of units fully using sanitary facilities also increased from 3,555 to 4,930.

Routine inspections conducted by PHOs resulted in an increase in the number of trade premises meeting minimum requirements on hygiene and sanitation, with the number rising from 6,461 to 10,403. Finally, 90% of public health facilities were disposing of healthcare waste appropriately, and health care workers were trained on waste management and provided with waste collection supplies.

The county established a palliative care centre with both in-patient and outpatient departments fully equipped, and the target for the number of palliative care units established was achieved.

In improving health care county-wide, the goal was to operationalize 24 new health facilities, but the county was able to operationalize 45 new health facilities. However, the goal of adopting the county health bill was not achieved. The target for the number of health facilities using IHMIS was not met due to budget constraints.

In monitoring and evaluation of services, programs/projects, the goal was to improve M&E in the ministry. The County Health Sector M&ETWG was operationalized, and the Ministry's M&E framework was partially operationalized.

Figure 2: Key Performance Indicators

Table 20: Sector Performance – Health and Sanitation

Programme Name	Sub Programme	Key Outcomes	Key Performance Indicators	Baseline 2017	Target	Achievement 2022	Comments	Source Document
Objective: To improve preventive and promotive health services Impact: Reduced risk of communicable and non-communicable diseases	HIV/AIDS prevention and control	Reduced HIV Infections	No. of Wards with effective HIV Prevention programs providing HIV service points	0	40	40	This achievement is attributed to having a partner supporting HIV services in the County	KHIS
		Reduced HIV stigmatization	No. of clients going for counselling and testing for HIV	210000	250,000	72173	The target was way too high since there are guidelines and approaches on targeted testing	KHIS
			No. of eligible HIV clients using ARVs	17000	18750	24493	The achievement was attributed to strategies put in place as per the guidelines	KHIS
		Reduced mother to child transmission of HIV /syphilis	% of pregnant women counselled and tested for HIV/ syphilis during ANC.	90	98	70.2	This was contributed by erratic supply of supplies	KHIS
			% HIV+ pregnant mothers receiving preventive ARVs and syphilis treatment	90	98	99.5	This is attributed to low coverage of ANC and also erratic supply of commodities	KHIS
			% HIV exposed infants (HEI) turning HIV positive	6	5.2	10.8	in 2017 the MTCT was 18% we have managed to reduce it over the years up to where we stand	KHIS
		TB control	Reduced TB transmission	No. of Support supervision and Data audits carried out	32	36	10	The target was not met due to financial constraints
	TB Prevalence per 100,000			177	150	197	This was attributed to Covid 19 pandemic where patients were not able to access health care services	TIBU
	Malaria Control	Reduced spread of Malaria and other communicable diseases	TB success rate (%)	90	90	90.4		TIBU
			No. of cases of malaria per 1,000	20614	17000	23.1	The target for this indicator were poorly set (The achievement was 42.9 cases of malaria per 1000 population)	KHIS
			No. of supportive supervision visits conducted per quarter in the SCs	0	9	4	The target was not met due to financial constraints	County Records
	Immunization and Vaccines	Reduced preventable deaths among children under five years	No. of health facilities receiving malaria drugs	247	260	307	Malaria commodities and supplies are grants hence more Health facilities were assessed and supplied with commodities for the service	KHIS
			% coverage of fully immunized children <1 year	70	85	78.5	Immunization coverage was affected by Covid 19 pandemic	KHIS
			Number of immunizing health facilities	214	260	300	This is attributed to support from different partners hence more sites identified and equipped for immunization	KHIS

Programme Name	Sub Programme	Key Outcomes	Key Performance Indicators	Baseline 2017	Target	Achievement 2022	Comments	Source Document
	Reproductive health, Maternal, Neonatal, Child adolescent Health (RM)	Improved equitable coverage and utilization of RMNCAH services	% of women with unmet needs of family planning	55.1	58	56	The big gap in unmet need is attributed to erratic supply of Family planning commodities Countrywide	KHIS
			% deliveries conducted by skilled attendant	42	50	65.2	The achievement is attributed to incentives given to mothers after delivering in Hospitals and also one of the sub-Counties having CHS in place hence their coverage gave the county a boost	KHIS
			% of Expectant women with fourth visit attendance in ANC in the county health facilities	44	56	42.4	The low coverage is attributed to late enrolment for ANC clinic such that by the time the mother is due for delivery they don't make up to 4 visits as per Guidelines	KHIS
			% Reduction of teenage pregnancy	18	23	23	This is attributed to Covid pandemic where the teenagers stayed home for the longest period	KHIS
			No. of maternity units/ wards operational	14	14	70	The indicator is not clear since a number of health care facilities do not have an ideal maternity ward.	KHIS
	Nutrition	Improved nutrition status of children and adults	% of new-born with low birth weight	5	4.5	7.1		KHIS
			No. of children overweight	995	900	4275	lack of knowledge on nutritional practices	KHIS
			% of children under 5years underweight	19	16	14.5	The achievement is not representative due to poor health seeking behaviour by the caregivers. The actual data can only be gotten from surveys but unfortunately the county has not had any survey currently	KHIS
			% infants under 6 months on exclusive breastfeeding	70	80	81.5	Achieved the target due as a result of sensitization of lactating mother	KHIS
			% of pregnant women receiving Iron Folate at least for 90 days	68	75	81.5	Achieved the target due as a result of sensitization of expectant women	KHIS
			No. of persons receiving curative nutritional Services	748	1445	339	Under achievement as a result of budgetary shortfalls	KHIS
			% of children aged 6 - 59 months receiving Vitamin A supplements twice a year	59.9	70	90	Achieved the target due as a result of sensitization and adequate budgetary allocation	KHIS
			% of children under 5 years stunted	29.3	25	25	Achieved the target as a result sensitization on nutrition	KDHS

Programme Name	Sub Programme	Key Outcomes	Key Performance Indicators	Baseline 2017	Target	Achievement 2022	Comments	Source Document
			% of under 5's treated/managed for diarrheal diseases	0.18	0.05	58.2	This a new indicator that is being followed up. Its achievement is attributed to erratic supply of commodities and supplies	KHIS
	Health Promotion	Improved health seeking behaviour	No. radio talk shows held on control of non- communicable diseases	Not available	36	96	The achievement is attributed to continuous radio talks and show which were geared towards Covid 19	KHIS
		Improved social behavioural changes in health issues	No. CHVs trained on control of non- communicable diseases control and prevention	Not available	2470	1890	The target was too high because the County has never had such a number of CHVs	
			No. households reached with health promotions messages	Not available	270000	259236	The County has a total of 247 CUs established but out of the total number its only 41 CUs that are fully functional and fully equipped with support from CMMB	
	Community health services	Scaled up Community health services	No. of functional community units Established	247	247	189	The County has a total of 247 CUs established but out of the total number its only 41 CUs that are fully functional and fully equipped with support from CMMB	KHIS
			No. of households reached with health messages CHS	223976	279969	259236	This was attributed to use of media platforms to reach out to the members of the community and household visits by CHVs	
			No. of persons referred to health facility by Community Health Volunteers	252000	504000	786	The Baselines and targets were too high, The CHs structure was not well established	KHIS
	Clean water and Sanitation including health care facilities and waste	Improved Water and Sanitation at the household level	% of Households with access to safe water	30	65	50	Supplies of water treatment chemicals to households by CHVs	KHIS
			% of households with access to a sanitary facility	96	100	98	Due to market-based sanitation marketing supported by CHVs and PHOs	County Records
			No. of units (vijjis) fully using sanitary facilities	3555	4930	4930	Due to market-based sanitation marketing supported by CHVs and PHOs	County Records
			No. of trade premises meeting minimum requirement on hygiene and sanitation	6461	10403	9048	due to continuous routine inspection done by PHOs	County Records
			% of public health facilities disposing off Health Care Wastes appropriately		100	90	Trainings of Health Care workers on waste management and provision of waste collection supplies	County Records

Programme Name	Sub Programme	Key Outcomes	Key Performance Indicators	Baseline 2017	Target	Achievement 2022	Comments	Source Document
	Communicable disease control, prevention and epidemiology	Reduce burden of communicable diseases	% of Health Facilities receiving Support Supervision	50	100	40	The target was not met due to financial constraints	County Records
			% of measles suspected cases investigated promptly as per standard guidelines	100	100	80	The target was not met due to lack of facilitation for sample collection, Covid 19 Outbreak and also staff turnover	KHIS
			% of suspected Acute Flaccid Paralysis (AFP) cases screened and investigated promptly as per standard guidelines	100	100	80	The target was not met due to lack of facilitation for sample collection, Covid 19 Outbreak and also staff turnover	KHIS
	Non-Communicable Diseases (NCDs) control and prevention	Increased prevention of morbidity due to non-Communicable diseases	No. of persons of all age groups screened for cervical cancer	Not available	25000	6305	The target was very high, Covid 19 pandemic affected access of health care services and also erratic supply of screening supplies	KHIS
			No. of health care workers applying NCD management approach	Not available	30	NO DATA	No source document for the data	
			No. of Health facilities constantly offering NCD services	Not available	5	NO DATA	No source document for the data	
Curative Care Objective: To provide quality and timely health services Impact: Improved access to quality health care	Upgrading and Equipping of County Hospitals	Enhanced provision of specialized curative diagnostic.	No. of public hospitals offering specialized diagnostic services	2	14	2		KHIS
			No. of facilities offering medical rehabilitation services	4	14	2	The target was not achieved due to financial constraints to assess and upgrade more health facilities	KHIS
			% of hospitals with adequately responding to standard health concerns	100	100	NO DATA	The baseline and target were wrongly set	County Records
		Improved provision and security of drugs, vaccines and other commodities	No. of facilities reporting no drugs stock outs	204	260	307	There was erratic supply of drugs which was witnessed in all Health Care Centres	County Records
			No. of hospitals using own modern drugs store	1	9	0	The Baseline and target was wrongly set the County has no modern drug store in place. The one available is stalled	County Records
		Improved hospital development	No hospitals following own development master plan	0	14	0	No Health Facility with master plan	County Records
	Palliative care centre with both in-patient	Enhanced health care services for the	No. of palliative care units established	1	1	1		County Records

2.4.7 Trade, Industry MSMEs, Innovation and Cooperatives

During the implementation of CIDP II from 2017 to 2022, the Ministry of Trade, Industry, MSMEs, Innovation, and Cooperatives has achieved significant milestones in promoting competitiveness and inclusive growth. The following are the key accomplishments of the Ministry during this period.

Cooperative promotion and development

The cooperative program aimed to increase the number of registered cooperative societies. The baseline was set at 205 in 2017, and the target was 305 by 2022. However, the program was affected by tough precautionary measures to contain COVID-19, including the suspension of AGMs, committee management meetings, and public gatherings, which affected service delivery. As a result, the program achieved a total of 356 registered cooperative societies.

In addition to increasing the number of registered cooperative societies, the program aimed to increase membership, improve management, enhance transparency and accountability, and improve leadership and governance. The program surpassed its target of increasing the number of registered cooperative society's members from 60,321 to 82,511, and active cooperative societies from 146 to 267.

Trade and Investment

The Trade and Investment program aimed to improve the legal and policy environment, construct modern market infrastructure, renovate markets, and improve the jua kali sheds/sites. It also aimed to improve livestock markets, establish cottage industries, provide capacity building for MSMEs, improve access to affordable credit, enforce weights and measures, promote honey processing, construct and rehabilitate county abattoirs, and purchase livestock trucks. The program achieved some of its targets, such as the establishment of four cottage industries against the target of two and surpassing the target for the MSMEs Fund (County Empowerment Fund), with 2,814 loans issued against the target of 620. However, it did not meet most of its targets due to insufficient funds, including the construction of modern market infrastructure, improvement of jua kali sheds/sites, improvement of livestock markets, purchase of livestock trucks, and honey processing.

Capacity building of cooperative officials and members

The programme aimed to improve the capacity of cooperative officials and members to effectively manage the affairs of their societies. The target was to train 7,500 cooperative officials and members by 2022, with a baseline of 2,500 in 2017. However, only 2,300 officials and members were trained, indicating that the target was not achieved due to insufficient funding.

Cooperative Marketing and Value Addition

The programme aimed to increase the income of cooperative societies by promoting marketing and value addition activities. The target was to establish two cottage industries for value

addition by 2022, with a baseline of zero in 2017. However, the target was surpassed as four cottage industries were established due to a change in priority.

Due to limited financing and resources, the Trade and Investment and Cooperative programs have had mixed success in reaching their goals. However, because to shifts in priorities, certain goals were exceeded. The implementation of various initiatives was also hampered by constraints related to understaffing, staff movement, and logistical problems. To ensure that the remaining targets are met by 2022, the County should prioritize allocating resources to these programs.

Table 21: Sector Performance - Trade, Industry MSMEs, Innovation and Cooperatives

Programme	Outcome/ Key Output	Indicators as per CIDP (2018-2022)	Baseline (2017)	Target-2022	Achievement	Comments
Programme Name: Trade and Investment						
legal and policy Environment	Improved policy environment	No. of laws and policies	0	6	2	Due to limited resource set targets were not achieved
Construction of modern market infrastructure	Improved market	No. of modern market infrastructure developed	18	5	11	Due to limited resource few markets were constructed
Renovation of markets	Improved market	No. of market renovated	20%	100	7	Set targets not met due to Insufficient fund
construction and Improvement of jua kali sheds/sites	Improved Jua kali shed/sites	No. of Jua kali shed improved	2	3	1	Set targets not met due to Insufficient fund
Improvement of livestock market	Improved livestock market	No. of	5%	56	12	Set targets not met due to Insufficient fund
Cottage industry establishment	production of leather products and garments	No. of industries established	0	2	4	set target surpassed due to change of priority
Capacity building of MSMEs	Improved knowledge and skills	No. of MSMEs trained	20%	5000	4000	Set targets not met due to Insufficient fund
MSMEs Fund (County Empowerment Fund)	Improved access to affordable credit	No. of loans issued	0	620	2814	Target surpassed.
weights and measures	Fair trade and Consumer protection	No. of weighing and measuring instruments verified and stamped	30%	8,000	5400	transport logistics hindered project implementation
Honey processing	Improved income from honey and honey value added products	No. of honey processing industries/units in operation	3	7	1	Set targets not met due to Insufficient fund
Construction and rehabilitation of county abattoir	Improved income from livestock value added products	No. of abattoir constructed	2	2	0	Set target met
Purchase of livestock trucks	Improved income from livestock value added products	No. of trucks purchased	0	15	5	Set targets not met due to Insufficient fund
Programme Name: Cooperative						
Cooperative promotion and development	Increased number of registered	Number of Registered	205	305	356	Tough precautionary measures taken by state to battle and contain Covid-19 i.e., suspension of

Programme	Outcome/ Key Output	Indicators as per CIDP (2018-2022)	Baseline (2017)	Target-2022	Achievement	Comments
	cooperative societies	Cooperative Societies.				AGMs. Committee, management meetings and public gatherings affected service delivery.
	Increased membership	Number of Registered Cooperative Societies members	60321	90320	82511	
	Improved management	Number of Active Cooperative Societies	146	240	267	Understaffing and staff mobility was a challenge

2.4.8 Culture, Gender, Youth, ICT, Sports and Social Services

The Ministry of Culture, Gender, Youth, ICT, Sports, and Social Services has made notable strides in advancing competitiveness and inclusive growth while implementing CIDP II between 2017 and 2022. The Ministry's significant achievements during this period are as follows:

In the culture sector, progress has been made in the completion of the gallery 1, II, III at Lower Eastern Heritage Centre at Tseikuru, which stands at 30% of the target. Additionally, engagement with institutions relevant to the department is at 60%, and frameworks with local and national partners have been strengthened.

For gender, social development, and children services sector, the socio-economic empowerment initiatives for women and community groups achieved 494 out of 534 groups target. The completion of eight resource centres and social halls is at 2 out of the 8, and child development initiatives for 20% of the target have been supported. The sector has only achieved 30% of the target in accessing 30% public procurement for 2470 persons and 494 women registered companies. The county is yet to complete the entire wards in forming the gender awareness and response framework, and sensitization seminars and barazas for SGBV and other related family cohesive matters have only reached 40% of the target.

In the sports sector, the construction of ultra-modern stadia complex, which has a target of 100%, is at 0% due to inadequate funding, delayed disbursement of funds, Covid 19 effects, and FKF wrangles. The upgrade of sports facilities in at least one per village is at 45%, while

talent development in rugby and sports equipment/kit to teams and clubs have reached 100% and 35% of the targets, respectively. The county is yet to set up a County Sports Council.

For youth development, approximately 6800 youths were trained and employed in KICOYDEC, albeit in phases, instead of the targeted 800. The youth skills development program for 3,200 youths trained only 1,920, and only 48 youths per ward were trained in the entire 40 wards due to limited financial resources.

Overall, the county has made progress in some areas, while others are still below the set targets due to various challenges, including inadequate funding, Covid 19 effects, and delayed disbursement of funds.

Table 22: Sector Performance Culture, Gender, Youth, ICT, Sports and Social Services

S/No	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
Sector: Culture					
1	Completion of gallery I, II, III at <u>Lower Eastern Heritage Centre at Tseikuru</u>	5%	30%	30%	Completion of the centre in progress
2	Construction of curator's residence at Lower Eastern heritage Centre at Tseikuru	0%	90%	30%	Construction of curator's residence in progress
4	Enactment of relevant county policies	0%	Operationalization of the legislation	0%	Waiting for a budget to kick start the process
5	Preservation of pre-historic sites	50%	Operationalization of pre-historic sites	50%	Public participation to commence
6	Integrated cultural programs for schools, community groups and other institutions	100%	Increase the engagement level by 20% out of school youth in talent nurturing	60%	Working with institutions and community groups to engage at all levels.
7	Establishment of national cultural organizations	50%	Engagement with institutions relevant to the department	60%	Strengthening frameworks with local and national partners
Sector: Gender, Social Development and Children Services					
1	Socio-economic empowerment initiatives for Women and Community groups	280 groups	534	494 groups out of 534 groups	Financial support from the CGOK necessitated. Support from other line ministries
2	Support initiatives towards socio-economic development of marginalized members of the society	40%	100%	80%	Budgetary constraints Covid 19 effects
3	Support community learning through the completion of 8 resource centres and social halls	30%	8	2	Operationalization in progress for the 2 resource centres
4	Support 10 community-based child development initiatives (10,000)	10%	100%	20%	Insufficient budget to support all. The 20% was achieved through partners support
5	Annual County Children Assembly (4,000)	0%	100%	0%	The Covid epidemic and strained budget allocation affected the kick off
6	Support groups in accessing 30% public procurement (2470 persons and 494 women registered companies)	10%	100%	30%	Covid pandemic and inadequate budget
7	Establishment of a gender awareness and response framework (40 ward committees)	20%	100%	30%	We are yet to complete the entire wards in forming the framework
8	Sensitization seminars and Barazas for SGBV and other related family cohesive matters	30%	80%	40%	Challenge to achieve the target was due to inadequate funding

S/No	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
					Fare support from partners (WELL, World vision, GoK Kenya)
9	Networking meeting with partners (20 NGOs)	0%	100%	25%	Strengthen more partnerships
10	Drug and substance abuse campaign within Kitui County	0%	100	10%	Covid 19 challenges, insufficient funding
11	Engagement with partners on gender matters	40%	80%	20%	A big challenge from Covid 19
Sector: Sports					
1	Sports facilities;	0%	16.6	16.6	
	Construction of ultra-modern stadia complex	0%	100%	0%	In adequate funding, Delayed disbursement of funds. Covid 19 effects FKF wrangles

2.4.9 Energy, Environment, Forestry, Natural and Mineral Resources

The County Integrated Development Plan (CIDP) II (2017-2022) outlined various programmes and projects aimed at improving the environment, energy, minerals, and other sectors in Kitui County. In the environment sub-sector, the programme focused on environmental research, tree growing and forest conservation, alternative livelihood for the communities affected by the charcoal ban, and water catchment conservation and rehabilitation.

The project to develop and review policies to enhance compliance to environmental regulations, including the charcoal management Act, wood fuel value chain policy, sand harvesting bill, and noise pollution regulations, has achieved its target of reviewing and developing two legal documents.

The tree growing and forest conservation project aimed to identify and promote drought-tolerant tree species for propagation and to establish tree-growing nurseries. Although the project has only identified and promoted three drought-tolerant tree species out of the target of twelve, it has established one nursery out of the target of eighty. Furthermore, the project has promoted the commercial growing of 225,426 high-value and multipurpose tree species, which will help mitigate climate change.

The alternative livelihood project aimed to establish commercial tree nurseries, poultry and goats' rearing to benefit communities affected by the charcoal ban. So far, the project has benefited 800 households, which has led to improved livelihoods for the affected communities.

The water catchment conservation and rehabilitation project focused on conservation and protection of river banks and catchment areas along major rivers and streams. The project aims to conserve five catchment sites and rehabilitate three water catchment sites. Although the

project has only conserved three catchment sites and rehabilitated one water catchment site, it has led to improved water catchments.

In the energy sub-sector, the programme focused on promotion and adoption of renewable energy technologies, rural electrification in partnership with REA and Kenya Power, and alternative livelihood for the communities affected by the charcoal ban.

The project to promote and install solar security lights has achieved the target of installing 1,508 lights out of the target of 2,400. Additionally, the project has installed 25 solar-powered water pumps out of the target of 120, produced 20 briquettes out of the target of 120, and established seven woodlots out of the target of fifteen. Moreover, the project has trained 82 households on installation of clean cook stoves, which has enhanced the use of renewable energy technologies.

The rural electrification project aims to connect 10,000 institutions and households but has only managed to connect 8,000 institutions and households. The alternative livelihood project has established five efficient energy-saving technologies, which has improved livelihoods for the affected communities.

In the minerals sub-sector, the programme focused on the establishment of a mineral database, mapping and documentation of mineral resources and their location, quantities and quality, community sensitization and awareness creation in mineral-rich zones, and capacity building of artisanal mining groups.

The project to map and document mineral resources and their location, quantities and quality has achieved the target of documenting 80 reports out of the target of 6. Additionally, the project has facilitated ten awareness meetings out of the target of twenty and trained ten groups/associations/SACCOs in minerals rich zones out of the target of ten.

Overall, the monitoring and evaluation project has led to improved service delivery to the citizens. The land adjudication in minerals rich zones project and the establishment of cottage industries project have not achieved any targets, but the formation and capacity building of community liaison committees, as well as facilitated formation of Community Development Agreements in minerals rich areas, have each achieved five and zero targets, respectively.

Table 23: Sector Performance - Energy, Environment, Forestry, Natural and Mineral Resources

Sub Sector	Programme	Project Name	Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to date	Comments
Environment	Environmental research	Enhance compliance with environmental regulations: policies reviewed (charcoal management Act, wood fuel value chain policy, sand harvesting bill and noise pollution regulations)	No. of legal documents reviewed and developed	2	2	2	
	Tree Growing and Forest Conservation	Identify and promote drought tolerant tree species for propagation	No. of drought tolerant tree species identified and promoted	3	12	3	Mitigation of climate change
		Promote commercial growing of high value and multipurpose tree species	No. of high value and multipurpose tree species promoted	100,000	300,000	225,426	
		Establish tree growing nurseries	Number of tree growing nurseries established	0	80	1	
	Alternative livelihood for the communities affected by the charcoal ban	Establishment of commercial tree nurseries, poultry and goats' rearing	Number of households benefitting	800	1600	800	Improved Livelihoods for the Communities Affected by the Charcoal Ban
	Water catchment conservation and rehabilitation	Conservation and protection of river banks and catchment areas (in partnership with D.A.s) along major Rivers and streams e.g. Mumaki, ecosystem Tyaa, Thua, and Enziu Rivers	Number of catchment sites conserved	1	5	3	Improved water catchments
		Rehabilitation of Mumoni hills, Endau hills and Nuu springs, Mutha hills, Kwa Vonza/ Kiima Kimwe, Ndilili Hills in Kanziko, Ukasi water catchment (in Partnership with D.A.s)	No. of water catchments sites rehabilitated	0	3	1	
Energy	Promotion and adoption of renewable energy technologies	Installation of solar security lights	No. of security lights installed	800	2400	1,508	Enhanced use of renewable energy technologies
		Installation of Solar powered water pumps at community level boreholes and irrigation schemes	No. of solar powered pumps installed	17	120	25	
		Promotion of sustainable and efficient production of briquettes	No. of briquettes produced	20	120	20	
		Promotion of woodlots of fast maturing trees for wood fuel	No. of woodlots established	2	15	7	
		Promotion and training of communities on installation of clean cook stoves	Number of households installed with clean cook stoves	80	600	82	
	Rural Electrification	Rural electrification of institutions and households in partnership with REA and Kenya Power.	No. of institutions and households connected	8,000	10,000	8,000	Enhanced access to electricity in rural area

Sub Sector	Programme	Project Name	Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to date	Comments
	Alternative livelihood for the communities affected by the charcoal ban	Promotion of energy efficient technology e.g. briquette production, wood-fuel production, carbon trading, fabrication of energy saving jikos, moulding of clay liners	No. of efficient energy saving technologies established.	0	3	5	Improved livelihoods for the communities affected by the charcoal ban
	Monitoring and Evaluation	Monitoring and evaluation of all the Ministry projects	No. of the monitoring reports	0	10	10	Improved service delivery to the citizens
Minerals	Establishment of Mineral Database	Establishment and equipping of mineral laboratory centres that can develop into industrial cluster at Kitui South (Ikutha), Mwingi Town, and Kitui Town	No. of Tree centres established	0	2	0	Increased investments into the mining sector
		Mapping and documentation of mineral resources and their location, quantities and quality	No. of reports of minerals resources documented	3	6	80	
		Feasibility study of sand resources within Kitui County	No. of reports done	0	1	0	
	Community Sensitization and awareness creation in minerals rich zones	Community Sensitization and awareness creation	No. of awareness meetings conducted	30	20	10	
	Land adjudication in minerals rich zones	Facilitate resettlement action plan in minerals rich zones	No. of people resettled	0	10,000	0	
	Capacity building of artisanal mining groups	Establishment of an artisanal mining committee within the county	No. of committee established	0	20	0	
		Training and capacity building of artisanal miner's groups/association/SACCOs in minerals rich zones e.g. provision of mining tools and equipment such as Backhoe, gemstones tumbling and faceting machines	No. of groups/associations/SACCOs trained	4	10	10	
	Alternative livelihood for the communities affected by the charcoal ban	Establishment of cottage industries e.g. small quarries, ballast, brick making, gemstones tumbling/ beading	No. of cottage industries created	0	1	0	
	Establishment of Community Liaison Committees	Development of county mining framework on compensation and resettlement	No. of policies developed	0	5	0	
		Formation and capacity building of community Liaison committees in minerals rich areas	No. of Liaison committees formed	5	15	5	
Facilitated formation of Community Development agreements(CDA) in minerals rich area		No. of CDA formed	0	1	0

2.4.10 Finance, Economic Planning and Revenue Management

Programme Name: Economic Planning program

The Economic Planning program has made some notable achievements in line with the Programme Outcome/Key Output Indicators as per the County Integrated Development Plan (CIDP) for the period of 2018-2022. The following is a detailed narration of the key achievements, baseline, target, and comments:

Budgets: The program has achieved its target of prioritizing allocation of resources, with five budgets approved. Additionally, the program has prepared 20 budget BIRs, which exceeds the target of 16. This is an impressive achievement that indicates that the program has been effective in managing resources and ensuring that they are allocated where they are most needed.

Efficient and timely preparation of plan documents: The program has prepared the required number of plan documents, including one CIDP report and five each of ADPs, CFSPs, and CBROPs. However, only one Sector Plan has been compiled, which is below the target of five. The mid-term CIDP review report has been prepared, indicating that the program is on track to meet its target of efficient and timely preparation of plan documents.

Monitoring and Evaluation: The program has achieved its target of one CIDP mid-term and end-term review, with the mid-term review already prepared.

Programme Name: Internal Audit

The Audit Committee met its target of holding 20 meetings by the end of the period, indicating efficiency and effectiveness in the use of county resources. 30 out of 30 projects were audited meeting the set target.

Programme Name: Resource Mobilization (Revenue)

The Resource Mobilization (Revenue) program had several key achievements between 2018 and 2022. In terms of local revenue mobilization, the program was able to achieve its target of preparing four finance bills and public participation reports, despite the challenges posed by the Covid-19 pandemic. Additionally, the program prepared one revenue enhancement plan strategy, meeting its target. However, the number of staff training sessions held was below the target due to insufficient funding. Regarding effective regulation of revenue collection and reporting, the program achieved its target of preparing 60 revenue reports and 60 Controller of Budget reports. The program also successfully installed one e-revenue system, met the target of producing 60 reports from the system, and carried out 10 field visits and feasibility studies, although this was below the target due to inadequate personnel and funding. The program faced several challenges, such as constrained budget and insufficient funding, which hindered progress in some areas. For instance, only one revenue collection vehicle was purchased, despite the target of acquiring eight, due to a lack of funds. Additionally, the program did not prepare any revenue administration bill due to inadequate funds. However, despite the challenges, the program was able to achieve its targets in most areas, and progress was made towards improving revenue mobilization and regulation.

Table 24: Sector Performance - Finance, Economic Planning and Revenue Management

Programme	Outcome/ Key Output	Indicators As Per CIDP (2018-2022)	Baseline (2017)	Target (2022)	Achievement	Comments
Programme Name: Economic Planning						
Budgets	Prioritized allocation of resources	No. of approved budgets	4	5	5	Target Achieved
		No. of budget BIRs prepared	16	20	20	Target Achieved
	Efficient and timely preparation of plan documents	No. of CIDP reports prepared	1	1	1	Mid-term CIDP review report prepared
		No. of ADPs prepared	4	5	5	Target Achieved
		No. of CFSPs prepared	4	5	5	Target Achieved
		No. of CBROPs prepared	4	5	5	Target Achieved
		No. of Sector Plans compiled	0	5	1	Only one report prepared
Monitoring and Evaluation	Well monitored, evaluated and reported projects and programmes	No. of CIDP Midterm and end term reviews	0	1	1	Mid-term review prepared Achieved
		No. of CAMERs compiled	4	5	5	Only one report prepared
County Statistics	Updated county statistics/data	No. of county statistics abstracts developed;	0	5	4	2021 abstract is pending
Mobilization and safeguarding of donor support and grants	Compliance with set guidelines and condition.	No. of proposals written and presented for funding. Timely written reports.		600	51.9	Effects of Covid 19 Pandemic and lack of proper collection mechanism led to low collection
Public-Private-Partnership (PPP) initiatives	New Investments/ projects	Number of additional County Government projects initiated	0	10	0	No County project was funded by PPP
		Value of projects initiated	0	4,000	0	No County project was funded by PPP
Programme Name: Administration and Support Services						
Construction of Ministry of Finance, Economic Planning and Revenue Management Headquarters	Improved working environment	No. of officers with office space		600	500	More offices are required to accommodate both old and newly recruited staff
Capacity building	Trained workforce	No. of staff trained	100	500	430	Delayed grant releases has had an effect on the number trained
Operationalization of County Emergency Fund	Effective response and resilience	Funds allocated as 2% of development budget in (Ksh Millions)	2%	2%	0.005%	Budget constraints hence the funds are allocated at less than 2%
Programme Name: Internal Audit						
Financial internal audit	Value for money on public expenditures	No. of internal audit reports prepared;	10	60	25	Lesser internal audits done
		No. of reports on budgets audited	5	10	5	Budgets audited only annually
		No. of BIRs audited	0	5	2	Only 2 BIRs audited
		No. of follow up made on audit report	10	60	40	Lack of sufficient funds impeded follow up
		No. of reports on financial and operational procedures and adequacy of internal controls	20	45	25	Lack of enough personnel

Programme	Outcome/ Key Output	Indicators As Per CIDP (2018-2022)	Baseline (2017)	Target (2022)	Achievement	Comments
Specialized/ technical internal audit section	Efficient and timely technical risk-based audit report	No. of risk-based audit reports prepared	20	60	47	Lack of enough personnel
		No. of compliance reports	0	5	0	Lack of enough personnel
		No. of projects audited and visited	10	30	30	Insufficient funding and lack of enough personnel impeded progress
Audit Committee	Efficiency and effectiveness in use of county resources	No. of Audit Committees meetings	0	20	20	Target Achieved
Programme Name: Resource Mobilization (Revenue)						
Local revenue Mobilization	Increase own source revenue	No. of finance bill public participation reports prepared	4	5	4	One year affected by Covid 19
		No. of finance bill prepared.	4	5	4	One year affected by Covid 19
		No. of accountable documents issued and surrendered	0	0	0	Currently using zizi system
		No. of revenue enhancement plan strategy prepared	0	1	1	Target Achieved
		No. of staff training held	5	12	6	Insufficient funding impeded training
		No. of Cess points renovated	5	19	7	Constrained budget
		No. of inspections carried out	2	5	3	Constrained budget
		No. of Cess points constructed	0	0	0	Target Achieved
Effective regulation of Revenue Collection and Reporting	Revenue reports	No. of revenue reports prepared	40	60	60	Target Achieved
	Controller of budget reports	No. of CoB reports prepared	40	60	60	Target Achieved
		No. of revenue administration bill prepared	0	1	0	Inadequate funds
	E-revenue system	No. of systems installed	0	1	1	Target Achieved
		No. of revenue collection vehicles bought	0	8	1	Insufficient funds hindered further purchases
		No. of field visits and feasibility study	5	20	10	insufficient funding and Inadequate personnel impeded progress
		No. of staff training held	20	60	40	Insufficient funding
		No. of reports produced from the system	40	60	60	Target achieved

Source: Finance, Economic Planning and Revenue Management

2.4.11 County Public Service Board

- No. of policies formulated, implemented, and reviewed: The baseline for this indicator was 0, with a target of formulating, implementing, and reviewing 2 policies by 2022. The achievement to date is fully implemented, indicating that the target has been achieved
- No. of Competent and Motivated County Workforce: The baseline for this indicator was 3182, with a target of training 150 staff by 2022, and eventually achieving a total of 1500 competent and motivated county workforce.
- No. of reports on values and principles Generated: The baseline for this indicator was 1, with a target of generating 1 report on values and principles by 2022. The achievement to date is 100%, indicating that the target has been fully implemented.
- Compliance with values and principles: The baseline for this indicator was 30%, with a target of achieving 100% compliance by 2022. Currently, the achievement to date is 50%. This is due to inadequate budget allocation to the KCPSB in the last 5 years, which may have affected the implementation of measures to ensure compliance with values and principles.

Table 25: Sector Performance - County Public Service Board

S/No	Indicator as per the CIDP II (2017-2022)	Baseline	Target (2022)	Achievement to - date	Comments
1	No. of Office Block Constructed	0	1	0	Withdrawal of KCPSB Development Budget
2	compliance with values and principles	30%	100%	50%	Inadequate budget allocation to KCPSB in the last 5 years
3	No. of reports on values and principles Generated	1	1	100%	Fully implemented
4	No. of Competent and Motivated County Workforce	3182	150	1,500	Inadequate budget to train county staff
5	No. of policies formulated, implemented and reviewed	0	2	2	Fully implemented

Source: County Public Service Board

2.4.12 County Assembly Service Board

General Administration, Planning and Support Services

- Construction of Office Block Modern: The project went through all the basic processes and procurement was done upon approval of the designs. The actual construction is awaiting implementation since it has not taken off yet
- Training and development: The goal was to improve the legislative skills and service delivery by the members of the service. Approximately 63% was achieved which was less than the target of 100% and this can be attributed to strict timelines.
- Purchase of office equipment: The goal was to acquire the most needed equipment to ensure effective service delivery. This has been achieved and the success is attributed to the strong working relationship between the administration and the suppliers of different goods which has made the processes smoother.

Legislation, Representation and Oversight

- Construction of ward offices: The intention to construct ward offices emanated from the need to have improved representation. In 2017, all the Wards' offices were rented and the plan was to have 100% complete construction of ward offices which was not achievable by 2022. However, the Assembly is in the process of identifying the Wards where there is available government land to put up these offices
- Legislate on All Matters affecting Kitui Residents: There was evidence of improved legislation since the assembly was able to adopt a considerable number of bills (80 bills) surpassing the target which was 50 bills in the last five years.
- Training and development: During the last five years, there were a total of 60 seminars, trainings and workshops which surpassed the target which was set to be 50 seminars, training and workshops in the last five years.

Table 26: Sector Performance - County Assembly Service Board

S/No.	Indicator as per the CIDP II (2017-2022)	KPI	Baseline (2017)	Target (2022)	Achievement to -date	Comments
Programme Name: General Administration, Planning and Support Services						
Objective: To ensure effective and efficient coordination of County Assembly services						
1	Construction of Office Block Modern	Completed office Block	0%	100%	0%	The project went through all the basic processes and procurement was done upon approval of the designs. The actual construction is awaiting implementation since it has not taken off yet
2	Training and development	Number of Seminars, trainings and workshops conducted	40 Seminars, trainings and workshops conducted	40 Seminars, trainings and workshops conducted	63%	The goal was to improve the legislative skills and service delivery by the members of the service. Approximately 63% was achieved which was less than the target of 100% and this can be attributed to strict timelines.
3	Purchase of office equipment	Number of office equipment - Vehicles, computers and furniture bought	70 million	70 million	326.97 million	The goal was to acquire the most needed equipment to ensure effective service delivery. This has been achieved and the success is attributed to the strong working relationship between the administration and the suppliers of different goods which has made the processes smoother.
Programme Name: Legislation, Representation and Oversight						
Objective: To facilitate members to achieve their core mandate as outlined in the Constitution						
Impact: Accelerated county development						
1	Construction of Speakers Residence	Completed Speakers Residence	0%	100%	0%	The project did not take off since the land identified was overpriced hence the projected was postponed until a suitable and affordable land gets identified.
2	Construction of recreational facility for assembly members	Cafeteria and other sporting facilities	0%	100%	0%	The plan was to have fully functional recreational facility for members of the assembly to offer cafeteria and other sporting facilities aimed at making it easy for the members to perform their duties. The idea to put up a recreational facility was changed since the facility should be within the modern office block to be constructed
3	Construction of ward offices	No. of ward offices constructed	Rented offices	100%	0%	The intention to construct ward offices emanated from the need to have improved representation. In 2017, all the Wards' offices were rented and the plan was to have 100% complete construction of ward offices which was not

S/No.	Indicator as per the CIDP II (2017-2022)	KPI	Baseline (2017)	Target (2022)	Achievement to -date	Comments
						achievable by 2022. However, the Assembly is in the process of identifying the Wards where there is available government land to put up these offices
	Legislate on All Matters affecting Kitui Residents	No. of Bills adopted		50 Bills	88 bills	There was evidence of improved legislation since the assembly was able to adopt a considerable number of bills (80 bills) surpassing the target which was 50 bills in the last five years.
	Purchase of motorbikes for ward office assistants	No. of motorbikes purchased	None	40 motorbikes	None	The target of purchasing 40 Motorbikes was not achieved although the plan is underway.
	Training and development	Number of Seminars, trainings and workshops conducted		50 Seminars, Trainings, and Workshops	60 Seminars, Trainings, and Workshops	During the last five years, there were a total of 60 seminars, trainings and workshops which surpassed the target which was set to be 50 seminars, training and workshops in the last five years.

Source: County Assembly Service Board

2.4.13 Kitui Municipality

In the planned period Kitui Municipality targeted to improve: road network and other infrastructure and construction of modern market. Target was to tarmac 9 kilometres of road but only 7.71 kilometres was done, 15 kilometres were gravelled out of 19-kilometer target, 35 roads signs were erected against target of 60, paved walkways 2.1km against 4km, 9 kilometres were developed in residential area against target of 18 kilometres. One modern Kithomboani market currently at 85% percent physical progress. Waste campaign sensitization surpassed target of 10 by 5 due to joint effort of municipality and stake holders like NEMA, Red cross and University students.

Kitui Municipality targeted to have dustless town by tarmacking 9 km. At the end of the plan period, the sector achieved 7.71km which is equivalent to 85.6%. This was attributed by the sector partnership with Kenya Urban Support Programme (KUSP) which aimed at delivering improved infrastructure and services in municipalities.

Table 27: Sector Performance - Kitui Municipality

S/No.	Outcome Indicators	Baseline (2017)	Target (2022)	Achievement to -date	Comments
1	No. of KM tarmacked done	4	9	7.71	Insufficient funds
2	No. of KM gravelled	5	19	15	Insufficient funds
3	No. of paved walkways	0	4	2.1	Insufficient funds
4	No. of road signs erected	0	60	35	Insufficient funds
5	Average time taken to retrieve a record (hrs.)	72	24	0	The activity was transferred to lands & physical planning
6	No. of plans implemented	0	7		The activity was transferred to lands & physical planning
7	No. of road KMs developed to residential areas	2	18	9	Insufficient funds
8	No. of off-site parking yards identified and developed	0	2	0	Lack of funds

S/No.	Outcome Indicators	Baseline (2017)	Target (2022)	Achievement to –date	Comments
9	% increase in revenue generated from KUSP project (Kithomboani Modern Market)	0	10	0	Kithomboani market that is expected to generate revenue is not yet complete due to delay in funds disbursement by the Donor
10	No. of Sites decorated-Beautification	1	2	2	Insufficient funds
11	No. of sensitization campaigns carried out on waste and environmental awareness	0	3	15	This was achievable through door to door campaigns at the estates, CBD and joint clean up exercises with other stakeholders like university students, NEMA and Red cross
12	Number of tools and equipment to be procured for waste management	1	8	85%	This is attributed to procurement and distribution of assorted working tools and PPEs
13	Number of social/public facilities in use renovated	3	20		The activity was taken to relevant ministries
14	Number of capacity building/training held on private enterprises	0	8		The activity was taken to relevant ministries
15	No. of artisans benefiting from equipment supply equipping the Constituency Industrial Development Centres (CIDC's)	0	600		The activity was taken to relevant ministries
16	Revenue generated from business mapping (in Ksh million)	0	108	250	Done on yearly basis

Source: Kitui Municipality

2.4.14 Mwingi Town Administration

At the beginning of the plan period, the number of kilometres of road improved to bitumen standard was 7. At the end of the plan period, the number of kilometres of road improved to bitumen standard stood at 11.8. This achievement can be attributed to the support received from Kenya Roads Board (KRB) that contributed in even the exceeding of the planned targets.

The number of government public toilets at the beginning of the plan period was one with a plan to construct two more within the plan period. At the end of the plan period, the municipality managed to construct three more public toilets due to public demand.

The municipality targeted to extend the slaughterhouse during the plan period. Even though there was no extension during the plan period, repairs and maintenance was done. Lighting of the slaughter house, erection of shed & bench and repairs of the gate and fence were accomplished. Besides, installation of two 10,000 litre tanks and their basements was done. This has contributed to improved sanitation and security in the facility.

At the beginning of the plan period, there were six (6) culvert lines installed. The municipality managed to install fifteen (15) more culvert lines within plan period, against a target of forty-three (43) due to budgetary constraints.

At the beginning of the plan period, the number of kilometres of drainage channel constructed was 1 while at the end of the planning period it increased to 1.8.

The security of the municipality especially at night improved due to installation of 0.6 kilometres of street lights to supplement 11.6 kilometres which had street lights at the beginning of the planning period.

Table 28: Sector Performance –Mwingi Municipality

S/No	Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievements to-date	Comments
1	Number of Km Improved to bitumen standards.	7	2	11.8	Support from KRB contributed in the exceeding of the planned targets
2	No of culverts lines installed	6	50	21	Budgetary constraints
3	Number of Km covered with Street lights	11	20	0.6	Budgetary constraints
4	Number of Km of drainage Channel Constructed	1	10	2.8	Budgetary constraints
5	No of bus parks	1	1	0	Budgetary constraints
6	Number of LPDP prepared	0	1	0	Budgetary constraints
7	Number of hectares Purchased	0	8	0	Budgetary constraints
8	Number of recreational facilities in place.	1	3	0	Budgetary constraints
9	No greened areas.	2	5	0	Budgetary constraints
10	No Municipality of Public Toilets	1	2	4	Additional two public toilets done due to public demand
11	No of acres for Public Cemetery	4	6	0	Budgetary constraints
12	No of acres for solid Waste dumpsite	0	10	0	No budget for the purchase of the land
13	Number asbestos roofing removed.	0	7	0	There was a challenge in getting a designated and proper disposal site for asbestos hence the project has hitherto not been implemented.
14	Number of animals slaughtered in day	70	200	100	Slaughterhouse not yet extended. However routine repairs and maintenance is done. Lighting of the slaughter house, erection of shed & bench and repairs of the gate and fence have been accomplished. Besides, installation of two 10,000 litre tanks and their basements have been accomplished.
15	Number of trucks using loading/offloading bay in stock yard	0	1	0	Budgetary constraints
16	No of Traders using Municipality market structures	1,500	3,000	2,000	Traders were reluctant to use some of the markets structures
17	Number of incoming investors	10000	20000	12,000	Traders were reluctant to use the markets

Source: Mwingi Municipality

2.4.15 Agriculture and Livestock

The county government set out a number of targets to improve water access, increase agricultural productivity, and enhance food security and nutrition. The following are some of the achievements made towards these targets:

- **Water Access:** The county aimed to reduce the time taken to reach water points from 60 to 45 minutes. This was achieved through the drilling and equipping of more boreholes, the rehabilitation of existing boreholes, and the extension/rehabilitation of water supply pipelines across the county.
- **Irrigation:** The County targeted to increase the area under irrigation to 700 hectares, but exceeded this target by reaching 2,054 hectares. This was achieved through the successful implementation of various irrigation schemes across the county.

- **Sorghum Farming:** The County aimed to increase the number of households undertaking sorghum farming to 85,000, but surpassed this target by reaching 98,000 households. This was attributed to the implementation of various interventions under the Crop Development and Management programme, which improved livelihoods, food security, and nutrition.
- **Green Gram Production:** The County aimed to increase hectares on green grams production annually to 94,500, but exceeded this target by reaching 117,800 hectares. This covered 80,882 farmers annually and was achieved through the *Ndengu* Revolution programmes and other county interventions.
- **Mango Farming:** The County aimed to increase the number of households growing mangoes to 45,000, but surpassed this target by reaching 48,079 households. The county also produced 30,795 metric tons of mangoes annually, thanks to the establishment of improved varieties and support provided to farmers through various programmes.

Overall, the county government made significant strides towards improving water access, increasing agricultural productivity, and enhancing food security and nutrition. These achievements were attributed to the successful implementation of various programmes and interventions across the county.

Table 29: Sector Performance – Agriculture and Livestock

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
Programme Name: Crop Development and Management					
1	Annual sorghum grains produced (MT)	1,296	85,000	98,000	Enhanced promotion and guaranteed market of the produce
	Annual g. gram production (MT)	27,000	31,716	37,862	
2	Annual Mango production (MT)	22,494	10,516	30,795	Establishment of improved varieties and support from programmes
3	Number of aggregation and storage facilities constructed/refurbished	0	4	4	Grain storage facilities constructed/refurbished with assistance from KCEP-CRAL
Programme Name: Land development and Agribusiness					
1	Number of farm tractors purchased	17	23	23	Each 40 wards have a tractors and disc ploughs
	Disc ploughs	17	23	23	
	Trailers	1	10	10	
2	Number of acres ploughed through subsidized tractor ploughing services	18,402	48,711	17,317	Inadequate funding for maintenance of tractors and implements
3	Number of crawlers procured	3	1	1	
4	Number of excavators procured	1	1	1	
Programme Name: Agricultural Extension Services Programme					
1	Number of farmers reached through extension services annually	61,000	140,000	187,217	High poverty reduced farmers ability to adopt promoted technologies by extension staff
2	No. of vehicles procured	31	3	6	5 were procured through conditional (KCEP-1, SIVAP- 1, NARIGP-2) and 1 through county funds
3	No. of motorcycles procured	72	48	79	Procurement-KCEP-31, NARIGP-25, CGoK-23)
4	Number of procured: Mango & other fruits Juice production Tomato paste production Water Purifier	0	1 1 1	1 1 1	The equipment was to enhance value addition training at ATC
5	Number of:				The zero grazing unit was refurbished

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
	Zero grazing unit	1	1	1	
	Internet connected	0	1	1	
6	Number of purchased and installed plastic water tanks	0	10	10	Water tanks to supplement other sources of water in the institution
7	Number of constructed modern sanitation block	1	1	1	The block improved the institutions sanitation
Conditional grants					
National Agricultural and Rural Inclusive Growth Project (NARIGP)					
	Number of CIGs accessing micro-project grants	0	965	654	Delay in funding as a result of lack of legal framework
	Number of producer organizations supported	0	21	17	The PO benefited under three categories: Inclusion grant-13 Enterprise development grant-2 Value chains upgrading matching grants-2
	Number of multi-community investments & SLM projects supported	0	0	6	MCI projects funded are: Kwa-Isiki Edam Kavingo water pan Kaliwa water pan SLM projects supported are: Itulu in Kisasi Katwene in Kyuso Syokaai in Nuu
Emergency locust response programme (ELRP)					
	Number of CIGs accessing micro-project grants	0	548	70	Delay in funding
Agriculture sector development support programme					
	Number of value chain actors reached with technologies	0	15,677	25,814	The value chain actors were reached through various value chain components
	Number of procured value addition equipment: Sorghum threshers <i>Ndengu</i> cleaning machine Animal feed formulation machine-	0	14 3 4	0 0 0	Delay in funding
Flagship Projects					
1	Annual production of <i>Ndengu</i> (MT)	27,000	68,500	37,436	As a booster to increase production, farmers were provided with: 212.4 MT of certified G. Gram seeds 22,400 lts. of pesticides
Programme: Livestock resources development					
	Livestock pest and disease control (animals)	500,000	950,000	602,016	Availability of funds and COVID 19 restrictions
	Purchase of livestock spray pumps	0	74	74	
	Livestock breeds improvement and management	6000	45,000	10,056	Unavailability of funds and COVID 19 restrictions
	Breeds improvement (incubators)	0	0	11	
	Breeds improvement (goats)	0	700	502	
	Pasture production and conservation (acres)	734	2,000	1500	Poor rains and timely procurement of pasture seeds
	Construction headquarters office blocks	0	1	1	30% complete

Source: Agriculture and Livestock

2.4.16 Lands, Housing and Urban Development

At the beginning of plan period, the Ministry aimed at establishing a County GIS Lab that is fully operational. At the end of plan period, the lab was operational with the required staff and housed at one of the offices in the Municipality block. This was attributed to the timely release

of funds by the county and the commitment by the county to have GIS based decision making in future endeavours.

Within the planning period, the Physical Planning department planned to prepare 600 georeferenced market layout plans with the aim of helping the department to solve various plots disputes, gather information pertaining to the respective market centres and to help the county improve revenue collection through plot rates. At the end of planning period, only 21 were prepared. This was attributed to timely release of funds for implementation of the programme. Failure to achieve the target was attributed to misallocation of funds to other programmes other than the ones planned for.

The Department also aimed at preparing a County Spatial Plan at the beginning of the plan period. The county in collaboration with the University of Nairobi initiated the project by entering into an agreement and signing of M.O.U. At the end of plan period, the County Spatial Plan was at situation analysis stage (25%). The Failure to complete the project was attributed to untimely release of funds by the County, Lack of cooperation between the land Ministry and the University of Nairobi in executing the project.

In addition, the Ministry sought to prepare at least 8 local Physical and Land Use Development plans, At the end of plan period, two draft Plans (which were awarded to a consultant were complete), only awaiting advertisement and approval by the County.

Table 30: Lands, Housing and Urban Development

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
Land adjudication					
	No. of title deed processed	25% coverage	70% coverage	6% (Approximately 15,000 titles)	Delay in funding
Land administration					
	No. of county land policies developed and implemented	0	1	0	Insufficient funds
	No. of land ownership documents digitized	0	100%	0	Insufficient funds
Land registration					
	No. of market centres surveyed and registered	0	40	0	Insufficient funds
Survey and mapping					
	No. of boundary disputes solved	0	5000	500	Insufficient funds
	km of roads opened	0	20 km per ward	100km	Insufficient funds
Physical Planning					
	GIS based spatial plan	25%	100%	65%	Insufficient fund halted its completion
	No. of Geo referenced market layout plans prepared	0	600	22	Delay in funding
	No. of Local Physical Development plans prepared	1	8	2	Delay in funding
	Functional GIS LAB	0	1	1	Target achieved
	No. of Policies and bills prepared	0	10	2	Insufficient funds and those prepared were never approved
	No. of Part Development plans formalised		500	8	Delay in funding
	No. of Physical Planning Offices Equipped	0	8	0	Insufficient fund.
Housing					
	No. of county mortgage scheme policy prepared	0	1	1	Achieved

S/No.	*Indicator as per the CIDP II (2017-2022)	Baseline (2017)	Target (2022)	Achievement to-date	Comments
	No. of housing apartment built	0	200	0	Insufficient fund
	No. of refurbished county houses	0	20	4	Insufficient funds

Source: Lands, Housing and Urban Development

2.5 CHALLENGES

Implementation of sector programmes was faced with different challenges that hindered achievement of targets. These challenges are highlighted below:

Inadequate and untimely disbursement of funds: This hampered timely implementation of programmes.

Inadequate human capacity: This includes low staffing levels and inadequate technical skills among the staff.

Unfavourable weather conditions: low rainfall and high temperatures was experienced across the county affecting implementation of some projects in water and sanitation and agricultural related projects which highly depend on water availability. Charcoal burning has exacerbated the situation.

Use of Outdated Technology: High percentage of farmers use traditional technologies in farming which leads to low animal and crop productivity. This highly affected the performance of agricultural sector in the county.

Increase in crop Diseases and Pests: Frequent outbreaks of diseases and pests has affected the production of crops and livestock

Poor road and ICT network: This has resulted in delayed delivery of agricultural products to the Markets hence reduced quality specifically during the rain seasons. It has also hindered smooth implementation of programmes as a result of poor internet connectivity.

Inadequate policy and frameworks: Lack of/ inadequate comprehensive policy, legal and institutional framework required to support implementation of some programmes. The county also lacks clear public participation laws and guidelines.

Weak Monitoring, Evaluation and Reporting: Inadequate funding to do M&E of programmes has hindered timely implementation of projects.

2.6 EMERGING ISSUES

This section highlights the unforeseen issues that arose during implementation period that needed or needs to be addressed.

2.6.1 Re-emerging and increased cases of non-communicable diseases

Re-emergence of rising cases of Non- Communicable Diseases (NCDs) have increased the County's disease burden. These include "lifestyle diseases" in addition to diseases attributed to risky behaviour especially among the youth.

2.6.2 Emergence of COVID 19 pandemics

In response to the Covid-19 pandemic, the Ministry of Health issued containment measures that required different sectors to take action. To comply with these measures, the County Government implemented a number of initiatives including the setting up of hand washing stations, providing sanitizers and masks, and empowering local groups to supply personal protective equipment (PPEs). In addition, the government conducted sensitization programs to encourage the staff and citizens to adhere to the protective measures put in place.

One of the critical measures that the County government implemented to contain the spread of Covid-19 was the setting up of hand washing stations. These stations were placed in various locations, including public spaces and institutions, to ensure that everyone had access to clean water and soap to wash their hands regularly. The government also provided sanitizers and masks, which were distributed to the public free of charge. This was aimed at reducing the risk of transmission of the virus and promoting good hygiene practices.

To enhance the supply of PPEs, the government empowered local groups to produce and supply these essential items. This not only helped to address the shortage of PPEs in the country but also created employment opportunities for the locals. The government also conducted sensitization programs to educate the public on the importance of adhering to the protective measures put in place. These measures included social distancing, wearing masks, and washing hands regularly.

2.6.3 Outbreak of Locusts

In late 2019, Kitui County in Kenya experienced an outbreak of locusts, devastatingly affecting crops and vegetation in the region. The locusts, which were believed to have originated from Yemen, first appeared in the northern part of the county and quickly spread to other areas.

The swarms of locusts consumed large amounts of vegetation, including crops such as maize, beans, and cowpeas, which were the main sources of livelihood for many farmers in the area. The destruction of crops led to food shortages, and many families were left without enough food to eat.

The Kenyan government responded by deploying teams of experts to spray affected areas with insecticides, and the Food and Agriculture Organization (FAO) provided support in the form of surveillance and monitoring. However, the massive size of the swarms and the difficult terrain made it challenging to control the outbreak.

Despite the efforts of the government and international organizations, the locust outbreak had a significant impact on the economy and food security of the region which included: -

- **Crop destruction:** The locusts fed on crops and vegetation, causing massive destruction to farmlands, gardens, and pastures. The loss of crops and vegetation resulted in a shortage of food, and farmers suffered significant economic losses.

- **Threat to food security:** The outbreak posed a significant threat to food security, particularly in rural areas, where agriculture is the main source of livelihood. The destruction of crops and vegetation meant that many families were left without food, leading to malnutrition and hunger.
- **Environmental degradation:** The locusts destroyed crops and vegetation, leading to environmental degradation. The loss of vegetation made the soil more susceptible to erosion, and this could lead to long-term impacts on the ecosystem.
- **Economic losses:** The outbreak of locusts affected the county's economy, particularly the agricultural sector. Farmers lost their crops and income, leading to a decline in economic activities.
- **Increased poverty:** The locust outbreak worsened poverty levels in the county, particularly for vulnerable households, such as women-headed households, the elderly, and people with disabilities. The loss of crops and income meant that many households could not meet their basic needs.
- **Health risks:** The use of pesticides to control the locusts posed health risks to humans, animals, and the environment. The pesticides could cause respiratory problems, skin irritation, and other health issues if not handled correctly.

Lessons Learnt from the Locust's Outbreak

- Early warning systems are critical in detecting and responding to locust invasions. Improved surveillance and monitoring can help prevent the spread of locusts and minimize damage to crops.
- A timely response is crucial in controlling locust outbreaks. Delayed response can lead to rapid spread and severe damage, making it more difficult to control the situation.
- Capacity building and training are essential to enable communities to participate in the control of locust outbreaks. This includes training in surveillance, monitoring, and control techniques.
- Coordination and collaboration among stakeholders are crucial in effective locust control. This includes government agencies, NGOs, communities, and other stakeholders, who must work together to prevent and control locust invasions.
- Climate change is exacerbating the problem of locust invasions, making them more frequent and severe. Efforts to mitigate climate change and promote sustainable agriculture practices can help reduce the frequency and severity of locust outbreaks.
- There is a need for investment in research and innovation to develop new, more effective control methods for locusts. This includes the development of new pesticides, biological control methods, and other technologies.
- There is also a need to support affected communities in the aftermath of locust invasions, including through the provision of food aid, livestock support, and other forms of assistance to help them recover from the impact of the locusts.

- Collaborative efforts are crucial in controlling the spread of locusts. The response from various government agencies, local communities, and international organizations was critical in combating the outbreak.
- Sustainable and environmentally friendly methods should be employed in controlling locusts. Chemical spraying was the primary method used in Kitui County, but this can have negative impacts on the environment and human health. Alternatives such as biological control, such as the use of birds, should be explored.

2.7 LESSONS LEARNT

During implementation of the of the 2018-2022 CIDP the following new knowledge emerged and shall inform the operationalization of the 2023-2017 phase.

- Need for Public participation in programmes design and implementation: A public consultation is important for the successful implementation of programmes since it enhances ownership and minimize cases of thuggery and vandalism of projects
- Cooperation and collaboration between the two arms of the County Government & other state organs is important to ensure effective and efficient service delivery.
- Development of realistic development plans, procurement plans and cash flow projections enable timely implementation and payment of works done and minimizes incurring of pending bills.
- A comprehensive monitoring and evaluation framework was required in project tracking and reporting of the progress of various projects to ensure timely programmes implementation.
- Collaboration and teamwork by the relevant organizations and stakeholders at all levels of planning and implementation of County flagship projects ensures a smooth implementation of the County’s policies, programmes and projects.

2.8 NATURAL RESOURCE ASSESSMENT

This section provides a summary of major natural resources found within the county, the status of utilization and sustainability strategy. The information is summarized in Table 31.

Table 31: Natural Resource Assessment

Name of Natural Resource*	Dependent Sectors	Status, Level of Utilization; Scenarios for Future	Opportunities for optimal utilization	Constraints to optimal utilization	Existing Sustainable Management strategies
Tana River	Fisheries Tourism Agriculture Irrigation	Declining water levels - expected to further decline with expansion of horticulture sector Water quality expected to decline due to increased farming activities	Best practices in waste water management and wetland conservation in the farms along the Tana basin Organized investment in fishing and market link for products Tourist camp at Kibuka among other places	Water levels declined by due extended droughts Water capture for hydropower reduces its volume at certain times Fishing not well coordinated	-Monitoring of water levels and quality -Regulate waste water and Effluents by upstream users .
Athi River	-Agriculture - Water	-Over utilized up Stream -Contamination by chemical effluent from industries in Mavoko area -contamination through human factors upstream along its course	Can support more food production through irrigation, fish farming and domestic use -Ensure environmental sanity by communities all along the river course -Undertake river cleaning and regulate use of the resources	-Upstream damming; Nitrification; deforestation along the river bank, water pollution/industrial effluent discharge at the upper course	Legal and policy enforcement River rehabilitation programme through planting of catchment grass and shrubs along the course of the river stream
Enziu River	-Water -Agriculture -Environment	-main source of water for domestic use by adjacent communities in Kivou, Mui, Nguni, Nuu and Endau/Malalani	-investments in sump wells for micro scale irrigation -sand dam construction to slow down run-off speed	-unregulated utilization of the resources -deforestation along the river banks and catchment areas	-Legislate riparian resource utilization -undertake riverine rehabilitation -construct sand dams along the course -undertake reforestation
Thua River	-Water -Agriculture -Environment	-small scale irrigation projects by community groups in place along the river	-organize cooperative for riparian resources utilization -construct barriers/sand dams to slow down run-off speed -construct mega dams for water supply to the surrounding communities	-unregulated sand harvesting -lack of organized groups to manage riparian resources	-catchment rehabilitation to be undertaken -support establishment of riparian resource associations
Tyaa river	-Environment -Agriculture -Water -Mwingi Municipality	-small scale irrigation projects by community groups in place - large scale sand harvesting of sand gaining ground at Kiromboko	-organize cooperative for riparian resources utilization -construct barriers/sand dams to slow down run-off speed -construct mega dam at Kiomo/Kyethani for water supply to Mwingi municipality and environs	-unregulated sand harvesting -lack of organized groups to manage riparian resources	-catchment rehabilitation to be undertaken -support establishment of riparian resource associations -design and construct/check sand dams along the course of the river -put in place policy to regulate resource utilization
Tiva River	-Environment- Agriculture -Water -Tourism	Water supply, Irrigation,	-organize cooperative for riparian resources utilization -construct barriers/sand dams to slow down run-off speed -construct mega dams to reduce run-off speed	-unregulated sand harvesting -lack of organized groups to manage riparian resources	-catchment rehabilitation to be undertaken -support establishment of riparian resource associations

Name of Natural Resource*	Dependent Sectors	Status, Level of Utilization; Scenarios for Future	Opportunities for optimal utilization	Constraints to optimal utilization	Existing Sustainable Management strategies
Thwake dam	-Water -Agriculture -Environment	Declining water levels - expected to further decline with expansion of horticulture sector Water quality expected to decline due to increased farming activities	-put in place policy for sustainable utilization of the resources -put in place catchment rehabilitation and reforestation programmes	-Regulation of riparian resource utilization -planting of trees along the river course	-catchment rehabilitation to be undertaken -support establishment of riparian resource associations
Mutitu Hills	-Environment and climate change -Forestry -Water	-Existing forest -Catchment management plan	-Extensive indigenous tree forestry -development of water springs -Hillslope rehabilitation	Encroachment on Forest	Legislation and protection of ecosystem
Mumoni Hills	-Environment and climate change -Forestry -Water -Tourism	-Existing forest and Important bird watching Area (IBA)	-Enhance protection and expansion of population of drought tolerant trees -Promote IBA tourism	-Encroachment of the ecosystem -Community awareness creation	-Legislation and protection -Develop and promote the IBA as a tourist destination -Populate the forest with drought tolerant indigenous trees
Nziitu River	-Water -Agriculture -Environment	Domestic water supply, Irrigation, Fishing,	Development of irrigation schemes, Fishing and fish farming, Domestic and industrial water supply	Overexploitation, Pollution and degradation, Climate change	Promotion of reforestation, sustainable agriculture, riverbank protection, and restoration of riparian reserves
Mwiita Syano River	-Water -Agriculture -Environment	Domestic water supply, Irrigation, Fishing,	Development of irrigation schemes	Overexploitation, Pollution and degradation, Climate change	Promotion of afforestation, Catchment conservation, Environmental education and awareness creation
Makongo Hill	-Environment and climate change -Forestry -Water -Tourism	Soil conservation, Biodiversity conservation, Ecotourism	Promotion of sustainable agriculture, Ecotourism, Soil conservation	Deforestation, Overgrazing, Soil erosion, Encroachment on Forest	Promotion of reforestation, sustainable land-use practices, and conservation education
Endau Hill	-Environment and climate change -Forestry -Water -Tourism	Soil conservation, Biodiversity conservation, Ecotourism	Promotion of sustainable agriculture, Ecotourism, Soil conservation	Deforestation, Overgrazing, Soil erosion, Encroachment on Forest	Agroforestry, Reforestation, Soil and water conservation, Community-based conservation

2.8 DEVELOPMENT ISSUES

The Key sector development issues and their causes as identified during data collection were:

Table 32: Development issues

Ministry	Development Issue	Causes	Constraints	Opportunities
Office of the Governor	Lack of Awareness on Civic Education	Inadequate public sensitization and awareness	Limited budget and human resource capacity	Establishment of community outreach programs and partnerships with relevant stakeholders
	Limited Participation in Civic Education Activities	Lack of interest and apathy among citizens	Inadequate resource allocation and low awareness on the benefits of civic education	Collaboration with schools and other institutions to increase participation, promotion of civic education through media platforms
	Inadequate Knowledge on Civic Rights and Responsibilities	Limited access to information and low literacy levels	Language barriers and lack of appropriate materials	Provision of civic education materials in local languages and simplified versions
	Political Apathy and Lack of Active Citizenship	Negative attitudes towards politics and governance	Inadequate resource allocation and lack of incentives	Encouragement of community participation through outreach programs and incentives such as civic awards
	Inadequate Knowledge on Constitutional Rights and Responsibilities	Limited access to information and low literacy levels	Language barriers and lack of appropriate materials	Provision of civic education materials in local languages and simplified versions
	Inadequate Engagement of Youth in Civic Education	Lack of interest and negative attitudes towards civic education among youth	Inadequate resource allocation and limited outreach programs targeting youth	Provision of targeted youth programs and incentives, such as civic education scholarships
	Limited Participation of Women in Civic Education	Gender-based discrimination and stereotypes	Inadequate resource allocation and limited outreach programs targeting women	Provision of targeted women programs and incentives, such as civic education scholarships
	Inadequate Monitoring and Evaluation of Civic Education Programs	Inadequate resource allocation and limited capacity for monitoring and evaluation	Limited funding and technical expertise	Strengthening of monitoring and evaluation mechanisms, collaboration with relevant stakeholders for technical support and resource mobilization
	Inadequate public participation	Lack of awareness on the importance of public participation	Limited availability of channels for public participation	Provision of more platforms for public participation
	Poor response to public inquiries	Lack of a functional customer service department	Insufficient number of staff to handle public inquiries	Recruitment of more staff for the customer service department
	Inadequate involvement of marginalized groups	Insufficient representation of marginalized groups in county communication	Lack of appropriate measures to include marginalized groups	Implementation of measures to promote the inclusion of marginalized groups in county communication
	Limited access to information	Insufficient information dissemination channels	Limited availability of information to the public	Provision of more channels for information dissemination
	Inadequate feedback mechanisms	Lack of functional feedback systems	Insufficient capacity to handle feedback	Provision of functional feedback mechanisms and increased capacity to handle feedback
	inefficient Procurement System	Lack of transparency in the procurement process	Lack of capacity to implement procurement regulations	Streamline procurement processes and enhance transparency

Ministry	Development Issue	Causes	Constraints	Opportunities
	inadequate Monitoring and Evaluation	Lack of a monitoring and evaluation framework	Weak monitoring and evaluation systems	Develop a monitoring and evaluation framework and strengthen monitoring and evaluation systems
Office of the Deputy Governor	Performance contracting			
	Inadequate Performance Targets	Poor planning and goal-setting	Lack of alignment with organizational strategy	Increased organizational effectiveness through improved goal-setting and target alignment
	Insufficient Capacity	Lack of skills and resources	Limited opportunities for training and development	Improved skills and knowledge through training and development
	Inadequate Performance Reporting	Poor data management and reporting systems	Lack of timely and accurate data	Improved decision-making through more accurate and timely data
	Ineffective Incentives	Poorly designed incentive systems	Lack of alignment with organizational goals	Increased motivation and performance through improved incentive systems
	Weak Performance Measurement	Inadequate metrics and measures	Lack of alignment with organizational goals	Improved decision-making through better performance measurement and metrics
	Inefficient Resource Allocation	Poor allocation and utilization of resources	Limited opportunities for optimization and reallocation	Improved organizational efficiency through better resource management
	Inadequate Feedback Mechanisms	Poor communication and feedback systems	Limited opportunities for input and feedback	Improved organizational effectiveness through more effective feedback mechanisms
	Lack of Innovation	Limited creativity and innovation	Lack of incentives and opportunities for innovation	Improved organizational effectiveness through increased innovation and creativity
	Tourism sector			
	Limited skills and training	Limited training and education for tourism sector workers	Limited capacity to provide quality services and experiences for tourists	Investment in training and education programs for tourism sector workers
	Lack of collaboration	Limited collaboration among stakeholders in the tourism sector	Limited coordination and cooperation on tourism initiatives	Investment in fostering collaboration and partnerships among stakeholders
	Inadequate tourism regulations	Lack of proper regulations and policies for tourism	Limited accountability and quality assurance for tourism sector activities	Investment in developing and implementing proper regulations and policies
	Inadequate funding	Limited financial resources for tourism development	Limited ability to invest in tourism infrastructure and marketing	Investment in securing funding and partnerships to support tourism development
	Limited community involvement	Limited involvement of local communities in tourism development	Limited representation and participation in decision-making	Investment in engaging and empowering local communities in tourism development
	Environmental degradation	Uncontrolled development and tourism activities that harm the environment	Limited sustainability of tourism activities in the long-term	Investment in promoting and enforcing sustainable tourism practices
	Insecurity	Inadequate security measures in tourism destinations	Limited safety and confidence for tourists	Investment in improving security measures and promoting a safe and secure tourism environment
	Wildlife conservation			
	Poaching	Lack of awareness among local communities	Insufficient wildlife rangers	Capacity building for local communities and rangers, promotion of eco-tourism

Ministry	Development Issue	Causes	Constraints	Opportunities
	Human-Wildlife Conflict	Human encroachment into wildlife habitats	Lack of proper fencing and wildlife corridors	Creation of wildlife-friendly corridors, installation of appropriate fencing
	Habitat loss and fragmentation	Expansion of agricultural activities	Deforestation and habitat destruction	Promotion of sustainable land use practices, reforestation and afforestation
	Climate Change	Change in weather patterns and increase in extreme weather events	Loss of biodiversity and habitat	Implementation of climate-smart agricultural practices and promotion of renewable energy
	Illegal trade in wildlife products	High demand for wildlife products in international markets	Weak enforcement of wildlife laws	Strengthening of law enforcement and cross-border collaboration
	Invasive species	Introduction of non-native species	Disruption of natural ecosystems and loss of biodiversity	Implementation of measures to prevent the introduction of invasive species
	Wildlife research and monitoring	Insufficient data on wildlife populations and behaviour	Lack of resources and technology for research and monitoring	Investment in research and monitoring programs, use of innovative technology
	Wildlife disease management	Outbreaks of infectious diseases among wildlife populations	Lack of adequate veterinary care for wildlife	Development of effective disease surveillance and management systems
	Wildlife tourism	Limited awareness and promotion of wildlife tourism	Lack of infrastructure and facilities for tourists	Promotion of wildlife tourism and investment in appropriate infrastructure
	Wildlife habitat restoration	Habitat degradation and loss due to human activities	Insufficient funds for restoration projects	Investment in habitat restoration programs and collaboration with stakeholders
Water and Irrigation	1. Inadequate Water Storage	Erratic rainfall patterns, Poor water management practices, Climate change	Limited financial resources, Lack of technical capacity	Introduce new water management practices, Use alternative sources of water like rainwater harvesting and groundwater exploration, Increase budgetary allocation towards water storage infrastructure
	2. Poor Irrigation Methods	Lack of technical know-how, Inadequate irrigation infrastructure, Inefficient use of water	High costs of irrigation equipment, Inadequate funding	Provide training on modern irrigation techniques, Introduce irrigation subsidies, Increase public-private partnerships for irrigation development
	3. Water Pollution	Poor waste management practices, Industrial and agricultural activities, Poor sanitation practices	Lack of effective regulatory frameworks, Limited resources for monitoring and enforcement	Strengthen monitoring and enforcement of water pollution regulations, Increase public awareness on the impacts of water pollution, Encourage industries to adopt cleaner production practices
	4. Inequitable Water Distribution	Geographical disparities, Water infrastructure challenges, Inadequate governance structures	Political interference, Insufficient investment in water infrastructure	Improve water governance structures and processes, Increase investment in water infrastructure, Promote equity
	5. Inadequate Water Treatment	Limited technical expertise, Inadequate water treatment infrastructure, Inefficient use of resources	Lack of funding, Limited public awareness on the importance of water treatment	Increase public awareness on the importance of water treatment, Increase investment in water treatment infrastructure, Provide training on modern water treatment techniques
	6. Climate Change and Water Scarcity	Increased frequency of droughts, Erratic rainfall patterns, Deforestation	Limited financial resources, Lack of technical capacity	Increase investment in climate-resilient water infrastructure, Promote reforestation and conservation practices, Increase public awareness on the impacts of climate change on water resources

Ministry	Development Issue	Causes	Constraints	Opportunities
	7. Inefficient Water Use in Agriculture	Lack of knowledge on efficient irrigation techniques, Poor farming practices, Lack of modern farming equipment	Limited funding, Inadequate extension services	Provide training on efficient irrigation and farming techniques, Increase investment in modern farming equipment , Strengthen extension services to disseminate information on modern farming practices
	8. Poor Water Governance	Limited stakeholder engagement, Inadequate institutional capacity, Lack of transparency and accountability	Limited resources for governance reforms, Political interference	Strengthen stakeholder engagement in water governance, Increase investment in institutional capacity building , Promote transparency and accountability in water governance processes
Health & Sanitation	Limited access to quality healthcare services	Lack of enough healthcare facilities, Poverty	Insufficient funding	Increase healthcare infrastructure, improve healthcare financing, promote community health programs, Strengthen referral systems
	High disease burden	Lifestyle factors, infectious diseases, poverty	Limited access to healthcare	Promoting preventative care, strengthening disease surveillance systems, Increasing funding for research
	Limited funding for healthcare	Lack of health service bill to allow collection of revenue at the health facilities and spending at source, inadequate allocation of resources	Limited government budgets, Limited donor funding	Increased public funding for healthcare, Increased efficiency in healthcare spending, Prioritizing healthcare spending, approval and operationalization of health services bill
	Weak health systems	Inadequate financing, Shortage of healthcare workers, Limited access to medical supplies and equipment	Inadequate healthcare financing, Inadequate healthcare infrastructure	Strengthening health system governance, improving access to essential medicines and technologies, Increasing financing for health
	Low health literacy	Limited access to health information, Limited health education, Health systems complexity	Limited access to health information, Low health provider literacy, Low health system literacy	Improving access to healthcare services, Engaging communities
	Inadequate health workforce	Limited recruitment and retention strategies, Limited funding, and insufficient incentives.	Insufficient funding, Low salaries and poor working conditions, Limited training and education	Increase recruitment and training, implement task-sharing, Collaborate with NGOs
	Limited health insurance coverage	High healthcare costs, Limited government support, Lack of awareness	High healthcare costs, Limited awareness of health insurance	Improve insurance affordability, increase public awareness, Strengthen insurance regulation
	Limited community participation	Lack of awareness, Low health literacy, Limited communication	Limited awareness and understanding of health issues, Limited trust in healthcare providers and the healthcare system, Limited resources and funding	Increase community awareness, engage community leaders, Strengthen community health structures, foster community ownership, operationalization of all the 247 community units
	Poor sanitation and hygiene	Limited access to water and sanitation facilities, Limited resources, Lack of maintenance	Limited access to clean water, Limited access to sanitation facilities, Limited resources and funding	Conduct regular monitoring and evaluation, Develop and implement policies
Education, Training and	Lack of Adequate Learning Facilities	Insufficient funding for the education sector	Limited financial resources	Attracting donor funding, public-private partnerships

Ministry	Development Issue	Causes	Constraints	Opportunities
Skills Development	Inadequate Skilled Teachers	High teacher turnover, insufficient teacher training	Limited access to professional development opportunities	Increase investment in teacher training, attract qualified teachers with better incentives
	Limited Access to Education	Long distances to schools, inadequate infrastructure	Poor road network	Increase investment in infrastructure, construction of more schools, and expansion of school transport network
	Low Enrolment Rates	Poverty, cultural beliefs	Low literacy levels	Increase awareness campaigns to promote the importance of education, provide scholarships and bursaries to needy students
	Inadequate Technical and Vocational Training	Limited access to vocational training centres, insufficient resources	Lack of awareness of the value of technical education	Increase investment in vocational training centres, promote the value of technical education through awareness campaigns
	Inadequate Curriculum Development	Inadequate funding, lack of relevant materials	Insufficient teacher training	Increase investment in curriculum development, provide teachers with relevant training and materials
	Gender Disparities in Education	Cultural beliefs, poverty	Lack of access to education for girls	Increase awareness campaigns to promote girls' education, provide scholarships and bursaries for girls
	Inadequate Education Management Systems	Poor governance, lack of accountability	Insufficient resources for oversight and monitoring	Improve governance and accountability, increase investment in oversight and monitoring
	Inadequate Research and Development	Limited resources for research and development	Lack of research culture	Increase investment in research and development, promote a research culture in schools
	Inadequate Inclusion of Special Needs Students	Limited resources, lack of awareness	Insufficient facilities and trained teachers	Increase investment in facilities and trained teachers, promote awareness of the importance of inclusion
Roads, Public Works and Transport	Poor road network	Inadequate funding, poor planning	Limited resources, poor weather conditions	Improved access to remote areas, job creation through road construction
	Lack of adequate public transport	Insufficient funding, poor management	Limited resources, poor infrastructure	Increased investment in public transport, improved access to employment and services
	Lack of proper drainage systems	Poor planning, inadequate funding	Limited resources, poor weather conditions	Improved sanitation, job creation through drainage construction
	Poor maintenance of roads	Limited funding, poor management	Limited resources, poor weather conditions	Improved road safety, increased job opportunities through road maintenance
	Inadequate street lighting	Limited funding, poor planning	Limited resources, security concerns	Improved security, increased economic activities at night
	Lack of modern infrastructure	Inadequate funding, poor planning	Limited resources, reduced economic growth	Increased investment in modern infrastructure, improved economic growth
	Inefficient transport systems	Poor management, lack of regulation	Limited resources, poor infrastructure	Improved access to goods and services, job creation through transport management
	Inadequate parking facilities	Poor planning, lack of regulation	Limited resources, congestion	Improved traffic flow, increased revenue from parking fees
	Lack of pedestrian walkways	Poor planning, inadequate funding	Limited resources, safety concerns	Improved pedestrian safety, increased economic activities
Trade, Industry MSMEs, Innovation and Cooperatives	Co-operatives			
	Lack of Financial Resources	Limited government funding, insufficient member contributions	Inability to invest in infrastructure, low-quality services	Exploring alternative funding sources such as grants, loans, and partnerships; increasing member contributions through education and awareness

Ministry	Development Issue	Causes	Constraints	Opportunities
	Ineffective Governance	Poor leadership, lack of accountability and transparency	Lack of member trust, conflicts among members	Implementing governance best practices, training members in leadership and decision-making, establishing clear communication channels
	Limited Member Participation	Low member awareness, apathy, lack of incentives	Inability to achieve cooperative objectives, limited growth opportunities	Developing targeted outreach programs, offering member benefits and incentives, promoting member education and engagement
	Insufficient Market Access for co-operatives	Limited market knowledge, lack of bargaining power	Inability to secure better prices and markets for their products	Strengthening market research and intelligence, developing strategic partnerships and collaborations, enhancing bargaining power through cooperative alliances
	Inadequate Training and Education	Limited access to training programs, lack of skilled trainers	Inability to acquire new knowledge and skills, limited innovation and productivity	Establishing training and education programs, leveraging technology for remote learning, partnering with educational institutions and industry experts
	Weak Financial Management by the Co-operatives	Inadequate financial reporting, insufficient internal controls	Inability to make informed decisions, increased risk of fraud and mismanagement	Implementing sound financial management practices, hiring qualified financial professionals, investing in financial management software and systems
	Lack of Diversity and Inclusion	Limited representation of diverse groups, exclusionary practices	Inability to tap into diverse perspectives and experiences, limited market opportunities	Embracing diversity and inclusion as core values, creating an inclusive culture, promoting diverse leadership and membership
Micro, Small, and Medium-sized Enterprises (MSMEs) and Industry Development				
	Lack of Infrastructure	Insufficient funding, poor planning, inadequate technical expertise	Limited resources, inadequate government support, lack of private sector investment	Potential for public-private partnerships, government support for infrastructure development, availability of skilled workforce
	Low Productivity	Lack of modern technology and innovation, inadequate infrastructure, insufficient investment	Lack of skilled workforce, inadequate training, weak linkages between industry and academia	Implementation of modern technology, investment in research and development, strengthening of industry-academia linkages
	Poor Quality Control	Lack of standards, inadequate quality control measures, weak regulatory environment	Lack of skilled workforce, inadequate training, weak enforcement mechanisms	Development of quality standards, establishment of quality control systems, implementation of regulations
	Inadequate Market Access	Limited market information, weak marketing skills, inadequate infrastructure	Lack of investment, inadequate training, insufficient government support	Development of market information systems, investment in marketing skills, government support for market access
	Lack of Access to Finance	Limited availability of credit, high interest rates, lack of collateral	Weak financial sector, inadequate government support, lack of financial literacy	Establishment of credit facilities, government support for financial inclusion, promotion of financial literacy
	Weak Linkages with Other Sectors	Limited backward and forward linkages, inadequate cooperation among sectors	Lack of investment, insufficient government support, weak institutional frameworks	Development of value chains, promotion of cooperation among sectors, strengthening of institutional frameworks
	Poor Business Management	Inadequate management skills, poor financial planning, and inadequate record-keeping	High business failure rates and reduced competitiveness	Business training programs, business mentorship, and networking with successful entrepreneurs

Ministry	Development Issue	Causes	Constraints	Opportunities
	Lack of Skilled Labour	Limited skilled labour pool and inadequate training opportunities	Reduced productivity and limited innovation	Technical and vocational training programs, government apprenticeship programs, and partnerships with universities and technical schools
	Inadequate Legal and Regulatory Frameworks	Complex and lengthy registration processes, high tax rates, and limited legal awareness	Reduced compliance and high regulatory costs	Simplification of registration procedures, government regulatory reform programs, and tax incentives
	Limited Access to Information	Limited access to market information, technology innovations, and business management practices	Reduced competitiveness and limited innovation	Government information dissemination programs, use of digital platforms, and networking with industry players
Energy, Environment, Forestry, Natural and Mineral Resources	Drought	Unreliable rainfall	Unpredictable weather patterns	Institute water harvesting technologies
	Environmental degradation	Over exploitation of natural resources	Ever increasing human population	Application of technologies and systems on population control
		Overpopulation		
	Low survival of planted tree seedlings	Drought; browsing by animals	Lack of water; Lack of proper tree seedlings protection	Growing of drought resistant tree seedlings; Water harvesting technologies
	Low funding	Competing interests	Limited government funding	Development partners willing to provide additional funding
	Inadequate allocation of resources	Misallocation of functions to various departments in the county	Lack of know-how on the importance and impacts of energy planning and role of energy as an enabler for all the other socio-economic development programmes	County energy planning, Resource mobilization, sensitization and capacity building
	Substandard modern energy technologies	Open market system in the country and poor enforcement of import entering the country	Lack of awareness to the existing regulations and political interferences	County specific regulations to facilitate enhancement to compliance
Extensive sensitization and awareness on available modern technologies				
Lack of resource detailed maps for the county	Inadequate financing	Delayed legislation at national levels causing delays at county levels	Mapping and documentation of county minerals	
Culture, Gender, Youth, ICT, Sports and Social Services	Lack of ICT Infrastructure	Lack of investment in ICT infrastructure	High cost of ICT infrastructure development and maintenance	Increased investment in ICT infrastructure will enhance connectivity and improve access to information and communication, thus promoting economic growth and development.
	Gender Inequality	Cultural beliefs and practices, lack of access to education and resources, and inadequate legal and policy frameworks	Traditional attitudes towards women, gender-based violence, and limited access to resources such as education and economic opportunities	Increased gender equality will promote inclusive economic growth, reduce poverty, and promote social cohesion.
	Limited access to Social Services	Lack of infrastructure, limited funding, and inadequate policy frameworks	Lack of access to basic social services such as health care and education	Increased investment in social services will improve access to basic services, reduce poverty, and promote economic growth.

Ministry	Development Issue	Causes	Constraints	Opportunities
	Youth Unemployment	Limited job opportunities, lack of skills, and inadequate policies and programs	Limited access to education and training opportunities, inadequate policies and programs, and limited access to finance	Investment in youth education and training, development of relevant policies and programs, and access to finance will create opportunities for youth and promote economic growth.
	Limited Sports Facilities	Inadequate investment in sports facilities and infrastructure	Lack of sports facilities, inadequate sports programs, and limited access to finance	Investment in sports facilities and infrastructure, development of relevant policies and programs, and access to finance will promote sports and recreational activities, boost tourism and enhance community development.
	Limited Cultural Preservation	Inadequate policies and programs, lack of funding, and cultural erosion	Lack of investment in cultural preservation and inadequate legal frameworks	Investment in cultural preservation, development of relevant policies and programs, and legal frameworks will enhance cultural preservation, promote cultural tourism and boost community development.
	Limited Youth Participation in Governance	Inadequate youth representation, lack of youth empowerment, and inadequate policies and programs	Limited access to leadership opportunities and inadequate policies and programs	Increased youth representation in governance, youth empowerment, and development of relevant policies and programs will enhance youth participation in governance and promote inclusive development.
	Limited Access to Gender-Based Violence Services	Lack of policies and programs, cultural beliefs and practices, and inadequate funding	Limited access to gender-based violence services, cultural beliefs and practices, and limited funding	Development of relevant policies and programs, cultural transformation, and increased funding will enhance access to gender-based violence services and promote gender equality.
	Limited Access to Youth-Friendly Health Services	Inadequate policies and programs, limited funding, and cultural beliefs and practices	Limited access to youth-friendly health services, cultural beliefs and practices, and inadequate funding	Development of relevant policies and programs, increased funding, and cultural transformation will enhance access to youth-friendly health services and promote youth development.
	Limited Access to Information	Lack of investment in information infrastructure and limited literacy levels	Lack of access to information, inadequate information infrastructure, and limited literacy levels	Investment in information infrastructure, development of relevant policies and programs, and increased literacy levels will enhance access to information and promote economic growth and development.
	Limited Access to ICT Skills	Inadequate ICT training and limited access to technology	Limited access to ICT training and technology, limited funding for ICT training and development	Increased investment in ICT training and development, development of relevant policies and programs, and access to finance will enhance ICT skills and promote economic growth and development.
	Limited Access to Youth Employment Programs	Limited job opportunities, inadequate policies and programs, and lack of access to finance	Limited access to job opportunities, inadequate policies and programs, and lack of access to finance	Investment in youth employment programs, development of relevant policies and programs, and access to finance will create opportunities for youth and promote economic growth.
	Inadequate Gender Mainstreaming	Limited investment in gender mainstreaming, inadequate policies and programs, and cultural beliefs and practices	Lack of gender-sensitive policies and programs, traditional attitudes towards women, and inadequate investment in gender mainstreaming	Development of relevant policies and programs, cultural transformation, and increased investment in gender mainstreaming will enhance gender equality and promote inclusive economic growth.
	Limited Access to Sports Training	Inadequate investment in sports training and development, limited access to sports facilities	Limited access to sports training and facilities, inadequate policies and programs, and lack of access to finance	Investment in sports training and development, development of relevant policies and programs, and access to finance will enhance sports skills, promote sports and recreational activities, boost tourism and enhance community development.

Ministry	Development Issue	Causes	Constraints	Opportunities
	Limited Access to Social Protection	Inadequate investment in social protection programs, limited funding, and inadequate policies and programs	Limited access to social protection programs, inadequate policies and programs, and lack of access to finance	Investment in social protection programs, development of relevant policies and programs, and access to finance will enhance social protection, reduce poverty, and promote inclusive economic growth.
	Limited Youth Participation in Decision Making	Lack of youth representation, inadequate policies and programs, and cultural beliefs and practices	Limited access to leadership opportunities, inadequate policies and programs, and cultural beliefs and practices	Increased youth representation in decision making, development of relevant policies and programs, and cultural transformation will enhance youth participation in decision making and promote inclusive development.
	Inadequate Child Protection	Lack of investment in child protection, inadequate policies and programs, and cultural beliefs and practices	Limited access to child protection services, traditional attitudes towards children, and inadequate investment in child protection	Development of relevant policies and programs, cultural transformation, and increased investment in child protection will enhance child protection, promote child welfare, and reduce poverty.
	Limited Access to Sexual and Reproductive Health Services	Inadequate policies and programs, cultural beliefs and practices, and lack of funding	Limited access to sexual and reproductive health services, traditional attitudes towards sexuality, and inadequate funding	Development of relevant policies and programs, cultural transformation, and increased funding will enhance access to sexual and reproductive health services and promote reproductive rights.
	Limited Access to Youth Entrepreneurship Programs	Limited access to finance, inadequate policies and programs, and lack of business skills	Limited access to business opportunities, inadequate policies and programs, and lack of access to finance	Investment in youth entrepreneurship programs, development of relevant policies and programs, and access to finance will create opportunities for youth entrepreneurship, promote economic growth, and reduce poverty.
	Inadequate Disability Mainstreaming	Lack of investment in disability mainstreaming, inadequate policies and programs, and cultural beliefs and practices	Limited access to disability-friendly services, traditional attitudes towards disability, and inadequate investment in disability mainstreaming	Development of relevant policies and programs, cultural transformation, and increased investment in disability mainstreaming will enhance disability rights, promote social inclusion, and reduce poverty.
Finance, Economic Planning and Revenue Management	Revenue Management			
	1. Inefficient tax collection	Lack of modern technology and infrastructure, low tax compliance, corruption and bureaucracy	Limited financial resources, resistance from non-compliant taxpayers, inadequate staffing and training	Investing in modern tax collection technology and infrastructure, enhancing tax compliance through education and awareness campaigns, improving staff capacity and accountability
	2. Limited revenue sources	Dependence on a few revenue streams such as property tax, lack of diversification	Limited investment and business opportunities in the county, inadequate legal framework for revenue collection	Identifying and tapping into new revenue streams such as tourism and agriculture, creating a favourable business environment to attract investment and encourage entrepreneurship, lobbying for favourable revenue collection legislation
	3. Inadequate budgeting and planning	Limited understanding of revenue potential, inadequate participation of stakeholders in budgeting, weak planning and monitoring systems	Limited resources, limited political will to prioritize budgeting and planning, resistance from interest groups	Improving stakeholder participation in budgeting and planning, conducting comprehensive revenue potential assessments, adopting robust planning and monitoring systems

Ministry	Development Issue	Causes	Constraints	Opportunities	
	4. Lack of transparency and accountability	Poor record-keeping and documentation, lack of adherence to ethical standards, inadequate monitoring and evaluation systems	Lack of political will to enforce accountability measures, limited resources for monitoring and evaluation	Strengthening record-keeping and documentation, adopting and enforcing ethical standards, enhancing monitoring and evaluation systems, involving citizens in monitoring and reporting corrupt practices	
	5. Poor revenue forecasting	Lack of accurate and reliable data, inadequate capacity to analyse and interpret data, reliance on historical data	Limited resources for data collection and analysis, difficulty in predicting external factors affecting revenue, resistance to change from traditional forecasting methods	Investing in data collection and analysis tools and training, adopting modern forecasting methods, collaborating with other departments and agencies to improve data quality	
	6. Limited public participation	Limited involvement of citizens in revenue management processes, lack of awareness and information on revenue management, inadequate feedback mechanisms	Limited resources for public participation, lack of political will to involve citizens, resistance from some officials	Enhancing citizen awareness and information on revenue management, establishing feedback mechanisms, allocating resources for public participation	
	7. Limited capacity building	Limited skills and knowledge among revenue management staff, inadequate training opportunities, high staff turnover	Limited resources for training and capacity building, resistance to change and adoption of new skills, difficulty in attracting and retaining skilled staff	Investing in staff training and capacity building, adopting modern technology and methods, improving staff remuneration and benefits, creating a favourable work environment	
	Finance management and Economic planning				
	1. Inadequate budgetary allocation	Limited revenue sources, political interference	Lack of financial capacity, weak revenue collection systems	Development partners' support, public-private partnerships	
	2. Unsatisfactory budget absorption rate.	Lack of a Clear Budget implementation frameworks	Limited oversight mechanisms, political interference	Capacity building, technology adoption, public participation	
	3. Inadequate data management systems	Limited capacity, poor data quality	Inadequate infrastructure, inadequate human resources	Technology adoption, capacity building, data sharing partnerships	
	County Assembly	Lack of Land Availability	-Lack of government land for the construction of Speakers Residence and Modern Office block -Over pricing of available private land hence inability to acquire land through buying	- Time frame for the project development implementation -Lengthy Bureaucracies involved in the process of land acquisition	-Improved legislation -Conducive working environment and improved service delivery
	Mwingi Town Administration	Upgrading of back street roads	Need for space and opportunity for more business outlets	Demolitions of buildings that have encroached road reserves	Enforcing development control; Sensitizing the public through public fora
Opening up of back streets		To ensure accessibility to back areas for garbage collection and fast disaster response	Environmental pollution	Enforcing NEMA and public health guidelines	
Reclaiming road reserves illegally occupied by hawkers		To construct standard stalls for renting out to clients hence ensuring controlled and decent	Loss of livelihoods due to demolition of business premises/activities carried on the to be reclaimed road reserves	Sensitizing the public through public fora; enforcement of compliance for effective urban development control;	

Ministry	Development Issue	Causes	Constraints	Opportunities	
		trading environment thereby ensuring more revenue generation		appropriate relocation or acquisition of alternative trading land for the affected traders.	
	Construction of additional office buildings	Need for spacious and ample working environment for effective service delivery	Environmental pollution and degradation	Provision of budget for construction of more administration offices; compliance with NEMA regulations and public health guidelines during and after constructions	
Kitui Municipality	Solid Waste Management-Relocation of Kalundu dumpsite and be replaced with wholesale market/recreation Centre	The Dumpsite is close to town centre and next to Kalundu River, thus exposing public health hazard.	unavailability of alternative land. Open space is very far hence cost of transporting waste. Need for budget to acquire and reallocate dumpsite and purchase waste transport vehicles.	Acquire Land for Land fill. Partner with donors for funds.	
	Paved walkways and drainage system -A complete drainage system	Floods by runoff water during rainy season, Blockages	inadequate budget allocation	Undertake drainage in phases.	
	Installation of street lights/Security Lights-Street lighting along the main road and solar flood lights at the following centres, Mwembe Tayari, Syombuku, Kiluilu, Ginnery	Insecurity, improve business working hours.	Inadequate budget allocation,		Sensitization to public to end vandalism. Use concrete Posts instead of metallic, Solar powered instead of electricity.
		Vandalism of security lights			
	Road tarmacking-Bondeni/High rise /Site/Service sub village roads, Tarmacking of Intellects college road and putting of street lights, Tarmacking of Majengo estate road	Accessibility and connectivity.	Inadequate funds	Undertaking projects in progressively and Partner with donors and other stake holders.	
	Paved walkways and drainage system -Construction of pavements and cabros and tarmacking feeder roads	Need for accessibility and connectivity.	Inadequate budget allocation,	Undertaking projects in phases and Partner with donors and other stake holders.	
	Market Infrastructure development -Construction of Market stalls and sheds at Kalundu and other small towns within the municipality.	Need for conducive working environment for traders	Inadequate budget allocation,	Undertaking projects in phases and Partner with donors and other stake holders.	
	Town & Market Cleaning-Employ market cleaners at; Kyamathyaka and Sokomoko	Need for clean and safe environment	Inadequate budget allocation,	Sensitization on waste management.	
Ministry of Lands and	1. Poor Infrastructure	Lack of adequate funding for infrastructure development	Limited resources and funding constraints	Opportunities for public-private partnerships (PPPs) and external funding sources such as international organizations or aid agencies	

Ministry	Development Issue	Causes	Constraints	Opportunities	
Urban Development	2. Unplanned Urbanization	Rural-urban migration and population growth	Limited land availability and lack of planning expertise	Opportunities for participatory planning processes and use of innovative technologies such as Geographic Information Systems (GIS)	
	3. Inadequate Housing	High demand for housing and limited affordability	Limited access to finance and lack of formal land tenure	Opportunities for affordable housing initiatives and use of alternative building materials such as earth bricks	
	4. Poor Waste Management	Lack of waste management infrastructure and systems	Limited resources and funding constraints	Opportunities for community-based waste management initiatives and public-private partnerships	
	5. Inadequate Water and Sanitation	Limited access to safe and clean water and sanitation facilities	Limited resources and funding constraints	Opportunities for community-based water and sanitation initiatives and public-private partnerships	
	Land administration and Management				
	1. Inefficient Land Administration	Lack of adequate resources, outdated land management systems, corruption and lack of capacity among land administrators	Limited funding, inadequate staffing, limited land management technology, and weak governance systems	Development of effective land management systems, capacity building of land administrators, introduction of technology to improve land management, and enhanced transparency and accountability in land administration	
	2. Inadequate Land Use Planning	Lack of comprehensive land-use plans, inadequate consultation with stakeholders, limited technical capacity in land-use planning	Limited funding for land-use planning, poor coordination among planning agencies, and weak implementation mechanisms	Introduction of comprehensive land-use planning, increased consultation with stakeholders, capacity building of land-use planners, and strengthening implementation mechanisms	
	3. Land Fragmentation	Traditional inheritance practices, lack of land consolidation programs, and population growth	Limited availability of arable land, inadequate resources for land consolidation programs, and weak enforcement of land consolidation laws	Development of land consolidation programs, promotion of alternative inheritance practices, introduction of policies to regulate land fragmentation, and introduction of incentives to encourage land consolidation	
	4. Inadequate Land Registration	Lack of comprehensive land registration systems, inadequate resources for land registration, and corruption	Limited funding for land registration, weak institutional frameworks, and lack of awareness among landowners	Development of comprehensive land registration systems, capacity building of land registration officials, introduction of technology to improve land registration, and enhanced transparency and accountability in land registration	
	5. Inadequate Land Valuation	Lack of comprehensive land valuation systems, inadequate resources for land valuation, and corruption	Limited funding for land valuation, weak institutional frameworks, and lack of awareness among landowners	Development of comprehensive land valuation systems, capacity building of land valuation officials, introduction of technology to improve land valuation, and enhanced transparency and accountability in land valuation	
	6. Inadequate Land Surveying	Lack of comprehensive land surveying systems, inadequate resources for land surveying, and corruption	Limited funding for land surveying, weak institutional frameworks, and lack of awareness among landowners	Development of comprehensive land surveying systems, capacity building of land surveying officials, introduction of technology to improve land surveying, and enhanced transparency and accountability in land surveying	
	7. Inadequate Land Dispute Resolution Mechanisms	Limited access to justice, inadequate institutional frameworks for dispute resolution, and corruption	Limited funding for dispute resolution mechanisms, weak institutional frameworks, and lack of awareness among landowners	Development of effective dispute resolution mechanisms, capacity building of dispute resolution officials, introduction of alternative dispute resolution mechanisms, and enhanced transparency and accountability in dispute resolution	
	8. Inadequate Protection of Community Land Rights	Weak institutional frameworks for community land management, lack	Limited funding for community land management, weak institutional frameworks,	Development of effective institutional frameworks for community land management, capacity building of community	

Ministry	Development Issue	Causes	Constraints	Opportunities
		of awareness among community members, and corruption	and inadequate policies to protect community land rights	land management officials, introduction of policies to protect community land rights, and enhanced transparency and accountability in community land management
	9. Inadequate Conservation of Land and Natural Resources	Unsustainable land-use practices, inadequate institutional frameworks for conservation, and weak governance systems	Limited funding for conservation efforts, weak institutional frameworks, and inadequate policies to promote sustainable land-use practices	Development of effective institutional frameworks for conservation, capacity building of conservation officials, introduction of policies to promote sustainable land-use practices, and enhanced transparency and accountability in conservation efforts
Agriculture and Livestock Development	Limited Access to Markets	Poor Infrastructure and Limited Market Information	Limited Transportation and High Transaction Costs	Improved Infrastructure and Market Information Systems Can Increase Access to Markets and Improve Prices for Farmers
	Soil Degradation	Unsustainable Agricultural Practices (Use of chemicals), Overgrazing, and Climate Change	Low Soil Fertility, Reduced Crop Yields, and Limited Crop Diversity	Use of Sustainable Agricultural Practices, Agroforestry, and Soil Conservation Techniques Can Improve Soil Health and Increase Resilience
	Limited Access to Credit	Lack of Collateral, Poor Credit History, and High Interest Rates	Limited Investment in Farming and Limited Capacity to Scale	Microfinance Institutions and Government Programs Can Increase Access to Credit for Small-Scale Farmers
	Inadequate Irrigation	Erratic Rainfall and Limited Access to Water Sources	Reduced Crop Yields, Reduced Crop Diversity, and Food Insecurity	Increased Investment in Irrigation Infrastructure and Improved Water Management Can Increase Crop Yields and Improve Food Security
	Limited Extension Services	Limited Government Investment in Agriculture and Limited Capacity of Extension Agents	Limited Access to Information and Technology	Increased Government Investment in Extension Services and the Use of ICTs Can Improve Access to Information and Technology
	Inadequate Post-Harvest Handling	Limited Infrastructure and Poor Handling Techniques	High Post-Harvest Losses and Reduced Income for Farmers	Increased Investment in Infrastructure and Improved Handling Techniques Can Reduce Post-Harvest Losses and Improve Farmers' Income
	Limited Livestock Management Skills	Limited Education and Training Opportunities for Livestock Farmers	Reduced Livestock Productivity and Increased Risk of Disease Outbreaks	Increased Education and Training Opportunities Can Improve Livestock Management Skills and Increase Productivity
	Inadequate Animal Health Services	Limited Access to Veterinary Services and Medicines	Increased Risk of Disease Outbreaks and Reduced Livestock Productivity	Increased Investment in Animal Health Services Can Reduce the Risk of Disease Outbreaks and Improve Livestock Productivity
	Limited Diversification	Limited Crop and Livestock Diversity	Reduced Resilience to Shocks and Reduced Income for Farmers	Increased Diversification Can Improve Resilience to Shocks and Increase Income for Farmers
Land Fragmentation	Traditional Inheritance Practices and Population Growth	Reduced Farm Sizes and Limited Investment in Agriculture	Improved Land Tenure Systems and Investment in Agribusiness Can Improve Land Use and Increase Investment in Agriculture

CHAPTER THREE: SPATIAL DEVELOPMENT FRAMEWORK

3.1 SPATIAL DEVELOPMENT FRAMEWORK

This chapter provides the spatial framework within which development projects and programmes will be implemented. The chapter also indicates progress made in preparation of county spatial plans

Background

This chapter is anchored on the strategic objective of chapter five of the Constitution of Kenya 2010 outlined in Sec 60 which provides that “land shall be managed in a manner that is equitable, efficient and sustainable”. This horizon orientation is nudged in the CIDP through Sec 110 of the County Governments Act 2012 which provides that “There shall be a ten-year county GIS based database system spatial plan for each county, which shall be a component part of the county integrated development plan”.

The county spatial plan lay out a land use framework postulating optimal utilization of the land resource based on an objective competitive and comparative advantage(s) analysis of alternative array of uses. The plan provides a spatial depiction of the economic and social development programmes of the county as articulated in the CIDP, linkages to the Kenya National Spatial Plan 2015-2045 and regional plans, and a succinct realization of the envisioned sustainable development outcomes. The ultimate objective of a spatial plan is to harness the highest return on investment on land, a scarce resource and key factor of production, by governments and private investors.

Kitui County has not finalized developing the county spatial plan. Nonetheless, in an effort to spur investment strengths and splendour opportunities, the county government of Kitui mapped and demarcated its entire land into six economic and investment zones (EIZs). The EIZs are conceptualized as a strategic positioning nerve centre for promoting investments.

The following are the EIZ’s as outlined in Kitui County Vision for Economic and Social Transformation 2025:

- Kyuso-Tseikuru-Mumoni economic and investment zone.
- Mui basin economic and investment Zone.
- Mwingi town and its environs (Mwingi Municipality) economic and Investment zone.
- Kitui County Headquarters its environs (Kitui Municipality) economic and Investment zone.
- Kyangi-Kanyoo-Kwa Vonza economic and investment zone.
- Mutomo-Ikutha-Kanziko economic and investment zone.

Map 3: Economic and investment zones

MWINGI TOWN AND ENVIRONS

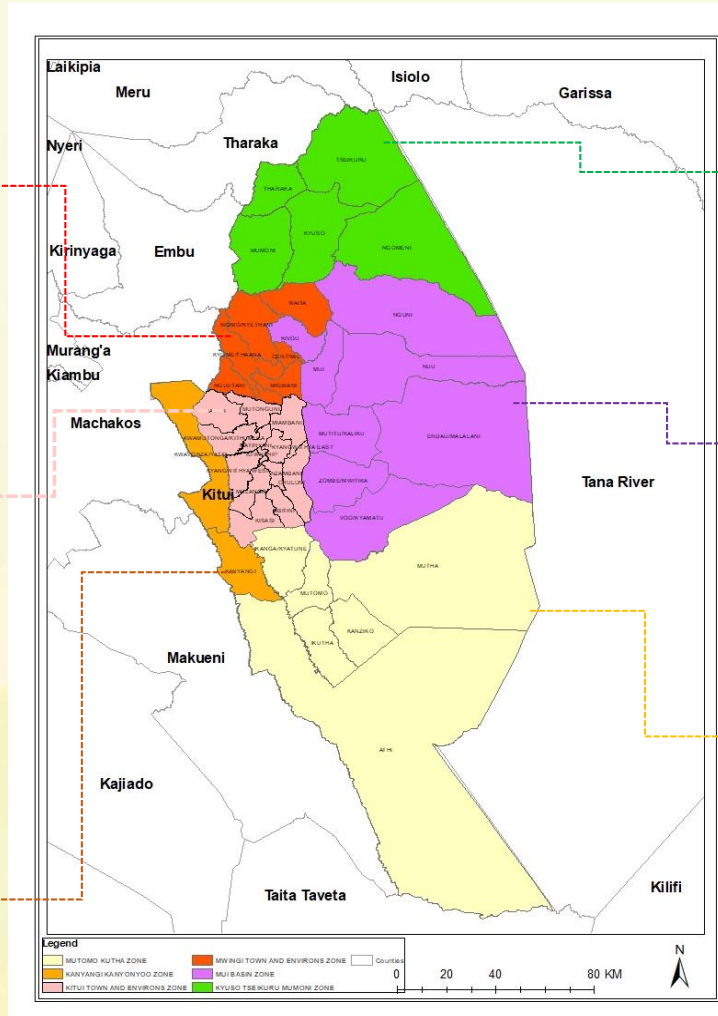

- Mwingi Industrial Hub
- Iron and steel production
- Agro processing hub

KITUI TOWN AND ENVIRONS

- Creation of a Financial services hub
- Trade centre complex
- Gentrification of Kitui town

KANYANGI -KWA VONZA -KANYONYOO

- Thwake dam
- Educational excellence cluster
- Interconnectivity; trade centre

KYUSO –TSEIKURU- MUMONI

- Tana River irrigation schemes
- Tourism; Promotion of Mwingi national reserve and Ngomeni rock
- Livestock developme

MUI BASIN

- Coal Mining
- Coal power plant
- Irrigation

MUTOMO -IKUTHA -KANZIKO-MUTHA

- Tourism; Tsavo East national park and South Kitui game reserve
- Kitui-Kibwezi road interconnectivity
- Limestone mining
- Iron ore mining

3.2 SPATIAL PLAN DEVELOPMENT THEMATIC AREAS

The county spatial plan cascade and synchronize the county spatial plan with the National Spatial Plan 2015-2045 development frontiers hereby outlined as thematic areas described below.

Potential growth areas in the County.

- The growth areas include an increase in housing in urban areas, upgrade of existing infrastructure and increased social service delivery among others;
- Spatial plans enhance the County’s competitiveness by providing a framework through which the County can maximize the benefits arising from its strategic geographic location, natural resources, and emergence of Information and Communications Technology (ICT). The plan will contribute towards modernization of agriculture by leverage on the power of GIS, spatial analysis will be undertaken by combining sources of water, soil types and crop characteristics to establish high potential areas for agricultural development and irrigation;
- Spatial analysis enhancing tourism development, such as digital and hard-copy maps that show tourist sites within the County; Improve human settlements both in rural and urban areas;
- Enable the County to protect and conserve the natural environment;

- Provide a means for upgrading and maximizing the transport network in the County;
- The spatial plan/framework provide a basis for providing critical infrastructure such as water and sewer systems, training and research facilities, and ICT such as internet hotspots, strategic computer resource centres among others;
- The spatial plan/framework also provide a basis for assessing industrial potential of the County. The spatial plans will include maps and descriptions of various thematic areas.
- The aforementioned thematic areas are further structured into strategies that can be implemented and linked to the respective sectors and/or departments responsible for their execution. Below are the spatial development plan execution strategies as envisaged.

Table 33: Spatial Development Plan Execution Strategies

Thematic Area	Overview/ Current Status	Policy Strategy	Potential Geographical Areas and/or EIZs	Lead Agencies/ Departments
Livestock enterprise development.	Introduction of artificial insemination, livestock transportation and meat value addition.	Commercialize livestock farming through breeds improvement, vertical and horizontal value chain integration.	Nuu, Endau, Kyamatu, Mutha, Tseikuru, Kanyangi, Kwa-Vonza, Kyuso, Tseikuru, Mumoni.	Agriculture (Livestock development).
Sustainable urban development	Urban sprawl, uncontrolled, and unsustainable urban development.	Integrated strategic urban planning for all urban areas in the county.	- 6 sub-county headquarters and 40 ward headquarters.	Urban Development Department.
	Establishment of Kitui and Mwingi Municipalities. Proposed Kitui-Mwingi-Meru Metropolitan region in National Spatial Plan	Execution of the UACA 2011 and the regulations thereof.	Kitui and Mwingi Towns Municipalities.	Kitui and Mwingi Municipality Management.
Mining	Sites with minerals such as coal, iron, gypsum, copper and limestone (clinger) identified.	Attract investors and enable mining through facilitative governance.	Mui basin, Ikutha, Mutomo, Kanziko.	Department of minerals investments.
	Potential ballast crushing sites established, sand and building stones site identified.	Enhance Competitiveness through cost leadership and economies of scale.	Yatta Kwa-Vonza and Kanyangi wards, also parts of Athi ward.	Department of Minerals Investments.
Irrigation Agriculture	Irrigation along major Rivers at Tana and Athi River. 'Mianda irrigation scheme' along seasonal rivers, earth dams, sand dams and other water catchments.	Sustainable irrigation systems, using solar powered and/or drip systems.	Kyuso, Tseikuru, Kiomo, Mumoni, Kanyangi, Athi. Miambani, Kauwi, matinyani, Mui, Kyangwithya East and West.	Water & Irrigation
Industrialization	Proposed sites for industrial zones potential agricultural products and minerals.	Development of guidelines on industrial zones on investment and mining. Development of value addition policy on agricultural products.	Mwingi Town, Kanyangi, Ikutha, Kitui Town	Trade, Industry, MSMES, Innovations & Cooperatives
Tourism	Availability of Tourism sites: Game parks and reserves, Rocks, heritage centre and Viewpoints.	Guidelines on Tourist marketing and promotion to enhance tourism in the County	Mwingi Game Reserve, South Kitui National Reserve, Tsavo East National Park, Snake park, Heritage Centre, Nzambani & Ngomeni Rocks, Balzar View point.	Office of Deputy Governor.

Thematic Area	Overview/ Current Status	Policy Strategy	Potential Geographical Areas and/or EIZs	Lead Agencies/ Departments
Transport	Improvement of roads. Class A roads (Kibwezi-Kitui-Mbondoni), Garissa road and other major, minor and access roads.	Develop more tarmac roads, bridge construction opening of new roads.	All roads within the County	Roads, Public Works & Transport
Environmental Conservation	Conservation through tree planting, regulated charcoal production, game parks and reserves.	Development of environmental conservation policy/guidelines Spatial plan to show areas and provide policy guidelines on environmental conservation	Mwingi Game Reserve area, Ithumba area, Mui basin, Mutitu and township	Energy, Environment, Forestry, Natural & Mineral Resources

CHAPTER FOUR: DEVELOPMENT PRIORITIES, STRATEGIES AND PROGRAMMES

This Chapter provides sector development priorities, strategies, programmes, flagship projects, and cross-sectoral linkages.

4.1 DEVELOPMENT PRIORITIES AND STRATEGIES

4.1.1 Office of the Governor

Ministry composition:

- Public Service Management & General Administration
- Governor's Service Delivery Unit and Public Communication
- Decentralized Units, SEKEB and Intergovernmental Relations

▪ **Vision**

To be a prosperous County with vibrant rural and urban economies whose people enjoy high quality of life.

▪ **Mission:**

To provide effective County services and an enabling environment for inclusive and sustainable socio-economic development and improved livelihoods for all

▪ **Ministry Goal**

The sector goal is to provide overall policy and leadership direction to facilitate County prosperity and competitiveness. The broad priorities of the Office of the Governor include promotion of socio-economic development, building County disaster resilience, enhancement of County image, governance, and effective public service delivery and performance. There are multiple constraints that hamper the transformation of Kitui County. These include low resource base, harsh climatic conditions, infrastructure gaps, high levels of poverty and low access to social economic services such as education, health, water and sanitation, and energy.

Table 34: Office of the Governor sector Priorities and Strategies

Sector Priorities	Strategies
Cabinet Affairs and Public Service Leadership (the Office of the County Secretary)	
Ensure conducive working environment for county employee	<ul style="list-style-type: none"> ▪ Construction of the County Headquarters ▪ Renovations, maintenance of the Governor's administration Block ▪ Furnishing and equipping offices under the ministry to enable smooth operations and work of employees
Provide cost-effective, sustainable, and appropriate residence for the Governor and the Deputy Governor in compliance to SRC circular No. SRC/TS/CGOVT/3/61/VOL.V(44)of 14 th August, 2020	<ul style="list-style-type: none"> ▪ Construction of Governor's Residence ▪ Construction of Deputy Governor's Residence
Enhance managements of cabinet affairs	<ul style="list-style-type: none"> ▪ Establish documentation system for Cabinet operations (Cabinet affairs manual)

Sector Priorities	Strategies
	<ul style="list-style-type: none"> Establish a Monitoring and feedback mechanism for implementation of cabinet resolutions
Provide secure safe keeping of property ownership documents of properties and assets of the County Government of Kitui	<ul style="list-style-type: none"> Establish a tamperproof and secure custody of all ownership documents of properties and assets – Vehicles, machinery, and motorcycle logbooks, Land parcel title deeds
Enhance internal communication on service delivery and employee relations within county government of kitui	<ul style="list-style-type: none"> Establishment and maintenance of Staff complaints handling mechanisms
	<ul style="list-style-type: none"> Staff Meetings – biannual staff meetings (entire county)
	<ul style="list-style-type: none"> Departmental/Ministerial meeting with all its staff – Quarterly in a year--monthly head of sections meetings with CS, - intersectional meetings - twice in a month
Administration and Support Services	
Ensure efficient and effective administrative services	<ul style="list-style-type: none"> Hold frequent scheduled staff meetings with the staff in the department.
	<ul style="list-style-type: none"> Proper and timely communication and dissemination of information to the staff.
	<ul style="list-style-type: none"> Staff coordination of the activities and functions attended by H.E the Governor.
Support other sections administratively for flawless implementation of their policies, activities, projects, and programmes.	<ul style="list-style-type: none"> Support other sectors in development of programs and staffing with respect to implementation of their policies, activities, projects, and programmes
Coordinate office accommodation and facilitation	<ul style="list-style-type: none"> Create office accommodation plan for conducive working environment for the staff
	<ul style="list-style-type: none"> Plan and implement furnishing and equipping staff with necessary requirements
	<ul style="list-style-type: none"> Management of office tea imprests.
Coordinate repair and maintenance of buildings, furniture, fittings, office equipment and other assets in the department.	<ul style="list-style-type: none"> Conduct assets condition assessment and generate plan for repair and maintenance of buildings, furniture, fittings, office equipment and other assets in the department.
	<ul style="list-style-type: none"> Keep an updated assets inventory.
Ensure proper hygiene and Sanitation in the workstation.	<ul style="list-style-type: none"> Management of cleaning of offices, corridors, and the environs of the Office of the Governor
	<ul style="list-style-type: none"> Provide adequate cleaning material and equipment
Office of the County Attorney	
Capacity Building	<ul style="list-style-type: none"> Recruit a court clerk and process server
	<ul style="list-style-type: none"> Recruit three County Legal counsel
	<ul style="list-style-type: none"> Continuous professional development on relevant skills
	<ul style="list-style-type: none"> Acquire the necessary office equipment such as working stations, 5 laptops, printer, photocopier, digital filing system and Fire proof cabinets,
Minimize legal bills	<ul style="list-style-type: none"> Recruit three legal counsel
	<ul style="list-style-type: none"> Service level agreements with our advocates
Reduce County exposure to litigation	<ul style="list-style-type: none"> Build the Capacity of accounting and procurement officers on contract management
	<ul style="list-style-type: none"> Work closely with departments on matters with potential legal risks
	<ul style="list-style-type: none"> Review framework contracts used by the county departments
Timely conclusion of court cases	<ul style="list-style-type: none"> Legalize Kitui County Emblem
	<ul style="list-style-type: none"> Continuous tracking of progress on court cases handled by external counsel
Provision of Community level legal aid programs on Gender Based Violence, HIV and AIDS and Sexual Offences	<ul style="list-style-type: none"> Employ alternative dispute resolution mechanisms where necessary
	<ul style="list-style-type: none"> Partner with the department of culture gender and social services to identify the relevant communities
<ul style="list-style-type: none"> To partner with NGOs to facilitate the community engagements. 	
Directorate of Special Programmes	
Establish Special Programmes Operations and authority.	<ul style="list-style-type: none"> Develop a Special Programmes Policy.
	<ul style="list-style-type: none"> Anchor the department in a legal framework
	<ul style="list-style-type: none"> Constitute a committee
	<ul style="list-style-type: none"> Engage a consultant.
	<ul style="list-style-type: none"> Do the validation at the county level
	<ul style="list-style-type: none"> Implementation of the policy

Sector Priorities	Strategies		
Enhance Relief Assistance Services	<ul style="list-style-type: none"> ▪ Conduct a feasibility study in all 8 sub-counties ▪ Food and nutrition security assessment in all 8 sub-counties 		
	<ul style="list-style-type: none"> ▪ Food assistance and distribution to the needy in all the sub-counties. ▪ Establish a well monitored and updated system for Cash transfers. 		
	Enhance Social Protection Services	<ul style="list-style-type: none"> ▪ Create a database of all special groups- OVCs, PWDs, Protection of the old, people with chronic illnesses, widows, women groups, youth groups ▪ Give School fees support to vulnerable children. 	
		<ul style="list-style-type: none"> ▪ Creation of a database for all the implementing partners within the county. ▪ Developing an extranet for the implementing partners. ▪ Joint work planning between the partners and the county government to create synergy, harmonization and avoid duplication of projects ▪ Coordination of partners meetings and capacity building. ▪ Joint monitoring of the projects. 	
Coordination of development partners	<ul style="list-style-type: none"> ▪ Benchmarking with other counties on resource mobilization. ▪ Training on proposal writing. ▪ Develop proposals to donors. 		
	Improve the capacity and skills of staffs on Resource Mobilization.	<ul style="list-style-type: none"> ▪ Benchmarking with other counties on resource mobilization. ▪ Training on proposal writing. ▪ Develop proposals to donors. 	
		Policy and Research	
		Strengthen the development of evidence-based policies	<ul style="list-style-type: none"> ▪ Publication of policy research papers and position papers on service delivery ▪ Conduct surveys and publish reports on service delivery and strategies ▪ Conduct data mapping of all sources of data for the county ▪ Development of online county project database
Coordinate the drafting of county policies	<ul style="list-style-type: none"> ▪ Establish policy repository/online policy database ▪ Conduct annual policy mapping on county strategies and functions ▪ Establishment of policy resource centre ▪ Drafting of the departmental policies ▪ Policy advisory on CIDP 2023-2027 flagship projects and other development priorities 		
	Institute knowledge management		<ul style="list-style-type: none"> ▪ Formulation of the knowledge management policy ▪ Establish and maintain all documentation, data and information systems related to research and policy
			Transport Unit
	To streamline the transport sector for smooth operation, effective and efficient management	<ul style="list-style-type: none"> ▪ Establish a fuel card system ▪ Construction of a county garage and installation of a fuel pump ▪ Develop and implement a comprehensive transport policy ▪ Install a fleet management system ▪ Facilitate sourcing of suitable motor vehicle insurance of county government vehicles and motorbikes ▪ Facilitation of motor vehicle insurance for all County Government vehicles, machinery and motorcycles 	
Records Management Unit			
1.) Digitization of County Records to ensure efficient records management		<ul style="list-style-type: none"> ▪ Digitization of records ▪ Appraisal and valuating the documents to be captured in Electronic Documents Management System. (EDMS) to a void digitizing valueless record. ▪ Sourcing for reliable software and hardware for the project of digitization. ▪ Creating awareness to various stakeholders on why to embrace digitization for ease of operations. 	
		2.) Improve efficiency of authorized access to information	<ul style="list-style-type: none"> ▪ Use of second level maker checker technology to mitigate against access by unauthorized personnel ▪ Use of computer application to automate and manage manual records management processes.
			3.) Enhance records management from all stages (active, semi-active and dormant) across the ministries, departmental and at Sub- County level.

Sector Priorities	Strategies	
4.) Enhance records management best practices by Automating the process.	<ul style="list-style-type: none"> ▪ Embracing use of templates to capture data and provide controlled share access paths. ▪ Training of staff on database management emerging technological trends. 	
5.) To allocate and improve documents custody room (Repository)	<ul style="list-style-type: none"> ▪ Setting aside Records repository room that meets security features for safe custody of county records and mitigate against loss. 	
Decentralized Unit, South Eastern Kenya Economic Bloc (SEKEB) & Intergovernmental Relation		
Operationalization of SEKEB	<ul style="list-style-type: none"> ▪ Legalize SEKEB through Gazetting SEKEB Bill 2021 ▪ Establish SEKEB Leadership and governance structures. ▪ Establish functional SEKEB and Intergovernmental Relations department ▪ Completion and launch of SEKEB Blueprint ▪ Develop SEKEB priority projects and programs ▪ Coordinate and participate in SEKEB activities and events. ▪ Enhance collaboration and working relations with member counties for cross learning. ▪ Support the establishment of SEKEB Secretariat in Machakos. ▪ Facilitate SEKEB annual County contributions to the secretariat. 	
	<ul style="list-style-type: none"> ▪ Documenting and profiling emerging intergovernmental relations issues. ▪ Participate in activities and events by CoG, IGRTC and other intergovernmental institutions. ▪ Support implementation of IGRTC resolutions and unbundling devolved functions at all levels of governance. ▪ Operationalize County Policing Authority ▪ Develop county policy interventions relating to management of assets for accountability. ▪ Develop joint User-agreement for shared resources and utilities. ▪ Closure and transfer of public records and information to County Government (On-going) ▪ Fast track registration of unregistered public land and utilities through land registration and physical Planning. ▪ Finalize the valuation of assets and transfer of ownership. ▪ Use of alternative dispute resolution mechanisms on matters relating both governments. ▪ Actively engage with Intergovernmental institutions to continue to lobby for adequate resources to follow devolved functions.(Funds should follow functions.) 	
	<ul style="list-style-type: none"> ▪ Construction, equipping and operationalization of decentralized units upto ward level ▪ Establishment of town boards and wards development committees ▪ Establishment of Citizens Service centers ,e-government ,Huduma centers modeling ▪ Create an efficient and edible administration ▪ Provide maximum feasible space for participation in decision making 	
	<ul style="list-style-type: none"> ▪ Establishment of County and Sub-County committees 	
	<ul style="list-style-type: none"> ▪ In collaboration with the National Police service, establish 8 police stations in wards bordering Tana River County. ▪ In collaboration with other County Government departments and National Police service, develop and provide security for the County Aggregation and Industrial Parks. 	
	<ul style="list-style-type: none"> ▪ Preparation and operationalization of Kitui County public participation and citizen engagement policy. ▪ Carrying out civic education up to village levels on pertinent immerging issues ▪ Establishment of citizen feedback mechanisms. 	
	Protocol	<ul style="list-style-type: none"> ▪ Create a system of ensuring all logistics are flawless

Sector Priorities	Strategies
To plan and coordinate the official ceremonies and functions which H.E the Governor, Deputy Governor and the Governor's Spouse is attending	<ul style="list-style-type: none"> Develop and coordinate implementation of functions/ceremonies programs as well as its distribution
	<ul style="list-style-type: none"> Coordinate reception and hospitality
	<ul style="list-style-type: none"> Review of the Protocol Operations Manual
	<ul style="list-style-type: none"> (To include H.E the Deputy Governor Protocol)
To support other sectors and sections achieve their respective objectives during official ceremonies and functions which H.E the Governor , Deputy Governor and the Governor's Spouse is attending	<ul style="list-style-type: none"> Create a system to ensure adequate security and safety is provided in consultation with security agencies and event organizers
	<ul style="list-style-type: none"> In liaison with the county ministry responsible for sub-county administration ensure proper relevant community mobilization for meetings and functions of H.E the Governor are done
	<ul style="list-style-type: none"> Coordination with all ministries with activities involving H.E the Governor
	<ul style="list-style-type: none"> Adherence to the Kitui County Government Protocol Operation Manual
	<ul style="list-style-type: none"> Replacement of protocol equipment and tools
Monitoring and Compliance	
Enhance evidence-based decision making in the department through monitoring, evaluation and reporting as well as compliance analysis	<ul style="list-style-type: none"> Develop, document and implement a continuous monitoring and evaluation framework for policies, projects, programmes, and section targets for the department:
	<ul style="list-style-type: none"> Develop and maintain a monitoring and evaluation framework for the department and other county government initiatives/activities
	<ul style="list-style-type: none"> Continuous monitoring of programmes and projects of the ministry as guided by the framework
	<ul style="list-style-type: none"> Reporting to the administration on the progress of implementation of the programmes and projects of the ministry as guided by the framework
	<ul style="list-style-type: none"> Conducting an annual impact assessment evaluation of the programmes and projects of the ministry as guided by the framework
	<ul style="list-style-type: none"> Advising the administration using evidence-based finding from monitoring and evaluation activities.
	<ul style="list-style-type: none"> Analyze compliance gaps and providing advice on possible solutions:
	<ul style="list-style-type: none"> Analyzing compliance gaps in implementation, payment process and operationalization of the programmes and projects
<ul style="list-style-type: none"> Advising the administration using evidence-based finding from compliance assessments 	
Enforcement -	
Strengthening the Enforcement unit procedures and mechanisms, to ensure strict compliance with the county laws and other relevant laws and regulations	<ul style="list-style-type: none"> Assist in formulating a well-Coordinated chain of command within the county enforcement unit, so as to enable a good flow of instructions and orders;
	<ul style="list-style-type: none"> Purchase of motor vehicle clamps to ensure the clamping and impounding of both non-compliant vehicles and motorcycles is properly done;
	<ul style="list-style-type: none"> Purchase of handcuffs, for enabling enforcement officers to arrest suspects who are conducting illegal businesses, and are non-compliant with the Kitui county by-laws and legislation;
	<ul style="list-style-type: none"> Purchase of walkie-talkie two way radios for an easy coordination and control of traffic and security operations within the major County towns, buildings and county installations;
	<ul style="list-style-type: none"> Purchase of modern security working tools and equipment to enable a smooth running of the County Enforcement Unit operations and efficient service delivery;
	<ul style="list-style-type: none"> Purchase of County enforcement unit Motor vehicles and motor cycles, to enable easy movement of the County Enforcement in-charge and supervisors, for adequate supervision and inspection purposes, and for ensuring smooth security operations;
	<ul style="list-style-type: none"> Purchase of a complete working uniform for all the county enforcement officers, to ensure easy identification of the enforcement officers and maintenance of discipline;
	<ul style="list-style-type: none"> Purchase of stationery, Occurrence books, register books, impounding books, and so on for effective & efficient service delivery;
	<ul style="list-style-type: none"> Initiating court process on defaulters;

Sector Priorities	Strategies
	<ul style="list-style-type: none"> Assist in formulation and establishment of the Kitui County Enforcement Bill; Initiate establishment and formulation of the Kitui County Enforcement court
Empowerment of the enforcement unit	<ul style="list-style-type: none"> Formulation of the Kitui County Inspectorate Bill Provision of modern working Tools and equipment for a smooth running of enforcement operations; Capacity building of County Enforcement officers through adequate training and benchmarking; Initiate establishment and development of Kitui County Enforcement Training institute
Development of County Enforcement Physical facilities	<ul style="list-style-type: none"> Change the County Enforcement Unit image and culture through construction of modern enforcement structures and offices in each sub-county, with well-equipped modern working tools and equipment; Purchase of modern furniture for installation in all the County Enforcement Unit offices in the entire County; Purchase of modern computers, laptops and technology for installation in all the County Enforcement Unit offices in the entire County Strengthen the institutional capacity for effective service delivery; Facilitate modernization of the County Enforcement unit.
Improvement of County Enforcement Staff Welfare	<ul style="list-style-type: none"> Foster and promote good working relationships with members of the society; Promote good governance and best practices in enhancing service delivery; Provision of full working uniform to all county enforcement officers; Promote mechanisms of instilling high standards of competence, integrity and respect for the fundamental human rights and freedoms; Coordinate and ensure timely confirmation of the county enforcement officers upon expiration of six months of initial service, and also offer promotions to the well deserving and hardworking enforcement officers.
Strengthening of Policy regime within the County Enforcement Unit	<ul style="list-style-type: none"> Provide strategic leadership in the command structure and system, for efficient administration of the County enforcement unit; Facilitate and coordinate implementation of all policies, regulations and guidelines affecting the enforcement unit; Guide implementation of County Enforcement Reforms in accordance with the laid down legislative regime; Undertake establishment of linkages with strategic partners and other National security agencies.
Capacity Building and Enhancement of County Enforcement officers	<ul style="list-style-type: none"> Assessing the needs for the County enforcement officers capacity building efforts; Establishing capacity-building priorities; Analyzing County Enforcement officers tasks and identifying standards; Identifying gaps in County enforcement officers performance; Creating training specifications; Selecting design and delivery systems; Evaluation of the County Enforcement officers; Developing an overall capacity-building strategy.
Enable Adequate provision of security services to the County VIPs, Properties and installations	<ul style="list-style-type: none"> Facilitate the County enforcement officers with adequate training and refresher courses for guarding the county VIPs, and manning of the County properties and installations; Facilitate the County enforcement officers with adequate training for detection, investigation and prosecution of criminal activities related to the County Government VIPs, property and installations; Provide the County enforcement unit with Chase-car motor vehicles for escorting the County Government VIPs to official functions and events; Provide the County Enforcement unit with detection gadgets, and sniffer dogs to detect and counter-attack any threat or criminal

Sector Priorities	Strategies
	activity directed against the County Government VIPs, property and installations.
Create and develop an independent secondary-budgetary allocation for the County Enforcement Unit, to enable the Unit cater for the special needs & requirements, due to the sensitive nature of services offered by the Unit, and the high number of enforcement officers to be supervised, thus enhancing effective and efficient service delivery	<ul style="list-style-type: none"> Appointing a secondary accounting officer from within the County enforcement Unit office to approve and manage the secondary budget as allocated to the Unit;
	<ul style="list-style-type: none"> Designate an accounting and procurement officer for the County enforcement Unit;
	<ul style="list-style-type: none"> Create a monthly operational funds within the secondary budget allocated to the County Enforcement Unit, to enable a smooth operation and management of the County enforcement affairs, thus enhancing adequate supervision and inspection within the entire County, and enabling effective & efficient service delivery;
	<ul style="list-style-type: none"> Create a monthly fuel allocation funds within the secondary budget allocation for the County Enforcement Unit, to enable timely fueling of the County enforcement vehicles and motorcycles, thus enhancing smooth security and enforcement operations, efficient inspection of the County properties & installations, effective security check-ups, and hence promoting effective & efficient service delivery;
	<ul style="list-style-type: none"> Create a monthly funds allocation within the secondary budget allocation for the county Enforcement Unit, to cater for the maintenance and management of the County Enforcement Unit motor vehicles & Motorcycles, thus enabling a smooth running and operations of the Unit, and enhancing effective & efficient service delivery.
Promote a strong collaboration between the County Enforcement leadership and the primary Accounting officer designated to handle and manage the primary budget allocated to the County Enforcement Unit, for accountability purposes	<ul style="list-style-type: none"> Enable the county enforcement Unit head to develop and create a clear annual needs & requirements for the Enforcement Unit, for the same to be captured within the primary Annual budget allocation for the County Enforcement Unit;
	<ul style="list-style-type: none"> Enable the County Enforcement Unit head to prepare and present an itemized draft capturing all the required working tools & equipment to the primary Accounting officer handling the primary budget allocated to the County Enforcement Unit, such as: full working uniform for all the County Enforcement officers, working machinery & Equipment, stationery, furniture, trainings & capacity building requirements, Allowances for the County Enforcement officers, and other items as required and needed by the County Enforcement Unit, for the same to be considered and approved in the annual budgetary allocation;
	<ul style="list-style-type: none"> Enable and permit the County Enforcement Unit head to take part and participate in the monitoring and evaluation exercise, through enquiry on the expenditure of the primary budget as allocated to the County Enforcement Unit, for accountability purposes.
Establish Research and Development in crime areas	<ul style="list-style-type: none"> Facilitate modernization of the County Enforcement Unit service, through provision of a local computer network for effective capturing and recording of crimes, and non-compliance with the County by-laws thus enhancing effective service delivery;
	<ul style="list-style-type: none"> Facilitate mechanisms for conducting investigation, thus enabling the necessary recommendation for an appropriate action to be taken, in respect of any one found engaging in any unlawful conduct;
	<ul style="list-style-type: none"> ü Promote sufficient general administration and support services to the County enforcement unit;
	<ul style="list-style-type: none"> Enable the keeping of a record and data of facts for any complaint, or investigations made by the County Enforcement Unit;
	<ul style="list-style-type: none"> Promotion of a uniform standards of discipline and good order in the County Enforcement Unit;
	<ul style="list-style-type: none"> Promote a system for the highest standards of professionalism and discipline within the County Enforcement Unit;
	<ul style="list-style-type: none"> Promote mechanisms for prevention of corruption and promotion of transparency and accountability amongst all the members of the County Enforcement Unit.
Supervision	Putting into place duty registers and records in all county buildings and installations;

Sector Priorities	Strategies
	<ul style="list-style-type: none"> Promote Monitoring and evaluation through impromptu visit /spot checks in areas of concern; Conducting a team up regularly.
Public Communication	
1. To enhance Public Communication by developing capacity and authority.	<ul style="list-style-type: none"> Setting up a robust and effective communication policy.
2. To enhance the corporate image of the County.	<ul style="list-style-type: none"> Creating and maintaining a favorable image of Kitui County through: <ul style="list-style-type: none"> Governor's Communiques, Video Productions, Photography, Audio Productions, Print Products, Social Media, Website
3. To increase awareness to citizens on County government agenda.	<ul style="list-style-type: none"> Documentation of county projects; Documentation of county events and other activities; Documentation of inter-governmental activities;
4. To enhance communication linkages and networks.	<ul style="list-style-type: none"> Facilitation of external media to cover county projects; Facilitation of external media to cover county events and/or press conferences; External Media Workshops and Bonding Sessions;
5. To enhance staff capacity.	<ul style="list-style-type: none"> Trainings; Facilitation of Membership/Subscriptions to Professional Bodies; Workshops/Seminars Retreats/Bonding sessions;
6. To replenish the Department's Equipment Pool	<ul style="list-style-type: none"> Procurement of various equipment needed at the department.
7. To gauge the citizens to determine satisfaction levels through communication research & surveys	<ul style="list-style-type: none"> Conducting Researches and Surveys to determine information dissemination i.e. the number of people reached by county government information, media used, impact, effectiveness of language used, etc.
Human Resource Management	
Enhance employee career growth	<ul style="list-style-type: none"> Develop Career Progression Guidelines for all cadre Operationalization of the Career Progression Guidelines for all cadre
Coordinate Employee Management	<ul style="list-style-type: none"> Develop workplace policies training and development Occupational health and Safety Institute Performance Contracting
Enhance Staff Capacity building	<ul style="list-style-type: none"> Conduct Training Needs Assessment Implementation of the training needs from Training Needs Assessment Renewal (trainings, fee payments, workshops etc) of practicing and membership licenses to professional bodies
Ensure the County Government of Kitui Wage bill is accurate, systematic, and updated accordingly	<ul style="list-style-type: none"> Conducting quarterly payroll cleansing; Implementation of both external and internal payroll audit recommendations Enforce submission of monthly staff returns by Authorized officers; Development and approval of a staff establishment for all county ministries;
Provide suitable working conditions to enhance employee satisfaction for effective and efficient service delivery	<ul style="list-style-type: none"> Conduct annual employee satisfaction surveys Timely processing of staff salaries Provision of a Staff medical cover Provision of a WIBA insurance policy <p>Advisory to relevant authority on staff working conditions including areas of improvement</p>
Ministry composition: Customer Relations	
Enhance Customer relation services	<ul style="list-style-type: none"> Creation of customer service desks across all county ministries, sub-county and wards levels. Establish a standard complaint handling mechanism across all county ministries, departments and sections Establish and maintain standard complaints register for use across all county ministries, departments and sections

Sector Priorities	Strategies
Enhance capacity of front office customer relations officers	<ul style="list-style-type: none"> ▪ Training of all county customer relations officers including Kitui Level V & Mwingi Level IV hospitals i. Undertake training sessions with the following ministries
	<ul style="list-style-type: none"> ▪ Health & Sanitation-OPD, Lab, payments & -CHMTC
	<ul style="list-style-type: none"> ▪ Ministry of agriculture, water
To standardize service provision timelines and quality of service provision	<ul style="list-style-type: none"> ▪ Administration (all front line officers including sub-counties, and wards)
	<ul style="list-style-type: none"> ▪ Review of existing service charter
	<ul style="list-style-type: none"> ▪ Stakeholder engagement
Coordinate initiatives to fight corruption and build ethics	<ul style="list-style-type: none"> ▪ Printing and publication
	<ul style="list-style-type: none"> ▪ Training of all county executive staff including mid-level management staff
	<ul style="list-style-type: none"> ▪ Training of all county executive and mid-level staff on corruption risk assessment
	<ul style="list-style-type: none"> ▪ Establishment of conflict of interest registers in all sections and departments in the office of the Governor

4.1.2 Office of the Deputy Governor

Ministry Composition:

- Performance Contracting, Disaster and Emergency Services Department
- Tourism, Hospitality and Game Reserves Department

Vision

To make Kitui County an integral part of the national tourism circuit, promote quality service delivery and disaster risk management services.

Mission

To develop and market tourism products, coordinate performance management, disaster risk reduction and emergency services through formulation and implementation of programs for sustainable livelihoods.

Key roles of Performance Contracting, Disaster and Emergency Services Department

- i) To institutionalize Performance Management through Performance Contracting for effective and efficient service delivery;
- ii) To entrench a culture of accountability and transparency in Kitui County Public Service Management;
- iii) To ensure effective and well-coordinated disaster prevention, mitigation, preparedness, response and recovery to provide protection, both physically and in terms of human dignity;
- iv) To reduce disaster risks and vulnerabilities by undertaking systematic identification, monitoring and assessment of disaster risk and enhancing early warning systems; and
- v) Mainstream Disaster Risk Management into sustainable development policies, strategies and plans in the county.

Key roles of Tourism, Hospitality and Game Reserves Department

- i) To spearhead the development and promotion of eco-tourism and wildlife-based tourism in the county;

- ii) To facilitate the development of emerging cultural tourism based on the county’s rich culture;
- iii) To monitor and minimize potential adverse social and environmental effects of tourism.
- iv) To enhance sustainable linkages with external stakeholders and investors in the development and marketing of tourism products in the county; and
- v) To promote conference tourism through capacity building hospitality service providers on service quality management.

Goals

- To provide leadership and coordination in performance management for efficient and effective service delivery, and coordinate disaster and emergency response for reduced risks and harmful disaster effects & calamities;
- To spearhead the development and promotion of eco-tourism and wildlife-based tourism in the county;
- To encourage participation of communities in the ownership and operation of tourism enterprises;
- To monitor and minimize potential adverse social and environmental effects of tourism;
- To enhance linkages between tourism and other economic sectors to stimulate multiplier effects;
- To co-ordinate strong linkages with external stakeholders and investors in the development and marketing of tourism products in the county;
- To promote MICE (Meetings, Incentives, Conferences, and exhibitions) tourism in Kitui through capacity building hoteliers.

Table 35: Office of the Deputy Governor Priorities and Strategies

Performance Contracting, disaster and Emergency Services Department	
Sector Priorities	Strategies
Enhance public service delivery through institutionalization of Performance Management	▪ Capacity building of staff on matters of performance contracting and review of the guidelines
	▪ Negotiation and vetting of performance targets, and signing of performance contracts for all the departments
	▪ Establishment of a county performance management committee
	▪ Carry out performance monitoring, evaluation, moderation and ranking across all departments
	▪ Rewards and sanctions to Ministries based on performance
	▪ Implementation of Citizens’ Service Delivery Charter
Mitigate risks and harmful effects of disasters and response to emergencies	▪ Training of County staff on matters of disaster management
	▪ Development of regulations to Establish and operationalize emergency fund
	▪ Formulation of Kitui County Disaster Risk Management and Emergency Response Policy
	▪ Constitute committees on Disaster Risk Management at all levels of administration.
	▪ Establishment of Emergency Response Centre with a call center operational 24/7.
	▪ Fully-equip the department of performance contracting, disaster and emergency services
	▪ Purchase firefighting engines for Mwingi, Kitui and Kitui South.
	▪ Purchase of operational vehicle for the rescue team (double cab vehicle with a siren), extrication machines, rope rescue tools and evacuation equipment.
	▪ Purchase of motor vehicles for performance monitoring and emergency response
	▪ Public sensitization on matters disaster risk reduction, preparedness, response and recovery

Performance Contracting, disaster and Emergency Services Department	
Sector Priorities	Strategies
	<ul style="list-style-type: none"> ▪ Mapping of disaster-prone areas across all sub counties ▪ Respond to emergencies and offer support services informed by need and research ▪ Develop programme proposals and share with strategic partners for funding
Tourism, Hospitality and Game Reserves Department	
Create new tourism products and enhance the standards of existing ones	<ul style="list-style-type: none"> ▪ Identify and develop new tourism products ▪ Enhance the quality of existing tourism products ▪ Provide technical support to private investors in the development of tourism products
Promote protection of tourism infrastructure	<ul style="list-style-type: none"> ▪ Provide security services to tourism sites
Improve conservation of devolved Protected areas	<ul style="list-style-type: none"> ▪ Carry out ecological surveys and implement their findings ▪ Control illegal activities in the protected areas ▪ Capacity builds local communities in conservation ▪ Mitigate human wildlife conflict issues
Improve visitation of Kitui as a tourist destination	<ul style="list-style-type: none"> ▪ Branding of tourist sites ▪ Promote specific tourist sites ▪ Carry out familiarization trips to tourist sites ▪ Updating tourism information in the web-portal (www.tourism.kitui.go.ke) ▪ Organize and participate in local and national tourism promotion events
Improve service quality standards	<ul style="list-style-type: none"> ▪ Carry out tourism symposium ▪ Capacity build hoteliers, tour operators, taxis, and other transport provision groups ▪ Carry out quality standards research and implement the findings

4.1.3 Ministry of Water & Irrigation

Ministry composition:

- Department of Water
- Department of Irrigation

Vision:

A county with sustainable safe, affordable and adequate water for domestic use and irrigated agriculture

Mission:

To facilitate and enable development of effective and efficient water and irrigation solutions as a medium for economic and social transformation in Kitui County.

Ministry Goal (s):

To facilitate development and access to safe and clean water for both domestic and irrigated agriculture.

Table 36: Water and Irrigation Ministry Priorities and Strategies

Sector	Strategies
To increase access to secure and reliable supply of water for domestic use, irrigated agriculture, sanitation and for achieving food security	<ul style="list-style-type: none"> ▪ Development of water resources ▪ Development of cluster irrigation schemes both small scale and large scale. ▪ Development and coordination of county programs in the water sector. ▪ Implementation of national and county water policies and legislations. ▪ Formulation and review of County water policies and regulatory framework.

Sector	Strategies
	<ul style="list-style-type: none"> ▪ Provision of private drilling services
To ensure sustainable water supply and irrigation schemes across the County	<ul style="list-style-type: none"> ▪ Provision of water supply and management services both in towns and rural areas ▪ Training and management of rural water committees ▪ Promotion of public and private sector partnership in the water & irrigation sector

4.1.4 Ministry of Education, Training & Skills Development

Ministry composition

The sector has two subsectors, namely,

- Early Childhood Development and Education (ECDE) and
- Training and Skills Development

Vision:

Quality and inclusive Early Childhood Development and Education (ECDE), Training and skills development for improved social economic wellbeing of the people.

Mission:

To promote quality education and training access, retention and transition from ECDE, and enhance relevant training and skills development programs for sustainable livelihoods.

Sector priorities

The sector will focus on the following key goals and priorities during the Plan period:

- To implement County policy and legislation on Early Childhood Development and Education (ECDE) and child care facilities
- To promote access to Early Childhood Development and Education by ensuring inclusivity of all learners and quality learning programmes
- To enhance retention and transition from ECDE
- Increase access to ECDE for every eligible child throughout the County;
- Widen the scope the learning quality practical oriented education to youth;
- Provide safe and attractive learning environment.

Departmental Goal(s)'

- Formulation of county policy and legislation on training & skills development.
- Establishment of Vocational training and home crafts centres
- Domestication & implementation of Technical vocational curriculum
- Staffing, training, and deployment of instructors to vocational training and home craft centres within the county
- Provision and maintenance of training facilities and tools in, vocational training and home craft centres within the county,

- International, regional, national, inter-county networking and linkages for benchmarking and best practices
- Mobilization of financial and other resources for vocational training and home craft centres within the county
- Advocacy and awareness creation on policies, programmes and opportunities pertaining post primary and secondary schooling training and skills development
- Overall supervision and oversight of training programmes for vocational training and home craft centres.
- Partnership with the National Ministry of Education, Science and Technology in the improvement of training Standards in the county.

Table 37: Education, Training and Skills Development Priorities and Strategies

Department	Sector Priorities	Strategies
Education	Improve curriculum implementation	<ul style="list-style-type: none"> ▪ Recruitment of qualified ECDE teachers ▪ Regular capacity building of ECDE teachers ▪ Construction of ECDE classrooms ▪ Provision of adequate teaching and learning materials ▪ Embrace digital learning in collaboration with EIDU Tayari ▪ Support ECDE co-curricular activities for ECDE learners
	Improve curriculum implementation for Special Needs Learners	<ul style="list-style-type: none"> ▪ Recruit special needs teachers ▪ Provision of screening tools for early interventions ▪ Provision of appropriate facilities to learners with special needs
	Improve health for learners	<ul style="list-style-type: none"> ▪ Support growth monitoring of learners ▪ Continued collaborative activities for deworming for learners ▪ Continued collaborative activities for Vitamin A supplementation ▪ Increase the number of water tanks for provision of water ▪ Increase the number of safe outdoor play equipment ▪ Increase the number of toilets and toilet ratio for learners
	Improve parental support	<ul style="list-style-type: none"> ▪ Establish day care centres in 4 major towns
	Collaborative projects to support education	<ul style="list-style-type: none"> ▪ Implement mentorship programme to support students at primary and secondary school level ▪ Benchmarking with other counties and relevant government agencies for best practices
	Increase compliance to regulations requirements for ECDEs	<ul style="list-style-type: none"> ▪ Enhance approval of registration of ECDE Centres for compliance with set standards
Vocational Training Centres (VTCs).	<p>Increasing access to quality training in Vocational Training Centres (VTCs). Improved income of households/empowering through increased employability probability Qualified and easily absorbed VTC graduates in the labour market</p>	<ul style="list-style-type: none"> ▪ emphasize hands on training ▪ Improve training environment in all public Vocational Training Centres ▪ Revitalization and equipping of Vocational Training Centres in the county ▪ Offer Quality training at VTCs ▪ Establishment new VTCs ▪ Operationalizing community VTCs ▪ Assisting VTC graduates attain through apprenticeships, internships and volunteerism ▪ Support with start up

4.1.5 Ministry of Roads, Public Works & Transport

The Ministry is made up of three Departments namely;

- Roads
- Public Works
- Transport and Boda-Boda

Vision

To be a national leader in provision of devolved services related to roads, public works and transport.

Mission

To establish effective and efficiently functional structures, systems and synergies towards sustainable infrastructural development on roads and public works; and management of transport.

Ministry Goals and Strategic Objectives

The Strategic Objectives are;

- To increase road coverage and improve connectivity, enhance County Public Works services and efficiently manage transport services within the County;
- To promote effective and efficient use of County machinery and motor vehicles;
- To mainstream cross cutting and policy issues as per the set guidelines;
- To enhance customer service and improve corporate image; and
- To implement programmes aimed at supporting the Boda Boda Sector.

Table 38: Roads, Public Works and Transport Ministry Priorities

Department	Sector Priorities	Strategies
Roads and Public Works	Improve Road network by Grading County roads	<ul style="list-style-type: none">▪ Have one grader per sub county▪ Have Gant Chart grading programme to guide on roads to be graded within sub county
	Increasing Gravelling of County roads	<ul style="list-style-type: none">▪ Have proper machinery (Grader, Tippers, Wheel shovel/Backhoe loader and Roller Compactor) in three regions of Mwingi, Kitui and Mutomo areas for gravelling works▪ Enable for purchase of the gravel▪ Major gravelling works to be contracted to Contractors/Suppliers
	Opening of more roads to improve access (Dozing)	<ul style="list-style-type: none">▪ Hire extra Dozers/Shovel per sub-county to supplement the available county machinery.
	Converting more Centers to Dustless towns	<ul style="list-style-type: none">▪ Identify major town to be upgraded to bitumen standard▪ Contract the works to suppliers
	Construction of drainage structures (Drifts, Culverts, Slabs and Bridges)	<ul style="list-style-type: none">▪ Identify major areas that needs to be lined with drainage▪ Contract the works to suppliers
Transport and Boda Boda	Engage Boda Boda leadership for enhanced sector services, welfare and on transport related matters	<ul style="list-style-type: none">▪ Sensitization to the Boda Boda operators on safety matters, customer care, discipline, maintenance and traffic rules.▪ Capacity building to the Boda Boda operators
		<ul style="list-style-type: none">▪ Mapping of Boda Boda SACCOS▪ Engage transport regulators including National Transport and Safety Authority (NTSA), Government Vehicle Check Unit, Traffic Police Department etc
		<ul style="list-style-type: none">▪ Organize Training and Road Safety Programmes.▪ Facilitate formation of Bodaboda SACCOS and Self Help Groups to raise the welfare of operators.
		<ul style="list-style-type: none">▪ Development of a Policy framework for Bodaboda engagement by the County Government.▪ Construction of modern Bodaboda Sheds.

4.1.6 Ministry of Health & Sanitation

Ministry Composition

The ministry has three departments namely,

- Medical Services,
- Public Health & Sanitation,
- Drugs and medical supplies management.

Vision

A County with healthy residents that embrace preventive health care and have access to affordable and equitable health care services.

Mission

To provide accessible, affordable, quality health care services to all through strengthening health systems, scaling up health interventions, partnership, and innovation and empowering communities to foster sustainable social and economic growth.

Goal

The Goal of the Ministry of Health and Sanitation is to provide quality curative, preventive and promotive and rehabilitative health care services, including ensuring sustainable supply of essential medical commodities for the people of Kitui County.

Departmental Goals

Medical Services

The goal of a medical services department is to ensure accessible, affordable, high-quality healthcare services for all citizens, through policy development, training, research, collaboration, compliance, public awareness, and technology

Priorities

- *Strengthen Curative and Rehabilitative Healthcare Services*
- *Strengthen performing of specialized professional skills and referral functions*
- *Improving healthcare access and quality through investing in medical facilities and infrastructure, as well as implementing quality improvement programs to enhance healthcare services*
- *Prioritize Universal Health Coverage (UHC)*
- *Strengthening healthcare workforce through training and professional development opportunities for healthcare professionals, as well as addressing workforce shortages and skill gaps*
- *Promoting the adoption of new technologies and practices in healthcare delivery through research*
- *Improve healthcare information system in liaison with the National Government and upgrade the County's two main hospitals to teaching and referral level*
- *Developing and enforcing healthcare regulations and standards to ensure the safety and quality of healthcare services*
- *Upgrade of the existing operational health facilities at level II and III*

Public Health and Sanitation

The goal of the public health and sanitation department in the Ministry of Health is to protect and promote the health of the population by preventing and controlling the spread of diseases, ensuring access to safe and clean water, improving sanitation and hygiene practices, and promoting healthy lifestyles

Priorities

- *Improve Health promotion, disease prevention activities*

- *Utilize Mobile clinics to bring services closer to under-served areas through mobile outreach clinics*
- *Work with other stakeholders to sensitize the community on sanitation and hygiene through building and upgrading of pit-latrines, using clean water*
- *Accelerate vaccination drives for prevention of vaccine preventable diseases*
- *Enhance collaboration between private sector, partners involved in health service provision*
- *Enhance vector control through spraying of breeding sites*
- *Promotion of disease surveillance activities*
- *Improve nutrition services to malnutrition in the County*
- *Promote Reproductive Maternal Child and Adolescent Health activities*
- *Strengthening healthcare workforce through training and professional development opportunities for healthcare professionals, as well as addressing workforce shortages and skill gaps*
- *Developing and implementing policies and programs to address public health issues such as epidemics, pandemics, and chronic diseases.*
- *Developing public health campaigns and initiatives to promote healthy behaviors and lifestyles, as well as to raise awareness about health-related issues*

Drugs and Medical Supplies Management

The goal of the drugs and medical supplies department in the Ministry of Health is to ensure access to safe, effective, and affordable medicines and medical supplies through quality assurance, availability, affordability, rational use, innovation and research, and collaboration with other agencies and organizations

Priorities

- *Enhance capacity for leadership, governance and partnership*
- *Strengthen Human resources and capacity development in management for Health Products and Technologies supply chain*
- *Improve and sustain a robust Health Products and Technologies selection, quantification, procurement, warehousing, distribution, use and accountability*
- *Promote rational use of Health Products and Technologies and patient safety*
- *Improve medical equipment supplies and management*
- *Conduct continuous support supervision to promote accountability of commodities*
- *Embrace and adopt Health Information Systems for supply chain aspects of Health Products Technologies through use of an integrated HMIS to improve inventory control and revenue collection*
- *Embrace robust, continuous and sustainable financing for Health Products and Technologies*

Table 39: Health and Sanitation Ministry Priorities

Department	Sector Priorities	Strategies
Medical Services	Ensure accessible, affordable, high-quality healthcare services for all citizens, through policy development, training, research, collaboration, compliance, public awareness, and technology	<ul style="list-style-type: none"> ▪ Strengthen Curative and Rehabilitative Healthcare Services ▪ Strengthen performing of specialized professional skills and referral functions ▪ Improving healthcare access and quality through investing in medical facilities and infrastructure, as well as implementing quality improvement programs to enhance healthcare services ▪ Prioritize Universal Health Coverage (UHC) ▪ Strengthening healthcare workforce through training and professional development opportunities for healthcare professionals, as well as addressing workforce shortages and skill gaps ▪ Promoting the adoption of new technologies and practices in healthcare delivery through research ▪ Improve healthcare information system in liaison with the National Government and upgrade the County's two main hospitals to teaching and referral level ▪ Developing and enforcing healthcare regulations and standards to ensure the safety and quality of healthcare services ▪ Upgrade of the existing operational health facilities at level II and III

4.1.7 Ministry of Trade, Industry, MSMEs, Innovation & Cooperatives

Ministry Composition:

- Department of Administrative Services
- Department of Trade and Markets
- Department of Cooperatives
- Department of Branding and Marketing
- Department of Industry and Investments

Vision

To be a facilitator in catalyzing competitive growth of Trade, Cooperatives and Investments.

Mission

To provide an enabling business environment through appropriate incentives, innovation and support to promote trade, Industry and viable cooperative for job and wealth creation.

Ministry Goals:

- Enhance fair trade and economic empowerment
- Improve business environment and promote active investment climate
- Promote co-operative societies development and investments
- Promote Micro Small and Medium Enterprises (MSMEs) and value-addition in industries
- Facilitate innovation and adoption of modern technologies and practices
- Spearheading the branding process and safeguarding the corporate image of the county.

Ministry Priorities and Strategies:

- Development of market support infrastructure (market shades, cattle ramps, market toilets, market solar security lights)
- Promotion of ease-to-do business culture as well as promoting investment friendly environment (conducive business working environment, trained market committees)
- Fair trade practices (client-based verification of weights and, measure equipment and machines)
- Practicing of marketing and branding within the broader government management framework,
- Facilitation of strong cooperatives and Group Empowerment (financial inclusion and deepening)

Table 40: Trade, Industry MSMEs Innovation and Cooperatives Ministry Priorities and Strategies

Sector Priorities	Strategies
Trade and markets Department	
To increase traders' access to affordable business finance	<ul style="list-style-type: none">▪ Organising traders into Self- help groups▪ Training the self-help groups on financial management
Enhance fair trade and economic empowerment	<ul style="list-style-type: none">▪ Fair trade practices (client-based verification of weights and, measure equipment and machines)
Improve business environment and promote active investment climate	<ul style="list-style-type: none">▪ Development of market support infrastructure (market shades, boda-boda sheds, cattle ramps, toilets, market solar lights)▪ Promotion of ease-to-do business culture (conducive business working environment, trained MSEs and market committees)

Cooperatives Department	
Strengthen Co-operative movement	<ul style="list-style-type: none">▪ Formulation of county co-operative policies, bills and Acts.▪ Identification and mapping of potential value chains▪ Promote registration of new co-operative societies along the potential value chains▪ Revival of the dormant co-operative societies
Improve Co-operatives Governance	<ul style="list-style-type: none">▪ Attending co-operatives general meetings▪ Presiding over co-operative leaders' elections
Improve Co-operatives Management	<ul style="list-style-type: none">▪ Attending Cooperative Management Committee meetings

Sector Priorities	Strategies
	<ul style="list-style-type: none"> Participatory development of co-operatives operational manuals and policies.
Enlighten Co-operative Members	<ul style="list-style-type: none"> Training needs assessment for potential value chains actors Co-operative members and value chain actors training and exposure visits
Improved Co-operatives Leadership	<ul style="list-style-type: none"> Conducting governance workshops and forums Co-operative Leaders Training and education
Enhance Transparency, Accountability and Compliance	<ul style="list-style-type: none"> Inspection into affairs of o-operative Societies. Auditing of co-operative Societies
Wealth Creation	<ul style="list-style-type: none"> Market/Financial linkages and enhanced value addition. Support acquisition of value addition equipment and systems
<ul style="list-style-type: none"> Branding and Marketing Department 	
Take lead and take charge in the maintenance of brand image as well as Increase brand recognition and perception	<ul style="list-style-type: none"> Participate in all county events for all ministries and brand venues To advise all ministries on the branding items they will need for their activities and functions Procure generic branded items with approved county colors and emblem to be used in all county functions and occasions to create uniformity and brand recognition as well as guarding against brand misuse
Assist in attracting investments	<ul style="list-style-type: none"> Draw up a pamphlet highlighting attractions within the county and make presentations to various sector investors
Improve Tourism	<ul style="list-style-type: none"> Brand all county game parks and ensure Kitui is included in the Kenya tourist circuit; work in conjunction with KATO, KATA and Kenya Tourism Board (KTB)
Market county produced products to improve income levels	<ul style="list-style-type: none"> Brand locally produced goods e.g. honey, ndengu etc. and look for their markets both locally and internationally
Support SMEs and Co-operative Societies	<ul style="list-style-type: none"> Participate in the training of co-operative societies on Sales/Marketing as well as link them with markets for their produce
Brand all county borders to protect against misuse of county natural resources	<ul style="list-style-type: none"> Brand all County exit/entry points to ensure all natural resources and properties belonging to the county are well-known and defined
Assist in improving ease of doing business in Kitui and Mwingi Towns	<ul style="list-style-type: none"> Street naming for all streets to ease movement and business location references
Improve awareness on county premises and property's locations	<ul style="list-style-type: none"> Brand all county property gates and offices to improve recognition and guard against misuse Ensure every Ministry/County premise has a pull-up banner with an update service charter

4.1.8 Ministry of Energy, Environment, Forestry, Natural & Mineral Resources

The ministry is composed of has three departments namely; Environment, Energy and Mineral resources. The Environment sector is, further, composed of the directorates of Environment, Climate Change and Forestry, Energy Sector has both Renewable and Non-Renewable Energy. Mineral Resources has Artisanal mining and Industrial mining,

Vision:

To be a leading County in environmental management and protection, utilization of electricity, alternative sources of energy and gainful utilization of minerals in a sustainably managed and healthy environment.

Mission

To improve the livelihoods of Kitui people through environmental management, provision of varied and reliable sources of affordable energy and increased levels of mineral investments in a sustainably managed environment.

Ministry Goals

- Develop and implement environmental policies and regulations in the county.
- Promotion of environmental conservation and increasing forest cover through tree growing and afforestation.
- Mitigation and adaptation of climate.
- Sustainable management of waste in the county.
- Conservation of water catchment areas and rehabilitation of degraded ecosystems.
- Create awareness and promote environmental education aimed at enhanced environmental conservation and management
- Build capacities to adapt and cope with adverse impacts of climate variability
- Support the extension of rural electrification to all county wards targeting markets, schools, institutions, health facilities, boreholes and households
- Identify and increase access to alternative renewable green energy to households and institutions within the county
- Map and document all the existing minerals within the county through collaboration within National Government and universities.
- Provide an enabling regulatory environment to increase the level of investments for sustainable and gainful exploitation of minerals including coal, limestone, iron ore, sand, gypsum, clay, ballast within the county
- Mobilize communities in the mining areas to engage in participatory governance
- Undertake capacity building and create awareness to the residents on mineral resources
- Promotion of environmental conservation in the forested and protected areas in the county
- Formulation and implementation of Natural resource policy in the county

Sector Goals and Priorities

- During the plan period, the sector will promote and support measures towards a clean and sustainable exploitation of natural resources through:
 - Effective environmental planning and coordination;
 - Improved waste management;
 - Promoting environmental awareness and capacity building;
 - Tree growing to increase forest cover;
 - Implement measures to enhance resilience to climate change and variability;
 - Water Catchment Conservation and Rehabilitation;
 - Promotion and adoption of renewable energy technologies; and
 - Promote investment in the mining sector.

Sector Objectives

Environment Unit:

- To manage waste disposal and formulation of policies
- To Increase environmental conservation awareness
- To increase forest cover throughout the County
- To improve communities' adaptation capacity and resilience against impacts of climate change and variability

- To sustain the charcoal ban
- To protect and rehabilitate natural water sources

Energy Unit:

- To enhance use of renewable energy technologies
- To enhance access to electricity to rural areas
- To sustain the charcoal ban
- To improve service delivery

Mining Unit:

- To attract investment into mining sector
- To enhance participation of communities in mining sector
- To enhance acquisition of title deeds in minerals rich zone
- Enhance artisanal mining and mining skills for the artisanal miners
- To sustain the charcoal ban
- To increase investment in the mining sector
- Enhance community participation in governance at local level

Table 41: Environment, Energy and Mineral Resources Ministry Priorities and Strategies

Sector Priorities	Strategies
Effective environmental planning, coordination and management	<ul style="list-style-type: none"> ▪ Establishment and Coordination of County Environmental Committee. ▪ Develop and implement environmental policies, legislations and action plans. ▪ Conduct timely environmental impact assessments on projects. ▪ Support environmental research and establishment of functional environmental database. ▪ Establish linkages and networking with environmental related institutions and stakeholders ▪ To support environmental inspections, compliance and enforcement activities.
Sustainable waste management and circular economy development	<ul style="list-style-type: none"> ▪ Put in place policy frameworks towards sustainable waste management ▪ Conduct regular clinics to sensitize communities on sustainable waste management ▪ Promote implementation of waste management strategies such as reduction, recycling and reuse of waste to energy production and other uses including supporting circular economy initiatives
Promoting environmental awareness, education and capacity building	<ul style="list-style-type: none"> ▪ Participate in commemoration of local, national and international environment events to sensitize communities on need for clean and healthy environment ▪ Sensitization of stakeholders on environmental conservation and sustainable development. ▪ Sensitize and educate communities on Population, Health and Environment (PHE) and One Health Concepts and their application. ▪ Promotion of environmental and 4K clubs in learning institutions.
Tree growing to increase both tree and forest cover	<ul style="list-style-type: none"> ▪ Promote and support establishment of community tree nurseries ▪ Roll out tree growing programmes towards improvement of tree cover ▪ Promotion of drought tolerant and multi-economic value tree species ▪ Initiate tree growing and forest conservation competition and award scheme ▪ Initiate carbon trade and REDD++ initiatives in Kitui County. ▪ Support tree growing at public learning institutions, market centres, riverine and at household level.
Implement measures to enhance resilience to climate change and variability	<ul style="list-style-type: none"> ▪ Coordinate and support various instituted climate change structures and committees. ▪ Put in place structures to mainstream climate change in the county. ▪ Continuously build capacity of the technical and ward adaptation committees for effective climate change action. ▪ Initiate resource mobilization for supporting climate change action intervention. ▪ Work with partners to cushion communities from climate related shocks. ▪ Implement programmes and projects for adaptation and mitigation against climate change. ▪ Support implementation of various community adaptation and mitigation initiatives in Kitui County.
Water catchments and landscapes rehabilitation, restoration and conservation	<ul style="list-style-type: none"> ▪ Undertake continuous awareness creation and capacity building in conservation of water catchment areas ▪ Work with partners in minimizing environmental degradation, conservation of water run off on hill slopes, wet lands and water catchment rehabilitation ▪ Initiate landscape restoration activities including land reclamation initiatives. ▪ Planting and growing of both woody and non-woody plant materials such as grass and other vegetation. ▪ Support community awareness, sensitization and trainings activities to support water harvesting and rehabilitation activities.

Promotion and adoption of renewable energy technologies	<ul style="list-style-type: none"> ▪ Promote uptake of renewable energy and energy efficient technologies ▪ Support youth and women in setting up renewable energy and energy efficient technology enterprises towards wealth creation ▪ Promotion of clean cooking technology in the county
Ensure enhanced access and connectivity to modern energy	<ul style="list-style-type: none"> ▪ Undertake electricity reticulation for enhanced rural electrification ▪ Utilize existing High voltage infrastructure for maximization of electricity connectivity to institutions and households through installation of transformers and low voltage lines in partnership with REREC and KPC
Promote investment in the mining sector	<ul style="list-style-type: none"> ▪ Undertake community sensitization and awareness creation in mineral rich areas ▪ Organize communities to benefit from governance through setting up of community liaison committees ▪ Partner with national government and mining investors to put in place effective community benefit agreement committees ▪ Promote the county as a safe destination for mining investors through mapping of resources, workshops, clinics, symposia and others information exchange platforms ▪ Undertake construction and equipping of mineral value addition and gemmology laboratory enhance marketability of county minerals and gemstones
Promotion and adoption of renewable energy technologies	<ul style="list-style-type: none"> ▪ Promote uptake of renewable energy and energy efficient technologies ▪ Support youth and women in setting up renewable energy and energy efficient technology enterprises towards wealth creation ▪ Promotion of clean cooking technology in the county
Ensure enhanced access and connectivity to modern energy	<ul style="list-style-type: none"> ▪ Undertake electricity reticulation for enhanced rural electrification ▪ Utilize existing High voltage infrastructure for maximization of electricity connectivity to institutions and households through installation of transformers and low voltage lines in partnership with REREC and KPC

4.1.9 Culture, Gender, Youth, ICT, Sports and Social Services

The ministry of Culture, Gender, Youth, ICT, Sports and Social Services is comprised of the following units:

- i. **Culture:**
 - Preservation and promotion of culture, heritage and creative arts - Building synergy with relevant cultural institutions.
 - Develop policies and institutions on indigenous and traditional knowledge
- ii. **Gender, Social Development and Children Services:**
 - Facilitate gender mainstreaming in the county
 - Designing and facilitating programs/projects that promote gender equity and equality;
 - Institutionalization of gender mainstreaming across the county ministries/departments and Agencies
 - Socio-economic development to empower women, aged, PWDs, Aged and Marginalized groups
 - Effective delivery of community-based services in Kitui county
- iii. **Youth**
 - Development and implementation of County policies and legislations on Youth Development
 - Promotion of quality and relevant Youth training and skills development programmes
 - Promotion of empowerment of youth and creation of employment opportunities
 - Establishment of collaborations and networking strategies with stakeholders to develop youth development standards in Kitui
 - Supporting existing institutions and establishing centres of excellence
 - Widening the scope, the learning quality practical oriented education to youth
 - Empowering and mentoring (coaching) Youth

iv. ICT

- To promote e-Government services
- Provision of ICT services to other County departments
- To establish collaborations and networking strategies with stakeholders to develop ICT skills and standards in the County
- Skills development and applied research by supporting existing institutions and establishing centres of excellence
- Leverage ICT for a knowledge-based economy and governance

v. Sports

- Promotion and development of sports programs in the entire county
- Facilitate development of sports facilities and infrastructure
- Create an enabling environment for sports talents exposure

Vision:

A self-esteemed innovative socially and economically empowered society.

Mission:

To develop sustainable social cultural product, gender mainstreaming, Youth empowerment, promotion of e-government services, sustainable sports program and provision of social services using innovative information communication technologies through sound policy formulation and implementation.

Table 420: Culture, Gender, Youth, ICT, Sports and Social Services Ministry Priorities and Strategies

Sector Priorities	Strategies
Gender, Social Development and Child Services Promote gender equity and equality	<ul style="list-style-type: none"> ▪ Gender legislation and policies to tackle barriers to women empowerment ▪ Sensitization on women representation in leadership and decision making ▪ Policies, legislation and programs to curb SGBV ▪ Gender responsive budgets and programs ▪ Policies, legislation and programs to curb SGBV
Foster Socio-economic development	<ul style="list-style-type: none"> ▪ Empower women, aged, PWDs, and marginalized groups ▪ Identify, train and support the Communities on AGPO and other cross cutting issues
Support children services and vulnerable groups.	<ul style="list-style-type: none"> ▪ Support community-based child development initiatives.
Sports: Identify, nurture, develop and expose sports talents for a sustainable socio- economic empowerment	<ul style="list-style-type: none"> ▪ Develop/Implement sports legislation and policy to streamline management of sports in the county ▪ Building synergies with sports federations ▪ Training of sports administrators, referees and couches. ▪ Support and facilitate tournaments, leagues and sports competitions. ▪ Supply of sports equipment
Development and Improvement of Sports facilities and infrastructure	<ul style="list-style-type: none"> ▪ Development of sports playground and stadia
Culture: Preservation, conservation promotion of culture, heritage and creative arts	<ul style="list-style-type: none"> ▪ Develop policies and legislation for preservation of culture and heritage ▪ Develop integrated cultural programs with institutions, schools and community groups

ICT	<ul style="list-style-type: none"> ▪ Improved ICT Infrastructure Development and connectivity ▪ Increasing internet connectivity ▪ Enhancing ICT use and adoption in learning centers

Sector Priorities	Strategies
1.Integrating ICT in County service delivery systems as well as enhancing Education and Training	
2.Enhance and promote E-government (Digital Transformation)	<ul style="list-style-type: none"> ▪ Strengthening of ICT capacity to support core functions performed by county departments; ▪ Developing applications / systems to support processes and workflows of county departments; ▪ Develop ICT policy for the county; ▪ Establish County Wide Area Network (WAN) linking county departments/sections and sub county offices; ▪ Establish sectorial and departmental Local Area Network (LAN) and connectivity for all sectors; ▪ Provide email and web hosting for all county departments; ▪ Facilitate information, management and sharing; ▪ Establish electronic database for county departments and; ▪ Establish government electronic data management policies.

4.1. 10 Ministry of Finance, Economic Planning & Revenue Management Composition

The Ministry of Finance and Economic Planning (The Ministry of Finance, Economic Planning & Revenue Management,) is made up of six departments:

- Finance and accounting,
- Economic Planning,
- Administration,
- Internal Audit,
- Supply Chain Management
- Revenue Management.

Vision:

To be a County that has institutionalized the soundest economic planning and most prudent financial management and control in Kenya.

Mission:

To promote and institutionalize a culture of sound economic planning and prudent financial management through planning, resource mobilization and control measures to achieve effective and efficient resource utilization.

Strategic goals and priorities

The Ministry of Finance, Economic Planning & Revenue Management, 's priorities towards the implementation of the CIDP include:

- To ensure effective economic planning, monitoring and evaluation, and production of County statistics.
- To develop and implement prudent financial management system and internal controls.
- To create an enabling working environment for efficient service delivery.
- To develop and implement effective and efficient Resource mobilization strategies.
- To Give assurance on the risk management
- To ensure Effective and efficient utilization of county resources in acquisition and disposal of goods, works and services.

Table 43: Finance, Economic Planning and Revenue Management Ministry Priorities and Strategies

Department	Sector Priorities	Strategies
Administration	Improved staff working conditions	<ul style="list-style-type: none"> ▪ Construction of Ministry of Finance, Economic Planning & Revenue Management, offices ▪ Provision of tools and equipment
	Maintaining optimal staffing levels	<ul style="list-style-type: none"> ▪ Staff rationalization within the Ministry of Finance, Economic Planning & Revenue Management, ▪ Recruit and maintain qualified, experienced, motivated staff with right working tools
Finance	Effective county asset management	<ul style="list-style-type: none"> ▪ Development and maintain an updated county asset register
	Prudent financial management and reporting	<ul style="list-style-type: none"> ▪ Adherence to public finance management act, regulations and accounting standards and other relevant laws. ▪ Staff training and development
Economic Planning	Guide planning, budgeting and implementation	<ul style="list-style-type: none"> ▪ County budget coordination and control. ▪ County Development planning, public Participation, governance systems, procedures and internal controls.
	Tracking of implementation of programmes and projects	<ul style="list-style-type: none"> ▪ Establish M&E at the devolved units ▪ Adopt and customize NIMES into CIMES
	Provision of up-to-date data	<ul style="list-style-type: none"> ▪ Establish data centers in each sub-County ▪ Strengthen coordination of data collection
Audit	Effective, efficient and independent internal audit	<ul style="list-style-type: none"> ▪ Recruit and maintain qualified, competent and motivated workforce ▪ Establish an independent audit committee ▪ Advise on internal controls ▪ Have an adequate independent budget allocation
	Automation of internal audit function	<ul style="list-style-type: none"> ▪ Give assurance on perfect accounting revenue and personnel system ▪ Incorporation of valuation rolls data in revenue systems. ▪ Procure and install effective e-revenue system (additional modules) ▪ Procure an auditing system ▪ Data collection and mapping of businesses
Revenue	Enhance revenue collection	<ul style="list-style-type: none"> ▪ Digitalization of all county cess points. ▪ Conduct Staff Training and developments ▪ Purchase of motor vehicles and motorbikes for each division.
Supply Chain Management	Adherence to public procurement and asset disposal regulatory framework (Constitution of Kenya 2010, public procurement and asset disposal 2015, public procurement and asset disposal 2020)	<ul style="list-style-type: none"> ▪ Capacity built departments on procurement matters ▪ Timely consolidation and implementation of county procurement plans ▪ Procure and dispose within the existing market prices ▪ Effective and efficient inspection of goods, works and services ▪ Timely preparation and submission to respective regulatory bodies

4.1.11 County Public Service Board

The County Public Service Board is responsible for human resource management as outlined in the County Government Act 2012 section 57.

Vision:

A value driven, efficient and effective County public service

Mission:

To appoint qualified and competent County human resource, and promote high standards of professional ethics and accountability for excellent public service delivery.

Ministry Goals:

The functions and responsibilities of the County Public Service Board are stipulated in Section 59(1) of the County Government Act 2012. During the period 2023-2027, the County Public Service Board will support the development agenda of the County through:

- Promotion of values and principles referred to in Articles 10 and 232 of the Constitution of Kenya including evaluating compliance and reporting to County Assembly;
- Facilitate the development of coherent, integrated human resource planning and budgeting for personnel emoluments in Kitui County; and
- Advise the County Government on human resource management and development.

Table 44: County Public Service Board Ministry Priorities and Strategies

Sector Priorities	Strategies
Buy land to build KCPSB offices	▪ Buy private land or get Government land
Construct KCPSB block for its offices	▪ Government funding
Establishment of Transport pool for KCPSB – Land cruiser	▪ Procurement of motor vehicle
Establishment of Registry	▪ Procurement of containers
Buy new car for KCPSB Chairperson	▪ Procurement of new motor vehicle
Installation of fibre optic internet at the CPSB premises	▪ Procurement of the services
CCTV Installation at the CPSB offices	▪ Procurement of the services, technical assistance from our ICT officers
Renovation of the current CPSB offices	▪ Procurement of the services
Establishment of ICT infrastructure	▪ Liaise with our ICT officers
ISO Certification	
Development of various policy documents such as anti-corruption policy, casual policy and Training policy	▪ Engaging consultant companies, CPSB secretariats, Chief Officer's and CECM's
Conduct staff audit	▪ Liaise with the Chief Officer's and CECM's
Review of authorized staff establishment	▪ Liaise with Chief Officer's and CECM's
IT Equipment (LCD screen65" and projector and 2 pcs TV set "32")	▪ Procurement of the item
Installation of biometric system	▪ procurement
Building Board's capacity	▪ Training Board Members
Capacity building for newly recruited staff	▪ Induction for newly recruited staff
Survey on work environment and employee's satisfaction	▪ Through data collection
Sensitization on compliance with the values and principals of public service	▪ Training of staff
Monitor compliance of values and principals of public service	▪ Through visitation

4.1.12 County Assembly Service Board

The Kitui County Assembly is one of the forty-seven (47) county assemblies established in Kenya under Article 176 (1) of the Constitution of Kenya 2010. The membership as outlined under Article 177 of the Constitution is as follows; -

- Forty (40) elected members from various wards within the county.
- Twenty (20) nominated members, nominated by the political parties represented in the County Assembly.
- The Speaker, who is an ex officio member elected in accordance with Article 178 of the Constitution.

The County Assembly of Kitui has got two programmes namely; -

i. General Administration, Planning and Support Services

- This programme is headed by the Clerk of Assembly and it comprises Administrative, Finance, Works, ICT, Communications and Legal departments.
- The main objective of this department is to ensure effective and efficient coordination of County Assembly services.

ii. Legislation, representation and oversight

- This Programme is headed by the Speaker of the Assembly and comprises the Plenary, Select and Sectoral Committees, County Assembly Service Board as well as the Ward Offices.
- The main mandate of the Assembly is exercised by this department by ensuring that necessary legislations and administrative policies are developed and adhered to for the good of Kitui people.
- The roles of this Programme include Legislation, Representation and oversight

Vision and Mission

The vision is to be a model County Assembly in Kenya.

The mission is to facilitate and ensure holistic growth of the County through appropriate legislation, effective representation and objective oversight.

Sector Goals and priorities

- The sector will contribute to the implementation of CIDP through legislation, oversight and representation.
- The County Assembly will enact relevant bills and policies thus helping establish an enabling legal and policy environment.
- In addition, through the oversight function, the County Assembly will ensure that the executive in implementing the CIDP remains accountable and transparent in managing public resources.

Table 45: County Assembly Sector Priorities and Strategies

Sector Priority	Strategies
To ensure effective and efficient coordination of County Assembly services	<ul style="list-style-type: none"> ▪ Providing the Assembly staff with a conducive working environment to improve their service delivery ▪ Acquisition of the most needed equipment to assist the staff in the dissemination of duties effectively
To facilitate members to achieve their core mandate as outlined in the Constitution	<ul style="list-style-type: none"> ▪ Improved legislation through the passing of bills and reviewing of County regulations ▪ Improving public participation during matters of County Importance hence improving representation ▪ Holding trainings for members to improve their understanding of various matters hence objective oversight

4.1.13 Kitui Municipality

Kitui Municipality is composed of two sub-sectors, namely:

- i. Finance and Administration
- ii. Technical services
 - **Finance and Administration** is composed of Trade, cooperatives and industrialization, Administration and corporate services and Finance and revenue Assurance.
 - **Technical services** are composed of Planning and Development Control, Environment and Public health, Transport and infrastructure

Vision

A functionally efficient and sustainable Kitui County Headquarters with a vibrant economy that nudge prosperity through rural-urban complementarity.

Mission

To facilitate safe, resilient, inclusive and sustainable urbanization through good governance, quality services delivery and effective infrastructure.

Goals

The sector goals include:

- Promote a safe and healthy environment in Kitui Town;
- promote and undertake infrastructural development and services within the town;
- Monitor the impact and effectiveness of any services, policies and programs or plans;
- Efficient and effective revenue collection; and
- Strengthen the economic competitiveness of Kitui Town.

Table 46: Kitui Municipality Priorities and Strategies

Sector Priorities	Strategies
Strengthen the economic competitiveness of Kitui municipality	<ul style="list-style-type: none"> ▪ Provision of better and quality working environment for businesses ▪ Provision of street lights /security lights in the CBD and its environs to spur a 24hour business economy and enhance security. ▪ Market construction and improvement in the entire municipality ▪ Optimization of markets and stalls ▪ Capacity building of SME's ▪ Construction and Establishment of modern kiosks in strategic places
Enhance town and market cleanliness through sustainable solid waste management	<ul style="list-style-type: none"> ▪ Engage casual cleaners on daily cleaning of the town and other market centers within the Municipality ▪ Acquisition of specialized machinery, garbage trucks ▪ Procurement and supply of assorted cleaning materials and personal protective gear (PPEs) ▪ Proper solid waste collection and disposal ▪ Acquisition of land for an integrated solid waste management (landfill) ▪ Decommissioning and rehabilitation of Kalundu dump site ▪ Regular education and awareness creation forums on proper solid waste management and general environmental management ▪ Promote Public Private Partnership in solid waste and general environmental management
Develop relevant legislative policy framework	<ul style="list-style-type: none"> ▪ Review existing legislation documents in respect policies ▪ Adopt best practices from national government, other Counties and Municipalities ▪ Develop and adopt Kitui Municipality relevant policies and Bills.
Efficient and effective revenue collection	<ul style="list-style-type: none"> ▪ Instituting strict supervision of revenue collection ▪ Use of monthly bus stickers instead of daily receipts

Sector Priorities	Strategies
	<ul style="list-style-type: none"> ▪ Installation of CCTV cameras in all barriers for close supervision to avoid revenue leakages. ▪ Review of rates and fees charged in the county for various services ▪ Installation of E-revenue which will increase revenue collection and be cost effective.
Improve Accessibility and connectivity	<ul style="list-style-type: none"> ▪ Road tarmacking ▪ Grading and gravelling of existing roads ▪ Paved walkways ▪ Road signage ▪ Opening up new access roads ▪ Drainages
Spatial Planning of urban centers within Kitui Municipality	<ul style="list-style-type: none"> ▪ Mobilization and commencement of the project ▪ De-allingation of planning area ▪ Sensitization of the project ▪ Preparation of the base map ▪ Data collection analysis ▪ Preparation of the draft spatial plan ▪ Validation workshop ▪ Approval and official launch of the approved plan

4.1.14 Mwingi Town Administration

Ministry Composition

Mwingi Town Administration is composed of five sub-sectors, namely:

- Finance and Revenue Assurance;
- Trade, Commerce and Industrialization;
- Physical Planning, Infrastructure, Transport and Development Control;
- Administration and Corporate Services; and
- Environment, Culture, Recreation and Community Development.

Vision

A Centre of excellence in sustainable urban development, management and service delivery

Mission

To sustainably develop and manage Mwingi Municipality through ensuring stakeholder engagement, controlled land development, and delivering quality socio-economic, infrastructural and environmental services to the traders in, residents of, and travelers through the municipality.

Goals

- Mwingi Town Administration objectives and priorities include:
- Promote a safe and healthy environment in Mwingi Town;
- Promote and undertake infrastructural development and services within the town;
- Monitor the impact and effectiveness of any services, policies and programs or plans and
- Strengthen the economic competitiveness of Mwingi Town.

Table 47: Priorities and strategies

Sector Priorities	Strategies
To promote and undertake infrastructural development and services within the town	<ul style="list-style-type: none"> ▪ Improving accessibility of back areas by improvement of back street roads ▪ Development control ▪ Installation and rehabilitation of streetlights ▪ Construction and maintenance of storm water drains to control flooding.

Sector Priorities	Strategies
	<ul style="list-style-type: none"> ▪ Acquisition of additional land bank for developmental activities ▪ Preparation on integrated sustainable urban development plan
To promote a safe and healthy environment in the town	<ul style="list-style-type: none"> ▪ Beautification of the town for environmental management as well as aesthetic value ▪ Drilling of borehole at the slaughterhouse for sustainable supply of water ▪ Renovation, repair and equipping of the slaughterhouse for effective and efficient service delivery ▪ Efficient collection, transportation and disposal of solid waste ▪ Acquisition/expansion of land for public cemetery ▪ Effective exhaust, transportation, safe disposal and treatment of liquid waste ▪ Acquisition of land for construction of a stadium ▪ Disaster and risk preparedness and management
To strengthen the economic competitiveness of the town	<ul style="list-style-type: none"> ▪ Construction of stalls (standard kiosks) for SMEs and hawkers to decongest the CBD ▪ Provision of common ample space for Jua kali entrepreneurs (garages, mechanics and welders)

4.1.15 Ministry of Agriculture & Livestock

Ministry composition:

- a) **Agriculture and Fisheries-** the department mandates includes Crop development & food security; Farm development & Agribusiness; Agriculture Extension and advisory services. In addition, the department promotes aquaculture, agricultural mechanization, agricultural training and Agriculture planning and policy development
- b) **Livestock and Apiculture-** the department mandates includes:-Livestock production & marketing, Veterinary services, Veterinary public health, Livestock breeding and apiculture development.

Vision

A food and nutrition secure county.

Mission

To provide effective technical agricultural services and information to farmers, fisher folks and other stakeholders in the county through participatory appropriate extension and other suitable methods in order to enhance food and nutrition security.

Ministry Goal(s):

To increase agricultural productivity and attains food self-sufficiency through sustainable use of natural resources for economic growth.

Table 48: Agriculture and Livestock Ministry Priorities and Strategies

Ministry Priorities	Ministry Strategies
Increase agricultural production and productivity	<ul style="list-style-type: none"> ▪ To enhance agricultural extension and advisory services ▪ To promotion of drought tolerant crops through farm inputs support ▪ To promote pest and disease surveillance and management ▪ To promote use of artificial insemination ▪ To provide high-quality livestock breeds ▪ To provision of subsidized mechanization services ▪ To advocate for farm input subsidy ▪ To promote climate smart agriculture ▪ To hosting Kitui agricultural show and trade fair ▪ To provision of veterinary services ▪ To lobby financial and insurance service providers to develop farmer friendly packages ▪ To link farmers to business, financial and insurance services providers with farmer friendly packages ▪ To promote production and commercialization of fruits and vegetables
Promote Agri-nutrition	<ul style="list-style-type: none"> ▪ To promote production of nutrient dense vegetables

Ministry Priorities	Ministry Strategies
	<ul style="list-style-type: none"> ▪ To promote production of bio-fortified foods ▪ To promote utilization of diverse locally produced foods ▪ To promote processing, storage and preservation of nutrient dense vegetable and fruits.
Postharvest management	<ul style="list-style-type: none"> ▪ To promote appropriate harvesting and post-harvest technologies ▪ To promote appropriate threshing and shelling technologies ▪ To installation of cold rooms at market centres ▪ To promote use of appropriate storage facilities
Promote food safety and standards	<ul style="list-style-type: none"> ▪ To promote safe use of pesticides ▪ To recruit and train meat and agriculture inspector ▪ To provision of meat inspection services ▪ To promote aflatoxin management ▪ To promote use of quality water for irrigation ▪ To enforcement of food safety standards and guidelines ▪ Create awareness on food safety
Increase agricultural profitability	<ul style="list-style-type: none"> ▪ To promote processing and value addition of agricultural produce ▪ aggregation and collective marketing ▪ To promote production of high value crops and high-quality livestock breeds ▪ To enhance market access ▪ To promote agricultural intensification and multiple cropping ▪ To promote entrepreneurial skills (support farmer in SMEs) ▪ To promote efficiency in farm operations ▪ To inspection and licensing of slaughter facilities ▪ To promote production and commercialization of livestock feeds ▪ To engage youth in agricultural service provision
Promote Sustainable land use management	<ul style="list-style-type: none"> ▪ To promote soil and water conservation ▪ To promote soil fertility management ▪ To promote water harvesting and storage for crop & pasture production ▪ To promote conservation agriculture ▪ To promote agro-forestry ▪ To rehabilitation of denuded lands ▪ To use of green energy in agriculture
Enhancing institutional capacities	<ul style="list-style-type: none"> ▪ To strengthen capacity of extension service provision ▪ To strengthen capacity of AMS ▪ To strengthen capacity of ATC
Create enabling policy, legal, institutional and regulatory framework	<ul style="list-style-type: none"> ▪ To formulation of agricultural policies, legislations, regulations and strategies ▪ To ensure participation of women in the formulation of Policy, legal and regulatory frameworks

4.1.16 Ministry of Lands, Housing and Urban Development

The ministry of Lands and Physical Planning is comprised of the following units:

- Lands and Housing
- Urban Development

Vision

A sustainably developed County with optimum land use, effective spatial, urban and housing plans enabling prosperity.

Mission

To ensure sustainable land management, promote decent housing and facilitate effective urbanization.

Ministerial Goals

- Formulate and execute spatial, urban and other land use plans enabling high land resource productivity;
- Develop efficient land use management system(s) for effective land management and revenue mobilization;
- Facilitate a sustainable framework for affordable housing; and

- Promote and enhance sustainable urban development and management.
- Work with National government to implement housing development Plans;
- Produced updated valuation roll for land rates collection and verification;
- Support effective urban development planning.
- Improve on the Infrastructure services in the urban areas.

Table 49: Lands, Housing and Urban Development Ministry Priorities and Strategies

Sector priorities	Strategies
Effective, optimum and sustainable utilization of land resources	<ul style="list-style-type: none"> ▪ Fast track the completion of GIS Based County Spatial Plan and relocation of GIS database.
Planned land uses and controlled development	<ul style="list-style-type: none"> ▪ Preparation of GIS based Local Physical and Land Use Development Plans. ▪ Preparation of special planning area development plan for kanyonyoo. ▪ Fast tracking the completion of unapproved Kabati, Kwa Vonza, Migwani, Kiusyani and Kamuwongo Local Physical and Land Use Development Plans in line with the current legal requirements (Physical and Land Use Planning Act, 2019, County Government Act, 2012, Local Physical and Land Use- Planning Regulations 2021).
Reduced cases of plot disputes	<ul style="list-style-type: none"> ▪ Preparation of geo referenced markets layout ▪ Updating the existing old market layouts plans to reflect the existing situation on the ground ▪ Processing and approval of Part Development Plans (for processing of leases) ▪ Regularizing the existing unapproved Part Development Plans
Improved security of tenure and reduced cases of land disputes and grabbing	<ul style="list-style-type: none"> ▪ Support land adjudication and provision of title deeds, survey and mapping, dispute and complains resolution ▪ Surveying of County urban and market centres and registering them for purposes of issuance of lease titles.
Improved service delivery and decision making across ministries, departments and agencies	<ul style="list-style-type: none"> ▪ Establish a fully equipped County GIS laboratory. ▪ Implementation of a land information management system (LIMS) ▪ Equipping the County Land registry.
Improved service delivery to the citizenry	<ul style="list-style-type: none"> ▪ Equipping of Physical Planning and survey offices in the 8 sub-Counties. ▪ Preparation of policies and regulations governing the operations and procedures in service delivery

To promote Clean, safe and healthy environment in the upcoming urban areas outside the municipalities.	<ul style="list-style-type: none"> ▪ Town Beautification, ▪ Efficient collection, transportation and disposal of solid waste, ▪ Disaster preparedness and management ▪ Establishment of fire stations. ▪ Installation of security lighting. ▪ Construction of ablution blocks
Improve accessibility and connectivity in the upcoming urban areas outside the municipality.	<ul style="list-style-type: none"> ▪ Storm water drainage channels ▪ Road tarmacking ▪ Paved walkways ▪ Opening of encroached and new access urban roads ▪ Improve parking slots ▪ Grading and gravelling of existing roads
Informed citizens on land processes and administration	<ul style="list-style-type: none"> ▪ Holding land clinics in all 8 sub counties

Urban Development

The County Governments are charged with the responsibility of management of Urban Areas as per the functions conferred by the Fourth Schedule of the Constitution. In undertaking this mandate the counties are expected to perform the functions of offering urban services and offering urban administrative functions.

The Ministry of Lands, Housing, and Urban Development is one of the Ministries within the County Government of Kitui that is charged with urban development in the County.

The ministry was created through an Executive order by the H.E the Governor and in accordance to the Kenya Constitution, 2010 and the County Government Act 2011.

Urban development is one of the departments in the ministry which is responsible for the;

- Urban integrated space planning
- Development of urban structures.
- Urban hygiene
- Capital investment framework.
- Any urban areas Policy formulation.

Legal framework

The constitution of Kenya 2010

The Article 184 of the Constitution of Kenya (CoK) 2010, provides that,

(1) National legislation shall provide for the governance and management of urban areas and cities and shall, in particular—

(a) establish criteria for classifying areas as urban areas and cities,
(b) establish the principles of governance and management of urban areas and cities; and (c) provide for participation by residents in the governance of urban areas and cities.

(2) National legislation contemplated in clause (1) may include mechanisms for identifying different categories of urban areas and cities, and for their governance.

This formed the basis of the development of the urban areas and Cities act.

Urban areas and cities act 2011, amended 2019

This act gives effect to Article 184 of the Constitution of Kenya (CoK) 2010.

It provides for: the classification, governance and management of urban areas and cities; and provides the criteria for establishing urban areas and; the participation of residents in the governance of urban areas and cities.

Urbanization

As a result of devolution, Kitui urban areas are experiencing high rates in-migration leading to increase in the resident populations hence urban density.

The establishment of Sub County headquarters to these urban areas and deployment of staff has also attracted other development and economic activities hence increasing the urban population and demand for resources.

These urban areas are not exceptional in experiencing the effects of the dynamics of urbanization include; garbage generations, threat to security, environmental pollutions among others. This is really overstressing the existing infrastructure and calling for a guided and well managed County intervention.

Urban areas inventory

One of the priority projects in the Ministry of Lands, Housing and Urban Development is to prepare a County urban areas inventory which will involve carrying out a situational analysis of these rapidly upcoming urban areas in the county based on the provisions the schedule of

the urban areas and Cities Act, ranking them as per their capacity, population and level of their service delivery and identifying the gaps in terms of the available and required infrastructure based on population growth rate and future projections.

The initiative is informed by the fact that development partners including World Bank funded programmes are currently being channeled to Counties and Regions through urban administrations including Municipalities and Town Administrations.

The inventory will facilitate the equity in implementing county development projects within these urban areas so as to arrest the demands posed by the increased urban resident population. It shall provide a basis for identification of urban hierarchies and guide the future conferment of urban centers to the subsequent urban hierarchy.

Urban areas hierarchy

According to the Urban Areas and Cities Act (UACA), the hierarchy of urban areas is structured as Cities, Municipalities, Towns, and Markets. The eligibility criteria for granting an area the status of a Town is outlined in the following sections:

Section 8(1): The County Executive Committee member in charge of urban development is responsible for applying to the County Executive Committee for consideration of conferring Town status to an area.

Section 8(2): If the Executive Committee approves the application, the County Governor will form an ad hoc committee to review the recommendation and provide suitable advice.

Section 10(1): The County Governor, in consultation with the committee formed under Section 8(2), may grant the status of a Town to an area that meets the criteria specified in subsection (2).

Section 10(2): The specific criteria for conferring Town status to an urban area are as follows:

- a.** The area must have a resident population of at least 10,000 persons, as per the latest and gazetted population census results.
- b.** It should demonstrate economic, functional, and financial viability.
- c.** An integrated development plan, following the guidelines of this Act, must be in place.
- d.** The area should have the capability to efficiently and effectively provide essential services to its residents, as outlined in the First Schedule of the Act.
- e.** There must be sufficient space for future expansion.

Based on these criteria, the County Governor, after consultation with the relevant committee, has the authority to grant an urban area the status of a Town if it fulfills the requirements specified in the UACA.

AD HOC committee

The ad hoc committee constituted by the governor shall;

Carry out situational analysis of the proposed urban area for elevation and do a comprehensive report on the area's eligibility.

Formulate a Town Charter for the proposed Town.

Present the report and the charter to the Cabinet for approval.

The report and the Town Charter shall then be presented to the county assembly for approval.

Conferment-

The Governor endorses the approved report and the town Charter

The Governor grants the charter to the key ministry for implementation

Implementation of the charter shall include;

Recruitment of the Town staff

Allocation of the Town Budget

Prepare and Integrated urban development plan (IUDeP) for that town in accordance with the Third Schedule, of Urban Areas and Cities Act, 2011.

Delineation of the Town boundary

Section 10 B. (1) of the amended Act provides that, delineation of the boundaries of a Town may be initiated by a county governor.

(2) The county governor shall, for the purpose of subsection (1), appoint by notice in the county Gazette an ad hoc committee to delineate the boundaries of a Town.

Composition of the boundary delineation committee

A representative of the Independent Electoral and Boundaries Commission based at the county office, who shall be the chairperson;

Two representatives from the county government drawn from —

(i) the county department for the time being responsible for urban development who shall be the secretary;

(ii) the county department for the time being responsible for environment;

a representative of the national government based at the county office;

two representatives from the following professional associations in the county —

(i) Institute of Surveyors of Kenya; and

(ii) Kenya Institute of Planners.

Governance and management of towns

Section 18 of UACA amended 2019, which has repealed and replaced the Section 31 of the principal act provides that, management of a Town shall be vested in a town committee.

Composition of the town committee

The same section has provided that the town committee shall be comprised of five members, who will be county governor's appointees upon approval by the county assembly and will be constituted as follows,

- The county executive committee member responsible for urban areas and cities or his representative;
- Two members appointed competitively by the county governor;
- A cluster representing registered associations of the informal sector; and
- A cluster representing the business community.

Appointment of a town administrator

Section 31(B) of the amended act has provided that the county public service board to appoint a town administrator to each conferred town who shall perform such functions as the town committee may determine and the qualifications of a town administrator.

Functions of the committee

Amended section 31 provides that the function of the town committee shall perform functions similar to either a municipality or a city board in that town which include the following;

Oversee the affairs of the town;

Develop and adopt policies, plans, strategies and programmes, and may set targets for delivery of services;

Formulate and implement an integrated development plan;

The town committee shall control land use, land subdivision, land development, and zoning by both public and private sectors for various purposes, such as industry, commerce, markets, shopping, employment centers, residential areas, recreational areas, parks, entertainment, passenger transport, agriculture, freight, and transit stations. This shall be carried out within the framework of the spatial and master plans for the city or municipality, as delegated by the county government.

Additionally, the town committee, as delegated by the county government, shall promote and undertake infrastructural development and services within the town. It will collaborate with relevant national and county agencies to develop and manage schemes, including site development.

The committee shall maintain a comprehensive database and information system of the administration, providing public access subject to a nominal fee determined by the board. It shall also administer and regulate its internal affairs and implement applicable national and county legislation related to Urban Areas and Cities.

Moreover, the town committee has the authority to enter into contracts, partnerships, or joint ventures that it deems necessary for fulfilling its functions under this Act or any other written law. It shall also monitor and, if needed, regulate town services when provided by service providers other than the town committee.

Furthermore, the committee is responsible for preparing and submitting its annual budget estimates to the relevant Ministry of Finance, Economic Planning & Revenue Management for consideration and approval by the County Assembly as part of the annual County Appropriation Bill. It is also delegated to collect rates, taxes, levies, duties, fees, and surcharges on fees.

The town committee shall settle and implement tariff, rates, tax, and debt collection policies, as delegated by the county government. It will also monitor the impact and effectiveness of any services, policies, programmes, or plans and establish, implement, and monitor performance management systems.

Promoting a safe and healthy environment and facilitating and regulating public transport are additional functions of the town committee. Furthermore, it shall perform any other functions delegated to it by the county government or as provided for by any written law.

Eligibility for Market Centre status is outlined in Section 10A of the amended UACA. The county governor, with the approval of the county assembly, may confer the status of a market centre on an urban area that meets specific criteria.

To qualify as a market centre, an area must have a resident population of at least 2000 residents and an integrated urban area development plan (IUDeP).

Governance and management of a market centre

A market centre shall be governed and managed by the county government.

Therefore, upon completion of the preparation of the urban areas inventory, the county government will have a basis of ranking and defining its urban areas as municipalities, towns and markets and projecting for the levels of services at every urban area.

County upcoming urban areas,

Currently there are various noticeable rapidly growing urban areas in the County, which are calling for classification, close governance and management either as towns or as markets.

These urban areas are distributed across the forty wards as following;

ITEM	WARD NAME	PROPOSED TOWN
1.	IKUTHA	IKUTHA
2.	ATHI	MUANGENI
3.	MUTOMO	MUTOMO
4.	MUTHA	MUTHA
5.	KANZIKU	KANZIKU
6.	IKANGA-KYATUNE	IKANGA
7.	ZOMBE-MWITIKA	ZOMBE
8.	ENDAU MALALANI	ENDAU
9.	MUTITO-KALIKU	MUTITO
10.	VOO KYAMATU	VOO
11.	CHULUNI	ITHUMULA
12.	NZAMBANI	NZAMBANI, KWA KINYAI
13.	TOWNSHIP	KITUI MUNICIPALITY
14.	KYANGWITHYA EAST	MUTUNE
15.	KYANGWITHYA WEST	ITOLEKA, ITHIANI
16.	MIAMBANI	MIAMBANI
17.	MULANGO	KATULANI
18.	MATINYANI	MATINYANI
19.	KITHUMULA KWA MUTONGA	KATHIVO, KWA MBOYA
20.	MUTONGUNI	TULIA, KAKEANI
21.	KAUWI	KABATI, KATUTU
22.	KANYANGI	KANYANGI, KAVISUNI
23.	YATTA- KWA VONZA	KWA VONZA, KYUSYANI, KANYONYOO, KATOTHYA

ITEM	WARD NAME	PROPOSED TOWN
24.	KISASI	KISASI, KAVISUNI
25.	MBITINI	MBITINI
26.	MIGWANI	MIGWANI
27.	KIOMO KYETHANI	KAKONGO, KIOMO
28.	NGUUTANI	NGUUTANI
29.	KYOME THAANA	KYUSYANI, WINZYEI
30.	MWINGI CENTRAL	MWINGI MUNICIPALITY
31.	KIVOU	IKUUNI
32.	MUI	MATHUKI, KALITINI
33.	WAITA	WAITA
34.	NUU	NUU
35.	NGUNI	NGUNI, UKASI
36.	KYUSO	KYUSO, KAMUWONGO
37.	TSEIKURU	TSEIKURU
38.	MUMONI	KATSE
39.	THARAKA	CIAMPIU
40.	NGOMENI	NGOMENI

Flagship Projects – Ministry of Water and Irrigation

Project Name	Location	Objective	Description of Key Activities	Key Output(s)	Time Frame	Estimated cost (KSh. M)	Source of Funds	Lead Agency
<i>Programme Name: Irrigation and drainage infrastructure (Farm water resource development and irrigation)</i>								
Construction Athi Kilawa Irrigation project	Kitui South/athi ward	Increase area under irrigated agriculture	Survey and Design and construction	Scheme developed	5 years	18	CGoK	Irrigation deparment
Thaana Nzau irrigation scheme	Mwingi West	Increase area under irrigated agriculture	Survey and Design and construction	Scheme developed	5 years	918	GoK CGoK, Development partners	GoK & CGoK
Solarization of Wikithuki irrigation scheme	Mwingi North	Reduce the cost of pumping water and increase area under irrigation	Installation of solar system	Solar system installed	5 years	300	County & CGok	GoK & CGoK
Development of gravity canal on major seasonal rivers (Tana River and River Athi etc)	Kitui multiple sub counties	Water supply infrastructure for irrigation agriculture	Dam construction, canal developed for irrigation schemes	Development of gravity canal	5yrs	2,000	GoK CGoK, Development partners	GoK & CGoK
Financial Subsidy to Water Providers Companies i.e. KIMWASCO & KITWASCO	County Wide	To increase water supply to the residents for both domestic and Agricultural use	Financial Subsidy	Water Providers Companies Supported	5yrs	500	GoK CGoK, Development partners	GoK & CGoK
Development of Kauwi irrigation scheme	Multi sub counties	Water supply infrastructure for irrigation agriculture	Dam construction, canal developed for irrigation schemes	Development of gravity canal	5yrs	2,500	GoK CGoK, Development partners	GoK

Project Name	Location	Objective	Description of Key Activities	Key Output(s)	Time Frame	Estimated cost (KSh. M)	Source of Funds	Lead Agency
Development of mega dams (Kasarani, maseki, Iko, Thua) - 10 B (2.5 B for each dam)	County wide	Water supply infrastructure for irrigation agriculture	Dam construction, canal developed for irrigation schemes	Development mega dams and gravity canal	5yrs	10,000	GoK CGoK, Development partners	GoK
Development of gravity canal on major seasonal rivers (Tana river and River Athi etc)	Kitui multiple sub counties	Water supply infrastructure for irrigation agriculture	Dam construction, canal developed for irrigation schemes	Development of gravity canal	5yrs	2,500	GoK CGoK, Development partners	GoK & CGoK
Development of gravity canal for wikithuki/usueni, irrigation scheme	Mwingi North sub county	Water supply infrastructure for irrigation agriculture	Dam construction, canal developed for irrigation schemes	Development of gravity canal	5yrs	2,500	GoK CGoK, Development partners	GoK & CGoK
Programme Name: Water Storage and Flood Control								
Kiambere-Mwingi Water Supply (KIMWASCO)	Mwingi Central/North	Increase water supply for Mwingi town and environs to meet the growing water demand	Treatment works & pumping station upgrading, rising main upgrading and distribution lines	Increase water production to above 6,000m ³ /day	2022-2027	2,000	GoK CGoK, Development partners	GoK
Kiomo/Kyethani Water Supply Project	Mwingi Central/West	Increase water supply for Mwingi town and Mwingi West to meet the growing water demand	Treatment works & pumping station construction, rising main and distribution networks	Development of new water supply	2022-2027	1,900	GoK CGoK, Development partners	GoK
River Tana- Tseikuru Water Supply Project	Mwingi North	Increase water supply for Mwingi North to meet the growing water demand	Treatment works & pumping station construction, rising main and distribution networks	Development of new water supply	2022-2027	1,500	GoK CGoK, Development partners	GoK
River Athi- Kangukangu-Mutomo-Mutha-Ikutha-Kanziko Water Supply Project	Kitui South & Kitui Rural	Increase water supply for Kitui South & Rural to meet the growing water demand	Treatment works & pumping station construction, rising main and distribution networks	Development of new water supply	2014-2027	500	GoK CGoK, Development partners	GoK
Umaa Dam water supply project	Kitui Central/East/Rural & South	Increase water supply for Kitui town & environs to meet the growing water demand	Dam construction, Treatment works & pumping station construction, rising main and distribution networks	Development of new water supply	2008-2027	1,500	GoK CGoK, Development partners	GoK

Project Name	Location	Objective	Description of Key Activities	Key Output(s)	Time Frame	Estimated cost (KSh. M)	Source of Funds	Lead Agency
Ikoo dam water supply project	Kitui East/Central & Mwingi Central	Increase water supply for Mutitu town & environs to meet the growing water demand	Dam construction, Treatment works & pumping station construction, rising main and distribution networks	Development of new water supply	2022-2027	1,200	GoK CGoK, Development partners	GoK
Kalavati-malalani concrete dam water supply project	Endau/Malalani Ward	Increase water supply for Endau/Malalani ward and environs	Dam construction, Treatment works & pumping station construction, rising main and distribution networks	Development of new water supply	2022-2027	4,000	GoK CGoK, Development partners	GoK
Kitimui dam water supply project	Kitui West/Central	Increase water supply for Matinyani and Kyangwithya East wards and environs	Dam construction, Treatment works & pumping station construction, rising main and distribution networks	Development of new water supply	2022-2027	400	GoK CGoK, Development partners	GoK
River Thua-Imbuvu Water Supply Project	Kitui East	Increase water supply to Voo/Kyamatu & Zombe/Mwitika wards	Sump well construction, Treatment works & pumping station construction, rising main and distribution networks	Development of new water supply	2022-2027	450	GoK CGoK, Development partners	GoK

CHAPTER FIVE: IMPLEMENTATION FRAMEWORK

5.1 OVERVIEW

This chapter gives an overview on the CIDP implementation framework, and institutions responsible for the actualization of the plan. It outlines the institutional structure and stakeholders in the County and their roles in the implementation of the Plan. The chapter presents resource mobilization framework and strategies for managing the resources within the county as well as strategies for raising revenue, asset management, financial management, and capital financing. Strategies to expand the revenue base, resource sharing with the national government and means of attracting external funding are also covered.

5.2 INSTITUTIONAL FRAMEWORK

The overall implementation of the CIDP 2023-2027 will be spearheaded by the County Executive Committee under the leadership of the County Governor. The implementation of programmes within the department will be the under the leadership of the respective County Executive Committee Member (CECM) assisted by the Chief Officer who runs the day-to-day operation so the department. The Executive Committee members will work in collaboration with the National government and County Assembly. Other stakeholders who will be engaged in the process are development partners, devolved county level unit, county public serve, county budget and economic forum (CBEF) and non-state actors.

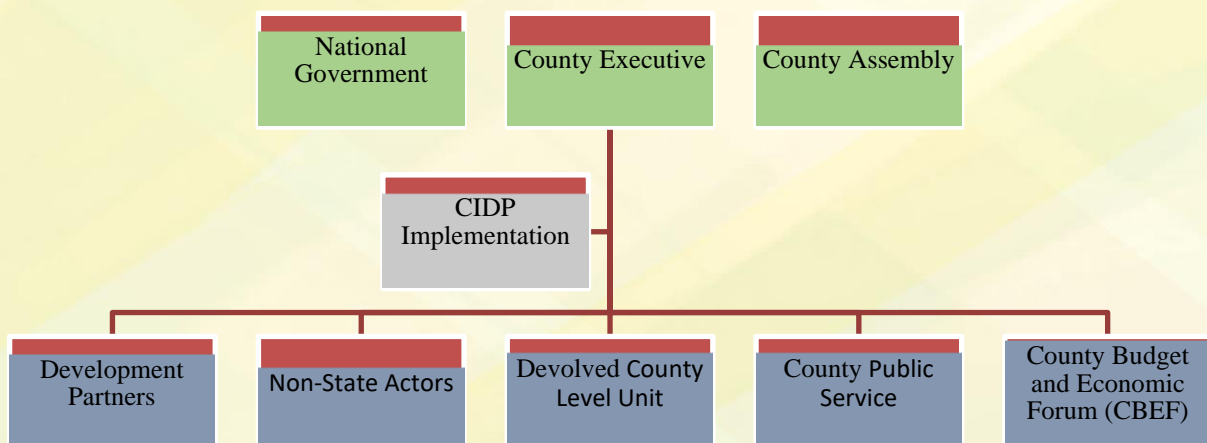

Figure 3: Institutional Framework for CIDP Implementation

The implementation of the CIDP will involve several stakeholders. The role for each is as captured below.

Table 50: Institutional Arrangement

S/No.	Institution	Role in Implementation of the CIDP 2023-2027
1.	County Executive Committee	Oversee the Implementation of CIDP Projects within their Ministries, Departments and Agencies. Manage public resources prudently Prepare progress reports on the implementation
2.	County Assembly	Provide legal oversight by approving statutory documents in line with CIDP implementation.
3.	County Government Departments	Implementation of sector policies, programs and projects; Public service delivery; Mobilizing and providing requisite resources; Policy formulation, implementation, Monitoring and evaluation; and ensuring enabling environment.
4.	County Planning Unit	Facilitate other departments through Planning, Budgeting, Monitoring and Evaluation on Implementation of CIDP projects.
5.	Office of the County Commissioner	Ensure proper coordination between the National Government and County Government in Implementation of county projects.
6.	National Planning Office at the county	Facilitate reports and tracking of county projects funded by the National Government.
7.	Other National Government Departments and Agencies at the county	Provide data and necessary support required in the implementation of county projects.
8.	Development Partners	Provide funding, capacity building and technical assistance, support for community empowerment and advocacy. Implement relevant programs based on their Country Strategies.
9.	Civil Society Organizations	Promote accountability, enhance advocacy, and capacity building Intervention.
10.	Private Sector	Liaise and Partner with County Government in the implementation of CIDP projects.
11.	People of Kitui County	Participate in identifying development programs and projects including planning, implementation, and monitoring and evaluation.
12.	Cooperatives Societies	Mobilizing savings for economic development by members.
13.	Women's Group	Mainstreaming gender equality and empowerment of women in all sectors.
14.	Neighbouring counties	Developing mutual understanding in resource sharing; Dialogue, information sharing, exchange of views.
15.	Training and Research Institutions	Provision of relevant training, research inputs and technical support in relevant areas

5.3 RESOURCE MOBILIZATION AND MANAGEMENT FRAMEWORK

This section discusses the resource mobilization strategies including revenue raising, asset management, financial management, debt management, capital financing, and accountability. Strategies for revenue mobilization along with budget projections required to manage the County government are also discussed.

The section further discusses key revenue streams including own-source, the equitable share of national revenue, expected conditional grants from National Government and Development Partners as well as the Public-Private Partnerships (PPPs) arrangement.

5.3.1 Resource Requirements by Sector

The table below summarizes the resource requirements by sector.

Table 51: Summary of Sector Financial Resource Requirements

Ministry	Year 1	Year 2	Year 3	Year 4	Year 5	Total Ministry (Kshs Million)
Office of the Governor	2,964	3,363	2,804	2,693	2,682	14,504
Office of the Deputy Governor	237	483	466	463	423	2,072
Ministry of Water and Irrigation	9,125	10,085	10,244	10,288	10,125	49,867

Ministry of Agriculture and Livestock	431	1,577	2,236	1,712	860	6,815
Lands, Housing and Urban Development	1,765	2,366	2,289	2,186	2,252	10,858
Grand Total Resource Estimate	30,948	40,772	43,681	38,951	35,705	190,057

Source: Ministry of Finance, Economic Planning & Revenue Management

**1-2% of the total CIDP budget should be allocated to County Climate Change Fund to enhance county resilience and mitigation to climate change (Climate Change Act, 2016)*

5.3.2 Revenue Projections

The section captures the projected revenue, resource gap and the strategies and measures on how to address and finance the gap.

Type of Revenue	Base year 2022/23	FY	FY	FY	FY	FY	Total
		2023/24	2024/25	2025/26	2026/27	2027/28	
a) Equitable share	10,393,970,413	11,433,367,454	12,576,704,200	13,834,374,620	15,217,812,082	16,739,593,290	69,801,851,645
b) Conditional grants (GOK)							-
c) Conditional Grants (Development Partners)	467,033,700	504,396,396	544,748,108	588,327,956	635,394,193	686,225,728	2,959,092,381
g) Own Source Revenue	400,000,000	420,000,000	441,000,000	463,050,000	486,202,500	510,512,625	2,320,765,125

Type of Revenue	Base year 2022/23	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total
g) other sources (Revote)	1,118,001,643						-
Total	12,379,005,756	12,357,763,850	13,562,452,307	14,885,752,576	16,339,408,774	17,936,331,643	75,081,709,151

Source: Ministry of Finance, Economic Planning & Revenue Management

The county revenue gap totals to **Kshs 114.975 billion** against the projected revenues in terms of the estimated resource needs against the projected revenues as in Table 52.

Table 52: Estimated Resource Gap

FY	Estimated Revenue Requirement (Ksh)	Projected Revenue	Variance (Ksh)
2023/24	30,948,000,000	12,357,763,850	- 18,590,236,150
2024/25	40,772,000,000	13,562,452,307	- 27,209,547,693
2025/26	43,681,000,000	14,885,752,576	- 28,795,247,424
2026/27	38,951,000,000	16,339,408,774	- 22,611,591,226
2027/28	35,705,000,000	17,936,331,643	- 17,768,668,357
Total	190,057,000,000	75,081,709,150	- 114,975,290,850

Source: Ministry of Finance, Economic Planning & Revenue Management

The county has outlined a comprehensive approach to address the estimated revenue gap through the following measures:

i. Establishment of a Public-Private Partnership Framework: Recognizing the significance of the private sector as a funding source for county programs, the county plans to introduce innovative public-private partnerships in business development, raise awareness through forums promoting such partnerships, and foster strong collaborations with the diaspora to jointly plan, finance, and implement county initiatives.

ii. Harnessing Kitui County's Natural Resources: The county acknowledges its abundant natural resources and will conduct a thorough resource mapping and analysis exercise to effectively manage and utilize these assets.

iii. Strengthening Partnerships with Development Partners: The county aims to increase collaboration, networking, and trust with development partners, necessitating a mapping exercise to understand their visions and interests better.

iv. Building Capacity for Bankable Proposal Writing: To enhance project funding opportunities, the county will invest in building the staff's capacity to prepare bankable proposals that can attract investment.

v. Empowering Vibrant County Civil Society Organizations: Recognizing the importance of civil society and NGOs, the county seeks to strengthen their networks, enabling them to engage in joint programs with various stakeholders, both within and outside the county.

vi. Enhancing Institutional Structures of Co-operatives and Societies: To attract funding and ensure effective functioning, the county will focus on strengthening co-operative societies and related entities.

vii. Streamlining Transaction Processing: The county commits to adopt efficient and accessible transaction processing methods, ensuring prompt payment targets are met while maintaining positive relationships with contractors and suppliers.

- Computing systems will be improved and extended to support delivering financial support services to users;
- The County to ensure that financial systems are set up in the context of utilization of e-government;
- To develop and implement prudent financial systems and controls;
- Automation of County operations; and
- Connect revenue module to IFMIS

5.3.3 Resource Mobilization and Management Strategies

This section discusses the resource mobilization strategies including revenue raising, asset management, financial management, debt management, capital financing, and accountability. Strategies for revenue mobilization along with budget projections required to manage the County government are also discussed. The section further discusses key revenue streams including own-source, the equitable share of national revenue, expected conditional grants from National Government and Development Partners as well as the Public-Private Partnerships (PPPs) arrangement. The various revenue management strategies available to the county include the following:

- i. Generate revenue from service provision, partnership with non- state actors, development grants and loans, expanding the base through trade and tourism, encouraging private investments, and establishing light industries;
- ii. Host business forums and investor conferences to attract investment and financing into the County;
- iii. Explore new and innovative financing mechanisms to attract private sector investment through mutually agreed arrangements;
- iv. Pursue PPPs aimed at delivering some of the key projects;
- v. Mobilize resources through borrowing particularly in the medium term once the relevant institutional framework is in place;
- vi. Grants from development partners. Control and management of grants, including procedures to ensure that grants are spent on the basis of the Integrated County Development Plan is specified under the PFM Act 2012.
- vii. Provide information including website postings on viable programs and projects to attract potential investors;
- viii. Preparation of funding proposals to potential financiers and donors for consideration to be done either directly by the communities or by the County Government; and
- ix. Enhance the traditional sources of County revenues.
 - x. Other important consideration on internally generated revenues will include:
 - xi. Instituting strict supervision of revenue collection;
 - xii. Installation of E-revenue which will increase revenue collection and be cost effective;
 - xiii. Review of rates and fees charged in the County for various services;
 - xiv. Use of monthly bus park stickers instead of daily receipts

- xv. Improved service delivery and enhanced efficiency in public finance management to create fiscal space;
- xvi. Use of standardized weighing machines at barriers for ascertaining the tonnage of sand, charcoal and stock
- xvii. Installation of CCTV Cameras in all barriers for close supervision to avoid revenue leakage.
- xviii. Use of the Built, Operate, Transfer Model (BOT) to put up social and commercial infrastructure.
- xix. Survey and put barriers in areas which need barriers.

5.3.4 Assets, Financial Management and Accountability

According to Article 226 of the Constitution, The National Treasury is expected to design and prescribe an efficient financial management system for the national and county governments to ensure transparent financial management and standard financial reporting. The Ministry of Finance, Economic Planning & Revenue Management, subject to the Constitution, will monitor, evaluate and oversee the management of public finances and economic affairs of the County government including developing and implementing financial and economic policies in the County; preparing the annual budget for the County and coordinating the preparation of estimates of revenue and expenditure of the County government; coordinating the implementation of the budget of the County government; mobilizing resources for funding the budgetary requirements of the County government and putting in place mechanisms to raise revenue and resources.

The Ministry of Finance, Economic Planning & Revenue Management, will ensure compliance with accounting standards prescribed and published by the Accounting Standards Board from time to time. It will also ensure proper management and control of, and accounting for the finances of the County government and its entities in order to promote efficient and effective use of the County's budgetary resources;

In conformity with the constitutional requirements, the County will undertake to develop functional County planning units and improve on plan reporting and implementation, develop fund raising policy, adopt modern asset management models including tracking, utilization and maintenance and develop human resource capacity to maximize efficiency and lastly maximization of resources potential through adoption of technology;

5.4 ASSET MANAGEMENT

An asset management plan coordinated with all departments with each department being accountable for assets it controls will be put in place. This strategy will define implementation and documentation of asset management practices, plans, processes and procedures within the County. Issues for consideration will include:

- i. Improve revenue management system (using online based systems) and ensuring technology-based accounting and reporting systems.
- ii. Eliminate leakages, increase revenue base and efficiency, improve budget design and implement expenditure control systems linked to budget and desired outcomes,

- iii. Ensuring that all assets are registered by itemizing their original cost, annual depreciation, maintenance costs and expected disposal costs;
- iv. Develop a capital development plan that defines assets built with County capital and supporting infrastructure;
- v. Develop a budget for each department's asset management plan reflecting realistic cost of acquisition of necessary assets and disposal of old assets;
- vi. Developing a Strategic Asset Management Framework (SAMF). This is useful for two purposes (i) It provides policies and guidelines to improve asset investment planning and management across the County and (ii) It helps facilitate quality advice and decision making within the County institutions including the development and review of investment proposals.

Financial Management Strategy

The financial management strategy's main objective is to ensure a high standard in the management of public finances. Development of alternative scenarios reflecting uncertainty will be critical in context setting during the final resource allocation decisions on an annual basis. The focus will be to:

- i. Set up a prudent minimum level of reserves based on a strategic level risk assessment and reassessed annually as part of the budget process;
- ii. Operating within firm cash limits, allocating provision for inflation at start of the financial year;
- iii. Contain spending within the approved cash limit for the year ensuring that there are no supplementary allocations made from reserves unless under exceptional circumstances; and
- iv. Considerations in services delivery: quality, impact, and competitive pricing.

Capital Financing Strategy

Key issues to be considered under Capital Financing Strategy include:

- i. Better risk management to meet the demanding calls for private developers and lenders with appropriate risk sharing between the County government and the private sector;
- ii. Need to review the capital strategy on an annual basis and prepare a five-year programme in light of the needs identified in this County Integrated Development Plan, (i.e. including vehicles replacement programme and built estate condition survey and prepare three-year capital programme in accordance with the strategy);
- iii. Reinvestment of income from disposal of capital assets where possible in order to fund new developments and initiatives in the County Integrated Development Plan (CIDP)
- iv. Development of formal procedures for assessment of PPPs in which the focus is 'value for money' rather than reductions in debt. Value for money will be achieved by an appropriate allocation of risk;
- v. The County will also explore the new model called Public-Private Community Partnership (PPCP). This will mean that both the County government and private players work together for social welfare.

Enhancing Cost Effectiveness Strategies

When discussing cost effectiveness, performance of staff is a priority issue on cost effectiveness in the delivery of services, thus the importance of improving productivity of staff. The strategies include:

- i. **Training:** The County to conduct a needs assessment of capacity gaps and provide relevant trainings for effectiveness and efficiency.
- ii. **Monitoring Performance:** Staff appraisals to monitor performance to be introduced by the County and that monitoring of staff be conducted regularly in the context of performance management tool and process. Retention and attraction of right staff is important. This will depend on the terms of employment and remuneration. There will be need for the County government to adopt Service Charter ensuring that all staff are familiar with the aspirations of the County government and to emphasize their role in enhancement of service delivery. The County will need to undertake relevant reforms to ensure that the ratio of personnel emoluments to total revenue remains within the PFM threshold of 35 percent.
 - a) Risk Management
- iii. This section provides the key anticipated risks that may hinder the implementation of the CIDP, potential risk implications and proposed mitigation measures to enhance sustainable development. The risks are presented in the table 56 below:

Table 53: Risk, Implication, Level and Mitigation Measures

Risk Category	Risk	Risk Implication	Risk Level (Low, Medium, High)	Mitigation measures
Financial	Inadequate financial resources	Stalled projects	Medium	Resource mobilization Strategies
Technological	Cyber security Risk	Breach of valuable information	High	Investment in cyber security risk management
Climate Change	Drought	Loss of livestock and reduced crop productivity	High	Climate smart agriculture practices
Organizational	Inadequate Human Resource Capacity	Inefficiency in service delivery	Medium	Timely recruitment

CHAPTER SIX: MONITORING, EVALUATION

6.1 OVERVIEW

This chapter outlines how the plan will be monitored and evaluated during and after its implementation. The M&E processes, methods and tools will be guided by Section 232 of the Constitution and all the legal provisions that provide for M&E, County M&E Policy in line with the National M&E Policy, CIMES Guidelines, Kenya Norms and Standards for M&E and Kenya Evaluation Guidelines. The chapter highlights: The proposed M&E structure; data collection, analysis, reporting and learning; M&E outcome indicators tracking; and dissemination and feedback mechanism.

6.2 COUNTY MONITORING AND EVALUATION STRUCTURE

This section summarizes systems and structures put in place in the County to organize the M&E process for implementing the plan. This includes the institutional arrangement of the M&E function (Directorate/Unit), various committees and coordination of M&E activities i.e. departmental focal persons, champions and stakeholder engagement as stipulated in the CIMES guidelines.

6.3 M&E CAPACITY

This section discusses M&E skills available, the resources allocated for M&E function and technological requirements for implementing the M&E function.

6.4 M&E Outcome Indicators

Ministry	Programme/ Project	Outcome	Outcome Indicator	Baseline		Mid Term Target	End Term Target	Reporting Responsibility
				Value	Year			
Office of the Governor	Completion, Renovations and Maintenance of the Governor's administration Block	Conducive working environment for county employee	Proportion of employee housed in the Governor's Administration Block working under conducive environment	NA	2022	75%	100%	Office of the County Secretary
	Construction of the County Headquarters	Kitui County Government Headquarters	Kitui County Government Headquarters in place	NA	2022	100%	100%	Office of the County Secretary
	Furnishing and equipping offices under the ministry to enable smooth operations and work of employees	Conducive working environment for county employee	Proportion of employee housed in the Governor's Administration Block working under conducive environment	NA	2022	60%	100%	Office of the County Secretary
	Establish a Monitoring and feedback mechanism for implementation of cabinet resolutions	Kitui County Government initiative, projects and programmes are lined with its leadership vision and agenda	Proportion of cabinet resolutions implemented	NA	2022	50%	100%	Office of the County Secretary
	Construction of Governor's and Deputy Governor's Residence	Governor's Residence	Governor's Residence in place	NA	2022	100%	100%	Office of the County Secretary
		Deputy Governor Residence	Deputy Governor Residence in place	NA	2022	100%	100%	Office of the County Secretary
	Establish a tamperproof and secure custody of all ownership documents of properties and assets	Tamperproof and secure cabinet	Tamperproof and secure cabinet in place	NA	2022	100%	100%	Office of the County Secretary
		All ownership documents of properties and assets stored in Tamperproof and secure cabinet	Proportion of ownership documents under County Secretary Custody i.e logbooks and title deeds	NA	2022	50%	100%	Office of the County Secretary
	Establishment and maintenance of complaints handling mechanism by staff meetings	Increased morale of staff under the department	Proportion of staff complaints addressed appropriately	NA	2022	50%	100%	Office of the County Secretary
	Staff Meetings	All County Staff meeting with H.E the Governor	No. of All County Staff meeting with H.E the Governor	NA	2022	5	10	Office of the County Secretary
		Departmental/Ministerial meeting with all its staff	No. of Departmental/Ministerial meeting with all its staff	NA	2022	2	5	Office of the County Secretary
		head of sections meetings	No. of head of sections meetings	NA	2022	30	60	Office of the County Secretary
		intersectional meetings	No. of intersectional meetings	NA	2022	60	120	Office of the County Secretary

Ministry	Programme/ Project	Outcome	Outcome Indicator	Baseline		Mid Term Target	End Term Target	Reporting Responsibility
				Value	Year			
	Administration and support services	effective and efficient service delivery	no. of machines& assets serviced. conducive working environment for Staff adequately furnished offices Offices with ramps for PLWDS	20%	2022	50%	100%	Department of administration –office of the Governor

		Limitation of outbreak impact, prevention of spread	% of outbreaks detected, investigated and responded to	100	2022	100%	100%	Chief Officer - Public Health & Sanitation
		Reduction in the population of disease-carrying vectors, prevention of vector-borne diseases, improved public health and reduced disease burden	Proportion of household sprayed for vector control (kala azar)	1	2022	180	350	Chief Officer - Public Health & Sanitation
	Emergency Operations	Proper management and containment of infected individuals, prevention of disease transmission, effective response to disease outbreaks	No. of isolation, quarantine and holding facilities to manage disease outbreaks	3	2022	5	7	Chief Officer - Public Health & Sanitation
		Effective management and control of NTDs, reduction in disease prevalence and burden, improved health outcomes for affected populations	No. of NTDs managed and controlled	3	2022	5	7	Chief Officer - Public Health & Sanitation
		Adequate availability of essential commodities, smooth functioning of healthcare services, improved patient care and treatment	% commodities procured by CGK		2022	15	25	Chief Officer - Public Health & Sanitation
		Access to accurate diagnostic tools, early detection and diagnosis of NTDs, improved disease management and control	% diagnostics procured for NTDS by CGK	0	2022	50%	50%	Chief Officer - Public Health & Sanitation
		Increased response capacity during outbreaks, efficient healthcare delivery, timely and effective management of the outbreak	Recruitment of surge staff during the outbreak		2022	60	100	Chief Officer - Public Health & Sanitation
		Immunization	Reduced vulnerability to vaccine-preventable diseases, improved child health outcomes	Percentage of fully immunized children under five	79.1	2022	90%	94%
	Increased accessibility to immunization services, higher vaccination coverage		No. of immunizing facilities	273	2022	300	300	Chief Officer - Public Health & Sanitation

Ministry	Programme/ Project	Outcome	Outcome Indicator	Baseline		Mid Term Target	End Term Target	Reporting Responsibility
				Value	Year			
		Proper functioning of vaccine storage fridges, preservation of vaccine efficacy and potency	No. of preventive maintenance of fridges	2	2022	180	300	Chief Officer - Public Health & Sanitation
		Improved performance and quality of immunizing health facilities	No. of support supervision done on selected (poorly performing) immunizing health facilities	4	2022	300	300	Chief Officer - Public Health & Sanitation
		Safe transportation of vaccines, maintained temperature integrity during distribution	No. of cold chain vehicles purchased	1	2022	1	1	Chief Officer - Public Health & Sanitation
		Proper storage and preservation of vaccines within health facilities	No. of fridges purchased for maintain cold chain in health facilities.	28	2022	546	819	Chief Officer - Public Health & Sanitation
		Adequate space and equipment for vaccine storage, maintenance of cold chain integrity	No. of cold room constructed and equiped.	0	2022	1	1	Chief Officer - Public Health & Sanitation
	Malaria	Reduction in malaria-related morbidity and mortality rates	No. of malaria cases reduced as per 100,000	7327	2022	4500	7100	Chief Officer - Public Health & Sanitation
		Enhanced quality of healthcare services, improved adherence to standards and guidelines	No. of support supervision done for health facilities	0	2022	108	180	Chief Officer - Public Health & Sanitation
	Community health services	Availability of essential healthcare services at the community level, improved access to primary healthcare	Proportion of functional community units	17%	2022	100%	100%	Chief Officer - Public Health & Sanitation
		Strengthened knowledge and skills of CHVs, improved capacity to provide comprehensive healthcare services	No. of CHVS capacity build on integrated basic modules	61%	2022	2470	2470	Chief Officer - Public Health & Sanitation
		Enhanced expertise of CHVs in addressing specific health needs, improved quality of community healthcare delivery	No. of CHVs trained on technical modules (mental Health Module, MNCH, WASH, None communicable diseases, Nutrition, ICCM, Indoor air pollution)	1500	2022	1985	2470	Chief Officer - Public Health & Sanitation
		Equipped CHVs with necessary tools for effective delivery of healthcare services	No. of CHVs provided with CHVs kits	0	2022	1240	2470	Chief Officer - Public Health & Sanitation

Ministry	Programme/ Project	Outcome	Outcome Indicator	Baseline		Mid Term Target	End Term Target	Reporting Responsibility
				Value	Year			
		Improved data collection, analysis, and reporting, enhanced monitoring of health indicators for evidence-based decision-making	proportion of Community Health Units reporting on the Digital platform	17%	2022	50%	100%	Chief Officer - Public Health & Sanitation
		Enhanced quality of care at the community level, improved performance and support for Community Health Workers (CHWs)	No. of community level supportive supervision visits conducted	1	2022	12	20	Chief Officer - Public Health & Sanitation
		Legal framework for community health programs, sustainable funding and support for community health initiatives	No. of community health bill enacted	0	2022	1	1	Chief Officer - Public Health & Sanitation
		Increased community participation, accountability, and feedback in healthcare service delivery, improved service quality and responsiveness	proportion of community implementing community score card	3%	2022	50%	100%	Chief Officer - Public Health & Sanitation
		Enhanced community engagement, regular discussions on health issues, and action planning for improved health outcomes	proportion of community Health Units conducting quarterly dialogue and monthly action days	17%	2022	100%	100%	Chief Officer - Public Health & Sanitation
		Improved data accuracy, reliability, and quality, evidence-based decision-making and monitoring of health indicators	proportion of CHUs with data audits conducted	17%	2022	100%	100%	Chief Officer - Public Health & Sanitation
		Established primary healthcare centers (CHCs) for comprehensive healthcare services at the community level	proportion of Community health units with functional CHCs	17%	2022	50%	100%	Chief Officer - Public Health & Sanitation
		Increased health knowledge and awareness among households, promotion of healthy behaviors and preventive measures	No of households Visited for health education by CHVs	78000	2022	130000	260000	Chief Officer - Public Health & Sanitation
		Availability of qualified and trained Public Health	No. Of PHOs/CHAs recruited	10	2022	67	123	Chief Officer - Public Health & Sanitation

Ministry	Programme/ Project	Outcome	Outcome Indicator	Baseline		Mid Term Target	End Term Target	Reporting Responsibility
				Value	Year			
		Officers/Community Health Assistants, strengthened healthcare workforce						
		Boosted morale and motivation of Community Health Volunteers (CHVs), increased effectiveness in delivering healthcare services	no of CHVs motivated	350	2022	2470	2470	Chief Officer - Public Health & Sanitation
		Improved access to healthcare services for CHVs through enrollment in the National Health Insurance Fund (NHIF)	no. of CHVs enrolled to NHIF by county Government	0	2022	2470	2,470	Chief Officer - Public Health & Sanitation
	Environmental health(public health)	Reduced risk of waterborne diseases, improved hygiene and sanitation practices in households	propopotion of households with access to improved sanitation facilities	15%	2022	50%	70%	Chief Officer - Public Health & Sanitation
		Legal framework for promoting and enforcing environmental sanitation measures, improved hygiene practices and public health protection	No. of environmental sanitation bill enacted	0%	2022	1	1	Chief Officer - Public Health & Sanitation
		Increased access to clean and safe sanitation facilities, improved hygiene and prevention of diseases in crowded areas	No. of public toilets constructed in Public meeting places		2022	120	200	Chief Officer - Public Health & Sanitation
		Safe and hygienic environment in healthcare facilities, reduced risk of healthcare-associated infections and improved patient safety	proportion of health facilities with adequate sanitation	87%	2022	93%	100%	Chief Officer - Public Health & Sanitation
		Designated and proper burial sites, respectful and safe disposal of human remains, prevention of disease transmission	No. of cemeteries established	2	2022	4	8	Chief Officer - Public Health & Sanitation
		Proper storage and preservation of deceased bodies, appropriate handling, and prevention of	proportion of mortuaries with operational cold rooms	4	2022	6	10	Chief Officer - Public Health & Sanitation

ANNEX 1: COUNTY FACTSHEET

Information Category		County Statistics (as at 2022)	National Statistics (as at 2022)
County Area:			
Total area (km ²)		30,515	30,515
Non-arable land (km ²)		9,994.40	
Arable land (km ²)		14,137.20	
Size of gazetted forests (Ha)		37750	
Size of non-gazetted forests (Ha)		0	
Approximate forest cover (%)		3.5	
Water mass (km ²)		260.8	
No. of rivers, lakes and wetlands protected		2 Permanent rivers	
Total urban areas (km ²)		238.2	
No. of quarry sites rehabilitated			
No. of climate change adaptation projects/programmes			
Lowest altitude (metres)		400	
Highest (metres)		1800	
Temperature range:		High 0C	
		Low 0C	
Rainfall		High (mm)	
		Low (mm)	
Average relative humidity (%)		75	
Wind speed (Kilometres per hour/knots)		7.7	
Total population		1,136,187	47,564,296
Total Male population		549,003	23,548,056
Total Female population		587,151	24,014,716
Total intersex Population		33	1,524
Sex ratio (Male: Female)		01:01.1	01:01.0
Projected Population		Mid of plan period (2025)	1,288,719
		End of plan period (2027)	1,343,998
Infant population (<1 year)		Female	
		Male	
		Inter-sex	
		Total	
Population under five		Female	75,038
		Male	75,302
		Inter-sex	
		Total	
Pre- Primary School population (3-5) years		Female	36,918
		Male	36,345
		Inter-sex	0
		Total	73,263
Primary school age group (6-13) years		Female	4,936,452
		Male	5,091,778
		Inter-sex	240
		Total	10,028,470

Information Category		County Statistics (as at 2022)	National Statistics (as at 2022)
Secondary school age group (14 -17) years	Female	94,608	1,689,689
	Male	94,079	1,713,909
	Inter-sex	3	59
	Total	188,690	3,403,657
<i>School Going Population as per CBC Curriculum</i>			
Pre- Primary School population (3-5) years	Female	36,918	45,032
	Male	36,345	44,823
	Inter-sex	0	
	Total	73,263	89,855
Primary school age group (6-11) Years	Female	0	88,890
	Male		87,181
	Inter-sex		
	Total		176,071
Junior Secondary School age group (12 - 14) years	Female		43,729
	Male		42,561
	Inter-sex		
	Total		86,290
Senior Secondary School age group (15 - 17) years	Female		42,776
	Male		41,950
	Inter-sex		
	Total		84,726
Youthful population (15-29) years	Female		198,363
	Male		191,435
	Inter-sex		NA
	Total		389,798
Women of reproductive age (15 - 49)			345,027
Labour force (15-65) years	Female		366,109
	Male		346,657
	Inter-sex		NA
	Total		712,766
Aged population(65+)	Female		30,488
	Male		28,123
	Inter-sex		NA
	Total		58611
Population aged below 15 years			440,893
Eligible Voting Population This Section to be filled by Ministry of Finance, Economic Planning & Revenue Maangement,	Name of constituency		
	1.Kitui Central	77,764	
	2.Kitui Rural	55,000	
	3.Kitui south	75,372	
	4. Kitui West	59,047

	Donkey	151,275
	Poultry	155,315,211
	Others	11,018
Number of Ranches		
Extension officer famer ratio		
2.290972222		
Irrigation Infrastructure		
Irrigation schemes	Small (<5 Acres)	95
	Large (>5 Acres)	6
Type of Livestock, Population and Value This Section to be filled by Ministry of Livestock, apiculture and fisheries		
Dairy cattle	Quantity (Total Population)	7,424
	Value (Ksh.)	260,000,000
Beef cattle	Quantity (Total Population)	392,811
	Value (Ksh.)	4,212,378,660
Goat	Quantity (Total Population)	1,128,773
	Value (Ksh.)	1,674,393,052
Sheep	Quantity (Total Population)	167,982
	Value (Ksh.)	90,902,270
Camel	Quantity (Total Population)	-
	Value (Ksh.)	-
Livestock Products and Their Value (Annual) This Section to be filled by Ministry of Livestock, apiculture and fisheries		
Milk	Quantity (kg.)	41,500,000
	Value (Ksh.)	270,000,000
Beef	Quantity (Kgs)	392,811
	Value (Ksh.)	4,212,378,660
Mutton	Quantity (Kgs)	167,982
	Value (Ksh.)	90,906,270
Chicken meat	Quantity (Kgs)	1,744
	Value (Ksh.)	3,514,273,875
Honey	Quantity (Kg.)	5,208,700
	Value (Ksh.)	3,125,220,000

Information Category		County Statistics (as at 2022)	National Statistics (as at 2022)
Hides	Quantity (kg.)	25,543	
	Value (Ksh.)	355,850	
Eggs	Quantity (Trays)	48,790	
	Value (Ksh.)	17,564,280	
FISHERIES This Section to be filled by Ministry of Livestock, apiculture and fisheries			
Fish traders (No.)		40	
Number of Fishermen		100	
Number of boats		50	
Fish farm families (No.)		145	
Fish ponds (No.)		160	
Fish Tanks (No.)		N/A	
Area of fish ponds (m ²)		48,000	
Main species of fish catch (list with tonnage)	Quantity (Kg.)-tilapia	13,289	
	Value (Ksh.)	6,094,600	
	Quantity (Kg.)-clarias	7,847	
	Value (Ksh.)	3,904,500	
	Quantity (Kg.)-tilapia	67,986	
	Value (Ksh.)	32,569,306	
	Quantity(Kg-barbus	232	
	Value (Ksh.)	116,000	
	Quantity (Kg.)-clarias	5,840	
	Value (Ksh.)	2,806,060	
	Quantity (Kg.)-tilapia	13,289	
	Value (Ksh.)	6,094,600	
Fishing nets (No.)		30	
Fishing traps (No)		120	
Fishing hooks (No.)		5,000	
No. of fish landing sites		4	
No. of Beach Management Units		1	
OIL AND MINERAL RESOURCES This Section to be filled by Ministry of Environment and Natural resources			
Mineral and Oil potential (explain)			
Ongoing mining and extraction activities (Quarry, sand harvesting, cement etc.)			
FORESTRY This Section to be filled by Ministry of Environment and Natural resources			
No. of gazetted forests		11	
No. of non-gazetted forests		4	
No. of community forests			
Main forest products (Timber, fuel and poles)			
Forestry products' value chain development			
Incidences of environmental threats (Loss of biodiversity, drought, floods, Forest fires, Deforestation)			
No. of people engaged in forestry		350000	
Seedling production	Forest Nurseries (No. of seedlings)	0.5 Million	
	Private Nurseries (No. of seedlings)	1.7 Million	
Quantity of timber produced(m ³)		2248	
EDUCATION AND TRAINING This Section to be filled by Ministry of Basic Education, Youth & ICT			
Pre-Primary School			
No. of ECD centres		1,874	
No. of ECD teachers		2,401	
Teacher/pupil ratio		1:31	
Total Enrolment	Girls	36,345	
	Boys	36,918	
Average years of attendance (years)			
Primary Schools			
Number of primary schools			
Number of teachers

1233	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MET&SD	Proposed construction of public toilet at Kaluli, Imuusi, Ngumbwa, Imbuvu, Kyusyuni, Yatavu, and Masimbani	Improved sanitation
1234	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MET&SD	Proposed construction of ECDE class at; Kaluli, Kilimboni, Yamanza, Masungu, Masimbani, Kalukuni and Ikwatisyo	Good education facilitation Reduce walking distance Reduce longsestion
1235	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MET&SD	Fencing with gate Ngaaka yakwa secondary school, Ngaaka primary, kaluli primary, Kilimboni primary, Kyangeni Primary, Numbwa, Imbuvu primary, Yatavu primary, Masungu primary, Masimbani primary	Reduce insecurity Invation by wild animals
1236	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MET&SD	Proposed construction of ECDE classrooms at Ngaaka Yakwa Primary	Serve and upgrde, clearing activities
1237	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MET&SD	Proposed construction of ECDE classrooms at 1). Kaluli primary 2). Kilimboni primary 3). Ngumbwa primary 4). Imbuvu primary 5). Yamanza primary 6). Makongo primary 7). Kyangeni primary 8). Yatavu primary 9). Masungu primary 10). Masungu primary 11). Masimbani primary	Serve and upgrde, clearing activities
1238	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MET&SD	Proposed construction of Ngaaka Yakwa polytecnic at Ngaaka shopping centre	Have technical experience
1239	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MH&S	Proposed construction of dispensary at Imbuvu, Kaluli and Yamanza	Nearness to health service
1240	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MH&S	Proposed construction of maternity wing at Ngaaka yakwa dispensary and makongo dispensary with fencing, water, pipeline, a door pit latrine	Nearness to delivery service
1241	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	Heavy grading and Culvert installation in the following:- 1. Yamanza-Ngengi-Mwaani-Yatavu-Kitambasya 2. Makango, Kitambasya-Yatavu, Masungu ngumbwa 3. Inyuu -Nzilani -kimangao.	Heavy grading and Culvert installation
1242	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	Proposed Ngaaka shopping centre feeder road to Kilimboni shopping centre	Easen transport, Communication and trade
1243	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	Proposed opening of feeder road from Kwa Mbonge to Ngumbwa via Kyoani	Easen transport, trade
1244	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	Proposed opening of feeder road from Kalili to tulia tutano shopping centre	Easen Transport, Trade
1245	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	Proposed feeder road from Kaluli to Kikuu via Mwinga	Easen Transport, Trade
1246	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	Opening feeder from Kmulambani to Ngumbwa shopping centre	Easen transport, trade
1247	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	Proposed opening of feeder road from stage 2 to Kakavu to Kitutu forest reserve	Easen Transport, Trade, Access forest Services
1248	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	opening of feeder roads from Kwa mwambi to nzokani shopping centre	easy to transport and Trade
1249	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	proposed opening of feeder roads from mwaani, yamanza, malengoni to imbuvu	easy to transport and Trade
1250	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	opening of feeder roads from kyayani, maliluni, earthdam to musungu shopping centre	easy to transport, Trade and Access to earthdam
1251	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	grading of feeder roads from imbuvu to kyangeni to ngumbwa	Easy to transport -trade
1252	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	proposed construction of drift at mwinga, kilimbani, mwitika river near syathani, drift at kwa muthiani kyangeni	Acces to kilimboni shopping centre
1253	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MRPW&T	Opening of feeder road from Kwa kioko to Kyoani- Kalukuni	Access to kilana village Transport networking
1254	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MTIMI&C	Construction of bodaboda shed at Ngaaka Yakwa shopping centre, bodaboda shed at Makongo shopping centre	Shelter from scourching sun
1255	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MTIMI&C	Proposed construction of post at Ngaaka shopping centre and Makongo	For security
1256	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MTIMI&C	Proposed construction of market shed at Ngaaka Yakwa market, Kaluli, Kyangeni and Kilimbani shopping centre	Upgrading trade activities and Conducive environment for small scale traders
1257	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed construction of Kakovu megadam and installation of solar panel, tank elevated and piping extension to Ngaaka shopping Imuusi, Kaluli, Kilimboni, Ngumbwa, Masungu Yatavu, Kyangeni	Agriculture practices, Domestic use Brick making
1258	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Construction of Yatavu earth dam	Earth dam construction and fencing
1259	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed construction of Kaluli earthdam, Kwa Luvu, Kivalala, Kawelu, Yatavu, Imbuvu, Yamanza	Provision of clean water Adequate supply of water within village Reduce walking distance to the water source
1260	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed rehabilitation of Kitambasye earthdam	Access to adquate water
1261	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed construction of kKaluli borehole with extension to kyuani and Tulia tutano shopping centre	Access to adquate water
1262	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed construction of kilimboni borehole with extension to Nzooko shopping centre and Kilimboni shopping and kwa mbonge via Kalala village	Access of clean water

S/No	Sub County	Ward	Village	Sector	Proposed project	Main activities of the Project
1263	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed construction of borehole at Makongo	Provide adquate water
1264	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed construction of borehole at kalala village	Provide adquate water
1265	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed construction of borehole at Mukuyuni with extension ton Ngumbwa primary and Ngumbwa shopping centre and hamulambani	
1266	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Re-habilitation of Ndumumini and Makuyuni borehole	Creat effectiveness of water supply
1267	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed fencing with a gate of kilimboni earthdam	sanitation create
1268	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Proposed constructiobn of sand dam @Mwinga stream @Mwinga stream: @Matheka Kingoli @Nzuki Mutiti @Mbuvi Nzinga @Mueke Munyasya @Kombuni stream; @Kilinga Mboo @Tito Malivi @Kanavu Kiema @Muthiani Ndo @Matiko Syengo @Kwa Nzungululu	Rise water table, sand harvesting and control of soil erosion
1269	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	MW&I	Re-habilitation of 1954 Kombuni earthdam in Kavingo to serve with clean water	Provision of water domestic use
1270	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	OOG	Proposed construction of village Administration office at Ngaaka Yakwa shopping centre	Effective admistration services
1271	Kitui East	Zombe/ Mwitika	Makongo/ Kavingo	OOG	Proposed seperation of Makongo/Kavingo village to be Makongo village and Kavingo village	Service delivery
1272	Kitui East	Zombe/ Mwitika	Malatani	MA&LD	Modern farming programme	Tractor ploughing, certified seed, improve animal breads, irrigation schemes and mega dam in the village
1273	Kitui East	Zombe/ Mwitika	Malatani	MCGYIS&SS	Construction of modern social hall and ICT hub at Zombe	
1274	Kitui East	Zombe/ Mwitika	Malatani	MCGYIS&SS	Construction of recreational centre at Zombe	
1275	Kitui East	Zombe/ Mwitika	Malatani	MCGYIS&SS	Constructions of talent centre of Zombe town	Construction and equiping
1276	Kitui East	Zombe/ Mwitika	Malatani	MCGYIS&SS	Construction of Zombe Social Hall at Zombe Mkt	Constructing a social hall
1277	Kitui East	Zombe/ Mwitika	Malatani	MEEFN&MRs	Instalation of street light at Kavaani,,Kasayani,Kanguli,Kasiluni,Mang'ola,Ithangathi,Ngelani and Malatani,Nzungui	
1278	Kitui East	Zombe/ Mwitika	Malatani	MEEFN&MRs	Electricity connection from junction of Zombe -Mutito road to Kavaani mixed secondary school	
1279	Kitui East	Zombe/ Mwitika	Malatani	MEEFN&MRs	Instalation of street light at Zombe	Install(50)
1280	Kitui East	Zombe/ Mwitika	Malatani	MET&SD	Construction of ECD classrooms at Kavaani primary,Kanguli primary,Mang'ola primary school,Myaa ECDE centre,Malenbwani ECDE centre,Ngamu ECD centre,Matangi ECD centre	
1281	Kitui East	Zombe/ Mwitika	Malatani	MET&SD	Fencing of Malatani, Kabati and Ithangathi secondary, Malatani,Kanguli, Kavaani, Mangola, Nzungui Primary schools	
1282	Kitui East	Zombe/ Mwitika	Malatani	MET&SD	Renovation of schools and classroom at Kabati, Malatani, Ithangathi and Kanguli Primary school	
1283	Kitui East	Zombe/ Mwitika	Malatani	MET&SD	Constructions of labolatory at Malatani mixed secondary school and Kabati mixed secondary	Ithangathi girls, Kavaani secondary
1284	Kitui East	Zombe/ Mwitika	Malatani	MET&SD	Addition of ECDE classrooms at Malatani primary,Nzungui primary,Kabati primary and Ithangathi primary school	Construction and equiping of Classroom
1285	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Upgrading of the following dispensaries and with staff quarters Zombe, Makongo, Ngaaka, Kikuu,Ngelani, Kasunguni, Kaumu	Upgrading of the following dispensaries and with staff quarters
1286	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Construction of publictoilets at Kabati, Ithangathi, Mang'ola and Ngelani shopping centre	
1287	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Construction of wards at Zombe level (IV) and completion o four patient wing	
1288	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Change of payment at Zombe level (IV) hospital	Change from M-pesa to cash point
1289	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Construction of mortuary at Zombe level (IV) hospital	Buildings and equiping
1290	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Upgrading of Zombe level (IV) hospital to level (V)	More constructions
1291	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Construction of Ithangathi Dispensary	Constructions and staffing
1292	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Construction of Kavaani Dispensary	Constructions and staffing
1293	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Construction of waiting bay at Ngelani Dispensary	Erect shade
1294	Kitui East	Zombe/ Mwitika	Malatani	MH&S	Construction of Dispensary at Malatani shopping centre	Constructions and staffing
1295	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Construction of sewerage at Zombe market	
1296	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Grading of feeder road from kwa Kivango Mwande to Zombe level 4 hospital	
1297	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Tarmac of Zombe town	
1298	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Heavy grading og Kwa Ngayau to Matangi Muonza	Murraming and Culverts
1299	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Heavy grading of feeder road from Kavaani to Ngelani	Drift at R.Mui, Culverts and murraming
1300	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Heavy grading at Nthangathi to Ndo to Kamaembe feeder road	Grading and Culvet installation
1301	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Murraming of Kithumulani to Kanguli feeder road	Sport murraming and Culverts
1302	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Road construction of Zombe town slaughter at Zombe level (IV)	Grading and Culvet installation
1303	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Construction of Kirhumulani Kwa Kavata Kula to Ithangathi	Grading, Murraming
1304	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Heavy grading at Kwa Ngina Mwendwa to Ngamu ECD to Kwa Wambua Kiluki feeder road	Grading, Culverts and drifts
1305	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Heavy grading of feeder road from Malatani secondary school To Kakilya Kituu to Kimanzi Mukwekwe to Ngamu ECD centre	Grading
1306	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Grading of feeder road from zombe town to technical to river Mui	culverts and grading
1307	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Grading of feeder road from Mang'ola primary school to Kiema primary scool	Culverts And Grading
1308	Kitui East	Zombe/ Mwitika	Malatani	MRPW&T	Grading of acces road from Kabati to Nyaa ECD center to Nzungui shpping centre	Culverts And Grading
1309	Kitui East	Zombe/ Mwitika	Malatani	MTIMI&C	Construction of modern market at Zombe market	
1310	Kitui East	Zombe/ Mwitika	Malatani	MTIMI&C	Contruction of modern slaughter house at Zombe market	
1311	Kitui East	Zombe/ Mwitika	Malatani	MTIMI&C	Fencing of market yard	
1312	Kitui East	Zombe/ Mwitika	Malatani	MTIMI&C	Bodaboda shades at: -Kabati and Kavaani market	Construction of the shed
1313	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Construction of earthdam at ithangathi	Fencing, Toilet construction and water points
1314	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Drilling of borehole ithangathi	Drilling, pipeline extension and water tanks
1315	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Borehole at Malatani along river Mui	Drilling, pipeline installation-Malatanicommunity -Zombe town
1316	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Enlargement of waterpipelineof Thua water projectsource to Zombe market	Repair of Zombe town tank, Enlargement of Kisii water tank, New tank at technical and matangi

S/No	Sub County	Ward	Village	Sector	Proposed project	Main activities of the Project
1317	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Mang'ola water project	Electricity connection, Repair of water tanks, Macchines and pipeline extension.
1318	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Construction of Ngamu earthdam	Fencing, Earthworks, Toilets and water points
1319	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Water pipeline extension from Kabati to Nzungui primary	Pipeline installation, Kiosk and water tank construction
1320	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Water pipelines extension from kwa willy Muli to Kavaani shopping centre	Tank installation
1321	Kitui East	Zombe/ Mwitika	Malatani	MW&I		Pipeline installation
1322	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Water pipeline extension from Kabati to myaa	Tank construction at myaa, water Kiosk construction
1323	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Replacement of water pipeline from kwa Muthengi Mwanzia farm to Ngelani primary school and Ngelani shopping centre	
1324	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Water pipeline extension from kwa Kithigu to Kanguli primary and shopping centre	
1325	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Water pipeline extension from Mang'ola junction to ithangathi shopping centre	
1326	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Construction of earthdam at myaa	
1327	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Sanddams at Syonganga-Kanguli	
1328	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Borehole at Kanguli	
1329	Kitui East	Zombe/ Mwitika	Malatani	MW&I	Construction of sanddam at mungani River and Ithangathi river	
1330	Kitui East	Zombe/ Mwitika	Malatani	OOG	Construction of village administration office at Kavaani	Construction and equipping
1331	Kitui East	Zombe/ Mwitika	Malatani	OOG	Constructions of police post at Kabati market	Construction and staffing

1414	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed construction of bridge across Thua River at Thua/ Zombe water project pump house	

S/No	Sub County	Ward	Village	Sector	Proposed project	Main activities of the Project
1415	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed upgrading, fencing and equipping ao Zombe honey factory	
1416	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed construction of 4-door pit latrine with urinal at Katande primary school	
1417	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed construction of 4- door pit latrine with urinal at old market	
1418	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed construction of 4 -door pit latrineat canteen market	
1419	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed construction of masonry drift with downstream Gabions protection and culverts along Kathande - canteen feeder road to Kitundumo, Kyembuku, Mililuni, Ngalia, Kwa-Kithoi stream and Syomusaia streams:	
1420	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed construction of culverts along Nzilani market - Nzilani primary school feeder road Kyamula, kwa Musangi	
1421	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed grading and construction of culverts along Kalimani - kwa Nyamai King'awe feeder road	
1422	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed construction of culverts and grading of feeder road along Kwea market- Thua river - kwa Sammy, mululi, Ngalia	
1423	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed construction road grading from old market to Kyeni - Ngomano - Kathamba	
1424	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Grading of kauma playing ground , kwa koki to Kivumbu primary , Kathamba	
1425	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed road grading at Nzilani market to kwa Maingi	
1426	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed feeder road grading and calverts installation/construction along Kawea - kwa -Kaveke	
1427	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed feeder road grading from PCEA calvert - kasiluni , maluli 1 and 2	
1428	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed road grading fromKaumu market to ksiluni	
1429	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed feeder road grading and constructions along kwa - Ndua and drift construction	
1430	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed feeder road grading culverts construction from kwa - Matwii to Kyeni	
1431	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed feeder road grading from Peter Kilonzi - Kambulu	
1432	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed grading of feeder road from kwa Mutunga	
1433	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed road grading from Thua/Zombe water project pump house - Nzilani kwa - Kwa - Ngei vie Malatani to Nding'o	
1434	Kitui East	Zombe/ Mwitika	Thua	MRPW&T	Proposed road grading from kwa - Kavaa - malatani	
1435	Kitui East	Zombe/ Mwitika	Thua	MTIMI&C	Proposed construction of standard bodaboda shed in the following markets:Kaumu, Kathande, Mang'ola, Nzilani, Kawea, ung'atu shopping centre	
1436	Kitui East	Zombe/ Mwitika	Thua	MTIMI&C	Proposed construction of 4- door pit latrine with urinal at Zombe honey factory	
1437	Kitui East	Zombe/ Mwitika	Thua	MTIMI&C	Proposed employment of market casual cleaners in Kaumu, Kawe, Kathande, Nzilani and Kivumbu/Old Market market:	
1438	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed borehole drilling at Kambulu along Thua River with pipeline installation and extensions to serve the following: Zombe Girls, Kitui east technical training college (KETTCC, Zombe Mixed, St. Josephine, Zombe Hospital, Zombe Mission Hospital	
1439	Kitui East	Zombe/ Mwitika	Thua	MW&I	Replacement of the entire current water pipeline from 1.5" with 2" pipes, main pipeline from 3" with 5"	
1440	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed supply of 10,000l plastic water tank at Kaumu health centre	
1441	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed drilling of borehole at kwa- Mutua along Thua River.installation of pipelineand extensions to Muvulya primary school and Nzilani primaryschool with water tank (main tank) construction	
1442	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed construction of sand dam at Malatani along the mountain	
1443	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed supply and installation of plastic tanks at Zombe vocational training centre 3 piece water tank each 10,000l	
1444	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed earthdam drilling at Kaambi kwa - Nyamai King'awi and fencing	
1445	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed earthdam drilling and construction at kwa Baraka and fencing	
1446	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed earthdam drilling and construction with fencing at kwa -Mueke Ngoo	
1447	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed construction of sand dam at Nzilani kwa Maingi and Kavwele	
1448	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed construction of sand dam katitika at kwa Mutie wa saa	
1449	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed renovation of Man'gula earthdam with fancing	
1450	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed construction of earthdam at Kivumbu kwa- Musili Kilile with fencing	
1451	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed constructionand fencing of sand dam at Ithumula	
1452	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed water pipelines extension from kwa Kithenzi-Kakunike rock	
1453	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed drilling and construction, pipeline extension at Mui River borehole to serve Un'gatu shopping centre, Kasii and Kyangeni	
1454	Kitui East	Zombe/ Mwitika	Thua	MW&I	Proposed improvement of maternity ward and supply of incubator at Inyuu modern health centre	
1455	Kitui East	Zombe/ Mwitika	Thua	OOG	Proposed construction and equipping of village administrators office at Thua head quarters (Kaumu)	
1456	Kitui East	Chuluni	Kanduti	MRPW&T	Heavy grading and opening of road from Kivutini to Kalulu	Road grading and opening
1457	Kitui East	Chuluni	Kyanzai	MRPW&T	Construction of Kyanzai drift at Kyanzai stream at Kinzeni	Construction of a drift at Kyanzai stream
1458	Kitui East	Chuluni	Kyanzai	MRPW&T	Construction of drift at Kamuliwa stream	Construction of a drift at Kamuliwa stream
1459	Kitui East	Chuluni	Ithumula	MEEFN&MRs	BTS Safaricom both for Safaricom & Airtel at Ithumula	Erection of booster tower
1460	Kitui East	Chuluni	Ithumula	MEEFN&MRs	Reafforestation of Kiliani Hills and protection/conservatio of Kiliku, Kavuo river banks	Raising tree seedlings, tree planting & management
1461	Kitui East	Chuluni	Ithumula	MEEFN&MRs	Install solar lights/Mlika Mwizi at Kamulembeni, Yanzuu, Lokondo, Kamale, Malatani, Ikongeni, Ithumula primary & Mathayoni primary schools	Designs, erection and maintenance of solar lights
1462	Kitui East	Chuluni	Ithumula	MEEFN&MRs	Electricity extension to Kiliku - Manzini primary - Kavuo & Mbiuni areas	Designs, surveys, electricity installation
1463	Kitui East	Chuluni	Ithumula	MET&SD	Construction of Polytechnic at Ithumula village	Construction & equipping
1464	Kitui East	Chuluni	Ithumula	MET&SD	Completion of Ithumula ECDE Classroom	Construction & equipping
1465	Kitui East	Chuluni	Ithumula	MET&SD	Construction of Mwalale ECDE & Yanzuu ECDE Classrooms	Construction & equipping

S/No	Sub County	Ward	Village	Sector	Proposed project	Main activities of the Project
1588	Kitui East	Nzambani	Ikuyuni	MET&SD	Levelling of Kilonzo primary school playground and installation of goal posts	Playground levelling and goal post installation
1589	Kitui East	Nzambani	Ikuyuni	MET&SD	Construction of ECDE classes and washroom facilities	Construction and Equipping
1590	Kitui East	Nzambani	Ikuyuni	MH&S	Equipping Ikuyuni dispensary, fencing and construction of maternity wing	Survey, Procurement and Implementation
1591	Kitui East	Nzambani	Ikuyuni	MH&S	Kisauni Dispensary to be upgraded to level III Hospital	Procurement and awarding, Survey and preparation of BoQs, Implementation of the projects
1592	Kitui East	Nzambani	Ikuyuni	MRPW&T	Opening of Ndonguni road	Road opening
1593	Kitui East	Nzambani	Ikuyuni	MRPW&T	Expansion and tarmacking of road starting from Muuani through Mutuyu to Kangweni	Procurement and awarding, Survey and preparation of BoQs, Implementation of the projects
1594	Kitui East	Nzambani	Ikuyuni	MRPW&T	Road construction from Kavingo building to Kamuungu to Mutia Muthembwa to Silanga	Procurement and awarding, Survey and preparation of BoQs, Implementation of the projects
1595	Kitui East	Nzambani	Ikuyuni	MRPW&T	Drift to be constructed at Ngasuyve along mwiwe stream	Survey, Procurement and construction
1596	Kitui East	Nzambani	Ikuyuni	MTIMI&C	One big processing/manufacturing factory to be established at Ikuyuni village	Site identification, Construction and Maintenance
1597	Kitui East	Nzambani	Ikuyuni	MTIMI&C	Upgrading of existing markets, Kwa kinyai shopping centre	Procurement and awarding, Survey and preparation of BoQs, Implementation of the projects
1598	Kitui East	Nzambani	Ikuyuni	MW&I	Construction of water kiosk and tank at Kwa Kinyai market	Water kiosk and tank construction
1599	Kitui East	Nzambani	Ikuyuni	MW&I	Construction of Kambilu, Kivondo, Muini and Kawelu dams	Procurement and awarding, Survey and preparation of BoQs, Implementation of the projects
1600	Kitui East	Nzambani	Ikuyuni	MW&I	Kambilu to be converted to a mega dam	Procurement and awarding, Survey and preparation of BoQs, Implementation of the projects
1601	Kitui East	Nzambani	Ikuyuni	MW&I	Drilling and equipping of boreholes across the village	Hydrological survey, Drilling and equipping with solar panels
1602	Kitui East	Nzambani	Kangweni	MEEFN&MRs	Six transformers to serve Kamuungu, Kwa Grace, Kwa Nzongo, Maviani, Kithukulu and Kyangala	Partnership with Kenya Power and implement the project to benefit the community
1603	Kitui East	Nzambani	Kangweni	MET&SD	Expansion of ABC Nzambani to Kamuungu	School expansion
1604	Kitui East	Nzambani	Kangweni	MH&S	Construction of Kamuungu dispensary maternity wing	Dispensary maternity wing construction
1605	Kitui East	Nzambani	Kangweni	MH&S	Level 2 Hospital at Kagweni with maternity wing	Facility upgrading, equipping and staffing
1606	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement and expansion from AIC Kiini-Kwa Ndonyi to Nzewani	Road improvement and expansion
1607	Kitui East	Nzambani	Kangweni	MRPW&T	Expansion of road to Seed of Hope Polytechnic	Road expansion
1608	Kitui East	Nzambani	Kangweni	MRPW&T	Opening/expansion of drift at Lamu-Kwa Muvengi road	Drift opening/expansion
1609	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of the following:	Road improvement, grading and expansion
1610	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of. Kangweni to Nzewani through Kwa Nzongo	Road improvement, grading and expansion
1611	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of ABC Nzambani to Kisungu through Kamuungu	Road improvement, grading and expansion
1612	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of .Kwa Grace to Ikuyuni through Mwiwe drift	Road improvement, grading and expansion
1613	Kitui East	Nzambani	Kangweni	MRPW&T	Kwa Mboloti to Kiseuni Dispensary through Kyambisu	Road improvement, grading and expansion
1614	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of .Seed of Hope to Maviani through kwa Maselya	Road improvement, grading and expansion
1615	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of Kyambisu to Mutuyu through Katang'ala	Road improvement, grading and expansion
1616	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of Kamuungu to Nzewani through Nguna drift	Road improvement, grading and expansion
1617	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of Kwa Kavee to Kangwa through Kithululu slab	Road improvement, grading and expansion
1618	Kitui East	Nzambani	Kangweni	MRPW&T	Road improvement, grading and expansion of Kiini to Kwa Kilote through Katothya Strip	Road improvement, grading and expansion
1619	Kitui East	Nzambani	Kangweni	MW&I	Operationalisation of Kwa Savi boreholes	Borehole operationalisation
1620	Kitui East	Nzambani	Kangweni	MW&I	Piping rehabilitation of Kwa Savi borehole	Borehole piping rehabilitation
1621	Kitui East	Nzambani	Kangweni	MW&I	Proper piping and installation of tower tanks at Kangweni Market and Kiini (Repair) and return pipes	Survey and preparation of BoQs
1622	Kitui East	Nzambani	Kangweni	MW&I	Construction of the sand dams @ 1). Katothya 2). Kailuni @ Kilango @ Watuka @ Nguna @ Katitika (Kaleis) @ Mitauni @ Kyemukaa (Kamulu Mbuni) @ Syunguni @ Kithyululu @ Mwiwe (Kateka) @ Kwa Ndulya	Construction of the sand dam
1623	Kitui East	Nzambani	Kangweni	MW&I	Expansion of Kwa Maila earthdam	The earth dam to be upgraded to one of the two big dams in a ward
1624	Kitui East	Nzambani	Kangweni	MW&I	Medium sized earthdam at the following sites:	Construction of a medium sized dam, site identification
1625	Kitui East	Nzambani	Kangweni	MW&I	Medium sized earthdam at Kamuungu	Construction of a medium sized dam, site identification
1626	Kitui East	Nzambani	Kangweni	MW&I	Medium sized earthdam at Syokimuu	Construction of a medium sized dam, site identification
1627	Kitui East	Nzambani	Kangweni	MW&I	Medium sized earthdam at Katuthya	Construction of a medium sized dam, site identification
1628	Kitui East	Nzambani	Kangweni	MW&I	Medium sized earthdam at Mukooni	Construction of a medium sized dam, site identification
1629	Kitui East	Nzambani	Kavalula/ Ngengi	MA&LD	Empowering farmers by giving them seeds and pesticides	Empowering farmers by giving them seeds and pesticides

4942	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	Grading and culvert construction of the following roads: a)Kisayani-Kithae-Kanguli- Imwange-Kwa Kameta b)Imwange-Kasang'u c)Kaanwa-Menzai d)Ikuku-Maiyuku e)Kaangwa-Ngunga f)Kwa Tonn y Nguti-Kibwea market-Kwa Maleve g)Kwa Kanungaa-Kwa sanga-Kwa Muiniu h)Kwa Munguti-Mutava-Mwongela Ivuti	Road grading and culvert construction
4943	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	Construction of a drift at Kyangove stream	Drift construction
4944	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	b) Construction of a slab at Kwa Kiangu River to Msamba B/h	Construction of a slab
4945	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	c) Construction of a slab (drift) at Mwemba GNCA past Muamba Primary School	Construction of a slab (drift)
4946	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	Construction of drifts at Imwange Kasyonoo- Katunduand masaa- menzai roads	Construction of drifts
4947	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	Widening of feeder road from Kithae GNCA to Muamba	Bush clearing and widening of the roads
4948	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	Grading of Kwa Mbuvi Mwanja-Mwalimu Kyundua-Ngunga river road	Grading the road
4949	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	Grading of New Apostolic Church-Masimba-Kinyii Ndambu road	Grading the road
4950	Kitui South	Mutomo/ Kibwea	Kibwea	MRPW&T	Grading of Kisayani-Nganga farmers road	Grading the road
4951	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	d) Rehabilitation of Maluma rain catchment at Muamba	Rehabilitation of rain catchment
4952	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	e) Drilling and equipping of a borehole along Mang'ulu river at Kwa Phillip Musyoki	Drilling and equipping of a borehole
4953	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	f) Construction of a dam at Kwa Muimi Kioli-Nguluuni	Construction of a dam
4954	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	g) Construction of dam at Mwanyani-Syomithumo	Construction of a dam
4955	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	Supply of 10,000 litres plastic water tank at Kibwea Primary school	supply and installation of 10,000 litres plastic water tank at the facility
4956	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	Construction of three new earthdams at Kithae, Imwange and Kangima	Construction of earth dams
4957	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	Drilling of five boreholes at Ngangani River (near Kisayani), Syondumbu stream, Imwange, Kithae and Kamutungu	Drilling and equipping of boreholes
4958	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	Construction of five sand dams at Kyambiti, Kaiyu, Kyambusya, Ngunga Kwoko and ilika	
4959	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	Rehabilitation of six Rock catchments (Mwanomwe, Kwa Muimi, Kwa Mung'ale, Ikooma ngo and Menzai)	Rehabilitation works of the rock catchments
4960	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	Construction and Fencing of 2-door pit latrine at Kaangwa Earth dam	Construction and fencing of the a 2-door pit latrine
4961	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	Construction of sump well at Masaa River and Ngunga river	Constructing a sump well
4962	Kitui South	Mutomo/ Kibwea	Kibwea	MW&I	Establishment of irrigation schemes in all rivers in Kibwea village	Implementing irrigation schemes
4963	Kitui South	Mutomo/ Kibwea	Kibwea	OOG	Construction of Kibwea Village administrator's office	Acquisition of land, construction and equipping (250 plastic chairs) of the office
4964	Kitui South	Mutomo/ Kibwea	Kitoo	MA&LD	Provision of tractors with Rippers	Procurement and deployment of tractors to the village
4965	Kitui South	Mutomo/ Kibwea	Kitoo	MA&LD	Construction of cattle dips	Construction and equipping of cattle dips
4966	Kitui South	Mutomo/ Kibwea	Kitoo	MA&LD	Provision of two tractors to Kitoo Village	Procurement and deployment of tractors in the village
4967	Kitui South	Mutomo/ Kibwea	Kitoo	MCGYIS&SS	Construction of playing grounds	Construction of a playing ground
4968	Kitui South	Mutomo/ Kibwea	Kitoo	MCGYIS&SS	Construction of a stadium	Clearing, leveling, structures e.g. goal posts
4969	Kitui South	Mutomo/ Kibwea	Kitoo	MCGYIS&SS	Fencing and leveling of Kitoo playing ground	Fencing and leveling the playing ground
4970	Kitui South	Mutomo/ Kibwea	Kitoo	MEEFN&MRs	Installation of street lighting at Ndiini, Kitoo, Kakuino	Street lighting installations
4971	Kitui South	Mutomo/ Kibwea	Kitoo	MEEFN&MRs	Training of referees	Trainings
4972	Kitui South	Mutomo/ Kibwea	Kitoo	MEEFN&MRs	Installation of electricity at Mivuko dispensary	Electricity installation
4973	Kitui South	Mutomo/ Kibwea	Kitoo	MEEFN&MRs	Installation of solar lights at Kakunio and Ngiluni market	Installing solar lights
4974	Kitui South	Mutomo/ Kibwea	Kitoo	MET&SD	Recruitment of additional ECDC teachers and training	Recruitment of ECDC teachers
4975	Kitui South	Mutomo/ Kibwea	Kitoo	MET&SD	Equipping of ECDE classrooms	Equipping of ECDE classrooms
4976	Kitui South	Mutomo/ Kibwea	Kitoo	MET&SD	Construction VTC at Ndiini	Construction works of the VTC
4977	Kitui South	Mutomo/ Kibwea	Kitoo	MET&SD	Extension of kangu kangu water project from Mugalini to Kathungu ECDE	Extension of pipeline
4978	Kitui South	Mutomo/ Kibwea	Kitoo	MH&S	Construction of kitoo and syunguni dispensary	Construction works and equipping of the dispensary
4979	Kitui South	Mutomo/ Kibwea	Kitoo	MH&S	Upgrading of mivuko dispensary to health centre	Construction works and equipping of the dispensary
4980	Kitui South	Mutomo/ Kibwea	Kitoo	MH&S	Construction of mivuko maternity wing	Construction works and equipping of the ward
4981	Kitui South	Mutomo/ Kibwea	Kitoo	MH&S	Addition of CHVs	Engagement of CHVs
4982	Kitui South	Mutomo/ Kibwea	Kitoo	MH&S	Construction of toilets at Ndiini	Constructing toilets
4983	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Grading of feeder roads from Kitoo shopping centre through kwa ngula to ngiluni	Grading works
4984	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Grading of feeder road from Clatus Kimanzi to Kanzilu	Grading works
4985	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from munganga to Tiva river	Heavy grading works
4986	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from Ndiini through Mbite kali to Tiva river	Heavy grading works
4987	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from KMTC through Mawa Matheka to kwa Musungu	Heavy grading works
4988	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from Kitoo shopping center along Power to Willium Nyamai	Heavy grading works
4989	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from Kakwii primary school through mutulaini to Ndungi kwauthi	Heavy grading works
4990	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from Kitoo power through makiti, peter kailu to peter mwengea	Heavy grading works
4991	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from Kitua shopping center to kavwele	Heavy grading works
4992	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from power through kithiini borehole to mwanzi nguta to ngiluni	Heavy grading works
4993	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from emunyu through malumbe malundu to makongoni with culverts	Heavy grading and culverts
4994	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from komu mwetu through grace munyao to join mutomo malili road with drifts	Heavy grading and drifts
4995	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from Nyerere Kyundu to Kanyuvaa with drifts	Heavy grading with drifts
4996	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road from Kitoo shopping centre through power to Mathingithi	Heavy grading
4997	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road with drifts from Mung'aluni to Hassan Ngangu	Heavy grading with drifts

S/No	Sub County	Ward	Village	Sector	Proposed project	Main activities of the Project
4998	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road with culverts from Ndiini to kitambaa	Heavy grading with culverts
4999	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road with drifts from Mivuko through Nyamai Mutuku to Kitambaa	Heavy grading with drifts
5000	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road with drifts and culverts from Daniel Malumbe through Mwikali to join Kitambaa	Heavy grading with drifts and culverts
5001	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road with culverts from Miungaluu through Kathungu to Mathingithi	Heavy grading with culverts
5002	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Heavy grading of feeder road with drifts from kwa Tsavo to join Peter Nyamai	Heavy grading with drifts
5003	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Construction of slab at Kakunio-Muvuko Road	Constructing a slab
5004	Kitui South	Mutomo/ Kibwea	Kitoo	MRPW&T	Installation of culvert at Kwa Hassan Nzangu	Installing a culvert

8883	Mwingi North	Ngomeni	Kimela/ Syumani	MEEFN&MRs	Ngomano security light	
8884	Mwingi North	Ngomeni	Kimela/ Syumani	MEEFN&MRs	Kamavui security light	
8885	Mwingi North	Ngomeni	Kimela/ Syumani	MEEFN&MRs	Mutulya security light	
8886	Mwingi North	Ngomeni	Kimela/ Syumani	MEEFN&MRs	Installation of solar panel at Nzaini Community water project	
8887	Mwingi North	Ngomeni	Kimela/ Syumani	MEEFN&MRs	Security lights at Nzaini, Kimela, Ngomano, Kamavui and Katoo shopping centres	Installation
8888	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Construction of a new ECDE classroom at the following centres: Ngeitini, Ngulini, Nzaini, Nengyani and Kimela Primary	To provide conducive environment to learners and teachers
8889	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Employment of ECDE teachers at the following centres: Ngulini, Nengyani and supply of learning materials	To provide conducive environment to learners and teachers
8890	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	ECDE classroom at Nzaini Primary School	
8891	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Administration block at Kamavui Primary School	
8892	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Completion of one classroom (ECDE) at Ikayuni Primary School and fencing of Primary School	
8893	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Ngulini ECDE classroom	
8894	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Ngeitini ECDE classroom	
8895	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Nenhyani ECDE classroom	
8896	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Completion of ECDE model class in Kimela Primary	
8897	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Construction of ECDE classroom at Kimela primary school	
8898	Mwingi North	Ngomeni	Kimela/ Syumani	MET&SD	Fencing of the following schools: Kimela, Ikayuni, Nzaini, Kamavui primary schools	Fencing
8899	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	Construction of Kimela level 2 dispensary with maternity wing	Improvement of health standards and improvement of quick access to health services
8900	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	Construction of Ngomano level 2 dispensary with maternity wing	Improvement of health standards and improvement of quick access to health services
8901	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	Construction of Nzaini level 2 dispensary with maternity wing	Improvement of health standards and improvement of quick access to health services
8902	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	Kimela dispensary with maternity wing	
8903	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	Ngomano dispensary	
8904	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	Nzaini dispensary	
8905	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	2 pit latrine with urinal at Kamavui Primary	
8906	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	2 pit latrine with urinal at Katumbini Shopping Centre	
8907	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	2 pit latrine with urinal at Ngeitine ECDE centre	
8908	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	2 pit latrine with urinal at Nengyani shopping centre	
8909	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	2 pit latrine at Ngulini shopping centre	
8910	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	Construction of Teachers toilet (2 pit latrine with urinal) at Kimea primary school	
8911	Mwingi North	Ngomeni	Kimela/ Syumani	MH&S	Construction of a 2 pit latrine with a urinal at the following centres, Kamavui, Ikayuni Primary, Ngomano, Mutulya and Katoo, Nengyani	Construction
8912	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Feeder road from kwa Ngungu through Katoo, Kwa Kakeku, Kwa Kalia to Kimela	
8913	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Feeder road grading from kwa Mwandikwa through kwa Kupa Negyani Ngomano	
8914	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Feeder road from kwa Mwangangi to kwa Kalia borehole	
8915	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Heavy grading from Mitamisyi through Kilanga to Ivonlangya	
8916	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Feeder road from Kimela to Nzaini through kwa Kalia, Kwa Mutia, Kwa Kongo Nyenzi	
8917	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Heavy machine grading with calverts at kwa Maithya Muthinzi, Kwa Solomon, Mwania Mbiti, Kamitwethoka and refilling of potholes with murrums (Kwa ithula)	Grading
8918	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Kimela to Kathandani road through kwa Muneni Muthui, Wikilumi with calvaty at Kwa Kariaa, Kwa Muneeni Muthui and Kwa Kaweto	Grading
8919	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Heavy machine grading with bush clearing from Kazika to Ngomano through Nduuni with drift at kwa Kitheka (kamitwethoka)	Grading and machine bush clearing
8920	Mwingi North	Ngomeni	Kimela/ Syumani	MRPW&T	Heavy machine grading with bush clearing of Mitamisyi to Ithoka junction with calvert in the following areas: Kwa Maithya, Kwa Solomon, Mwania and Kalambani kwa Wanzi	Grading
8921	Mwingi North	Ngomeni	Kimela/ Syumani	MTIMI&C	Construction of a market shade at the following centres: Kimela, Ngomano and Nzaini	
8922	Mwingi North	Ngomeni	Kimela/ Syumani	MTIMI&C	Construction of modern market shade at the following shopping centres: Kimela, Nzaini, Ngomano.	Construction
8923	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Construction of a new medium earth dam at Ngulini (Kwa Mutie Maluki)	Construction
8924	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Scoping and fencing of Kwa Ngaa earth dam with 2 pit latrine	
8925	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Ngulini earth dam construction with 2 pit latrine at Kwa Mutie	
8926	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Rehabilitation of Kwa Kimwele borehole (hand pump) Adra community water project.	
8927	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Rehabilitation of Kimela borehole and construction of a new earth dam at Kwa Murioki	
8928	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Permanent fencing at kwa Mukui earth dam with 2 pit latrine	
8929	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Rehabilitation at Murethya earth dam	
8930	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Kamutwethoka mega earth at kwa Kitheka	
8931	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Scoping, extension and fencing of Kwa Kaseve earth dam with pit latrine	
8932	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Scoping of kwa Nzou earth dam and fencing	
8933	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Drilling of borehole at kwa Syengo Kamungu	
8934	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Construction of a new earth dam at Kwa Kimenzi Maundu	
8935	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Scoping at kwa Makio earth dam and fencing	
8936	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Construction of new mega dam at Ikayuni kwa Mukui	
8937	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Supply and installation of water tanks at the following schools: Kimela Primary, Nzaini, Ikayuni, Kamavui, Katumbini, Katoo and Ngeitini	Installation and supply
8938	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Sand dams at the following areas: Ngomano, Kwa Kathuru, Masaru and Kamitwethoka	Construction

S/No	Sub County	Ward	Village	Sector	Proposed project	Main activities of the Project
8939	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Construction of a new earth dam at Ngeitini, Kamitwethoka (Kwa Kitheka) and Kwa Mirioki	Construction
8940	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Scooping of earth dams and fencing at the following earth dams: Kwa Ngaa, Kwa Kaseve, Kwa Makio, Kwa Mukui and Kwa Nzou	Scooping and fencing
8941	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Drilling of boreholes at the following areas: Kwa Syengo Kaungo, Ngomano (Kwa Ngui), Katoo and Kwa Mwiru	Drilling
8942	Mwingi North	Ngomeni	Kimela/ Syumani	MW&I	Rehabilitation of Kimela boreholes, Rehabilitation and installation of solar panels at the following hand pumps: Nzaini community water project, Adra community water project	Rehabilitation
8943	Mwingi North	Ngomeni	Kimela/ Syumani	ODG	Construction of tourism sites at Ngeitini and Mutulya rock	Construction
8944	Mwingi North	Ngomeni	Kimela/ Syumani	OOG	Construction of a police post at Katumbini shopping centre and Ngeitini	
8945	Mwingi North	Ngomeni	Kimela/ Syumani	OOG	Construction of administrative block at Kimela Primary school	
8946	Mwingi North	Ngomeni	Kimela/ Syumani	OOG	Village administrative office	
8947	Mwingi North	Ngomeni	Kimela/ Syumani	OOG	Construction and equipping of V.A office at Kimela	Grading
8948	Mwingi North	Ngomeni	Kimela/Syumani	MW&I	Construction of mega earth dam at Katoo Stream near Mutulya	Constructing a mega earth dam
8949	Mwingi North	Ngomeni	Kimela/Syumani	MW&I	Construction of mega earth dam at Kamitwethoka Stream near Ngulini	Constructing a mega earth dam
8950	Mwingi North	Ngomeni	Kimela/Syumani	MW&I	Construction of mega earth dam at Mitamisiy Stream near Kwa Kathande	Constructing a mega earth dam
8951	Mwingi North	Ngomeni	Kimela/Syumani	MW&I	Construction of 1,000 cubic meters storage tank at Kimela Market	Constructing a water storage tank
8952	Mwingi North	Ngomeni	Kimela/Syumani	MW&I	Construction of 1,000 cubic meters storage tank at Katoo Water Point	Constructing a water storage tank
8953	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MA&LD	Regular livestock vaccination/constructing cattle dip/cruch and management of stray frugs	Vaccination, construction and disposal
8954	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MA&LD	Provide improved kienyeji chicken, gala goats, certified seeds and provision of ploughing tractors	Supplying
8955	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MCGYIS&SS	Supply ploughing materials to organized clubs	Supplying
8956	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MCGYIS&SS	Levelling of Malaawa, Mitamisiy and Kathalaani playgrounds	Levelling
8957	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MCGYIS&SS	Construction of stadiums at Mitamisiy village headquarters	Construction
8958	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MCGYIS&SS	Training of T.O.T.S for games	Training
8959	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MEEFN&MRs	Support fruit and pasture growing farmers	Supplying
8960	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MEEFN&MRs	Rehabilitation of solar lighting system at Mitamisiy and installation of street lights at Kathalaani, Ilange, Malawa and Kathithini	Rehabilitation
8961	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MEEFN&MRs	Nduuni, Katolonge, Kwa Nguna and Mavauni	Installation
8962	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MEEFN&MRs	Electricity supply at Mitamisiy and Kathalaani shopping centres	Supply
8963	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MEEFN&MRs	Alternative source of charcoal producers	Supply with improved kienyeji chicken and gala goats and solar panels
8964	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MET&SD	ECDE classroom at Kathalaani, Mitamisiy, Malawa, Mavauni ECDE Centre and Kwanguna/Ilange	Construction
8965	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MET&SD	Supply of teaching materials to all ECDE institutions and Mitamisiy special school	Supplying
8966	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MET&SD	Provision of stationery and furniture, printers, laptops, means of transport to casual labourers and 200 pcs of metallic chairs with cushion	Construction
8967	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MET&SD	Construction of ECDE classrooms at Mitamisiy Special School	Construction
8968	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MH&S	Construction and fencing of Kathalaani dispensary, Equipping of Mitamisiy maternity and Rehabilitation of lighting systems in Mitamisiy dispensary	Construction and fencing, Supply of beds, sheets and staffing and provision of new batteries
8969	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MH&S	Upgrading of Mitamisiy dispensary to health centre and enhancement of CHVs activities within the village	Upgrading and empowerment
8970	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MH&S	Fencing of Mitamisiy dispensary, Construction of septic pit at Mitamisiy dispensary Mother-mother support and empowerment of groups	Fencing, construction and empowerment
8971	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MH&S	Construction of ECDE latrines in Nduuni, Nzouini, Mitamisiy P@S, Malawa and Kathalaani P@S	Construction
8972	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MLH&UD	Rehabilitation of wasted/unfertilized lands	Rehabilitating and constructing
8973	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MRPW&T	Heavy grading roads at Kwa Kathumbi-Katolonge-Kamavui road, Mitamisiy-Katangii-Ngomeni road, and spot improvement at Kwa Muisyo Kiseuni and its extension	Grading
8974	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MRPW&T	Mitamisiy-Malawa-Mutairu road, Kathalaani-Ndatani and spot improvement (Kanakoni)	Grinding
8975	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MRPW&T	Drifts at Kwa Irughi, Katolonge, Kwa Mulandi, Kwa Kaivi, Ilange (Winduti), Kwa Mukuu (Mitamisiy stream, Kwa Muema-Mitamisiy Stream	Construction
8976	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MRPW&T	Culverts at Kwa Ngui, Kwa Kaseki, Kwa Nziru and grinding of road at Kwa Nzivu to Kamongo	Construction
8977	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MRPW&T	Malawa shopping centre- Muringani	Grinding
8978	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MRPW&T	Heavy grinding of road at Kathalaani-Wikilumi-Kamavui	Heavy grinding
8979	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MW&I	Supply and installation of 2 10000 litres plastic tanks at Mitamisiy special, Nduuni, Kathalaani, Mitamisiy, Malawa and Mitamisiy Police Station	Supplying and installing
8980	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MW&I	Rehabilitation of boreholes at KwaKaseki, Kwa Mikya and Kwa Ndua (Mutethya drylands)	Rehabilitation
8981	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MW&I	Supply of irrigation kits to farmers and handpump at ITAVILE shallow well	Supplying
8982	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MW&I	Extension of pipeline (Water) from Mutingani-Kwa Nguna (4km)	Extension
8983	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MW&I	Drilling of borehole/installation at Kwa Karighu and kwa Nzuie with solar power	Drilling
8984	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MW&I	Sand dams at Kwa Maluki Musyoka, Mutunga Muthangya, John Kanuku, Maithya Musyoka, Kimaku Mbau, Katunge, Mutemi Matiko, Mwikya Nzui Wamwelu Kaavu, Winduti (Kwa Nguna) Kalimi Musyoka and Kwa Kaseki	Construction
8985	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	MW&I	Earth dams at Kanziku (New) and scooping at Mutamisiy, Mwiwano and fencing at Mitamisiy, Ikingo and Katolonge	Construction and scooping
8986	Mwingi North	Ngomeni	Mitamisiy/ Kathalaani	OOG	Construction of fencing of V/Admins office	Supplying
8987	Mwingi North	Ngomeni	Mitamisiy/Kathalaani	MEEFN&MRs	Construction of 5 KVA off-grid solar power plant for Katongwe Shallow Wells	Installing a solar power plant
8988	Mwingi North	Ngomeni	Mitamisiy/Kathalaani	MEEFN&MRs	Construction of 5 KVA off-grid solar power plant for Ngomano Shallow Wells	Installing a solar power plant
8989	Mwingi North	Ngomeni	Mitamisiy/Kathalaani	MEEFN&MRs	Construction of 5 KVA off-grid solar power plant for Mitamisiy Shallow Wells	Installing a solar power plant
8990	Mwingi North	Ngomeni	Mitamisiy/Kathalaani	MTIMI&C	Development of John Wotuku Public Park at Mitamisiy Market	Developing a public park

S/No	Sub County	Ward	Village	Sector	Proposed project	Main activities of the Project
8991	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MEEFN&MRs	Installation of solar lights at Kamusiliu, Ngengi central, Ndatani and Winoti markets	4 solar lights at each market
8992	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MEEFN&MRs	Erection of Network boosters i.e Safaricom and airtel Mast at Ndatani and Kmusiliu	1 Mast per named markets
8993	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MET&SD	Construction of ECDE classroom ata Mavauni ECDE centre	1 No classroom with capacity of 45 pupils
8994	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MET&SD	Recruitment of ECDE teacher at Mavauni ECDE centre	1 ECDE teacher
8995	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MH&S	Equiping of Ndatani Dispensary and recruitment of staff at Ndatani Dispensary	Avail equipments to operationalise the dispensary, Recruit a facility incharge and support staff
8996	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MH&S	Construction of 1 4 pit latrine at Kamusiliu dispensary/upgrading the dispensary to health centres	1No pit latrine, health care services
8997	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MRPW&T	Grading of Ndatani-Kmusiliu road and construction of drifts at Kwila,Kwa Malusi and Ikoo(Kwa Malusi needs calverts)	Grading of entire road, Drift at Ikoo stream, Calverts at Kwa Malusi,Drifts at Kivila stream
8998	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MRPW&T	Construction of slab with culvert at Mithasyani stream Kamusiliu-Kalwa road	Provide passability of the road and 1 slab and 4 culverts
8999	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MRPW&T	Heavy grading at Winoti-Mavauni road with sport improvement with culverts	Bush clearing, stamp removal, Grading ,3 culverts
9000	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MRPW&T	Grading of Ndatani to Ktangini shopping centre and culverts	Bush clearing, Grading ,2 culverts
9001	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MRPW&T	Construction of slab with culvert at Mithasyani stream,Kamusiliu-Kalwa road	Provide passability of the road, 1No slab and 4 culverts
9002	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MTIMI&C	Opening of Kamusiliu-Ndunguuni shopping centre with calverts installation	Bush clearing, stamp removal, Grading ,3 culverts
9003	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Construction of sand dam at Kwa Nzangi Wambua	1 No sand dam at Kwa Nzangi Wambua ,Kwila stream
9004	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Establishment of complete equiped borehole, preferably solar powered at Ndatani	Drilled borehole, solar panels, kiosk and pipeline system
9005	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Construction of sanddams at Kwa Malia, Kwa Muli, Itumbwa and Kilonzo Muthungi Ikoo stream	4 sand dams on Ikoo stream
9006	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Desilting and repair of piping and vending system at Ndatani catchment and a fence with a gate	Provision of safe waterand protect residents on dangers of the water resevoir
9007	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Establishment of an earth dam at Mavauni	1 Earth dam and 1 fence line
9008	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Scoping and fencing of Syunzola,Kyanviki and Mutala Earth dams	Disilting, Gabions, Fence
9009	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Construction of sand dams at Kwa Mwaniki,Kwa Keli,Ngutu Musya, at Kivila stream	3- sand dams on Kivila stream
9010	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Construction of sand dam at Kwa Muthami, Kwa Mukoni, Matooni stream	2- sand dams on Matooni stream
9011	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Establishment of complete equiped borehole,preferably solar powered at Ndatani	Drilled borehole, Solar panels, kiosks,pipeline systwems
9012	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Construction of sand dams at Kwa Malia,Kwa Muli,Itumbwa and Kilonzi Muthungi, Ikoo stream	4 sand dams on Ikoo stream
9013	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Desilting and repair of piping and vending system at Ndatani catchments and a fence with a gate	Provision of safe water,protect resident on dangers of the water resevoir
9014	Mwingi North	Ngomeni	Ndatani/ Kamusiliu	MW&I	Establishment of an earth dam at Mavauni	1 No earth dam, 1 fence line
